Club Papers.

THE PIONEER EXPRESS cannot be responsible for the stoppage before expiration or continuance after expiration of other papers sent as premiums or on clubbing rates. We always contract however that club papers shall be discontinued at the end of the subscription. Subscribers should note the date of expiration of premium papers and if they wish them discontinued refuse them from the postmaster after they have expired. Taking a paper from the post office is prima facie evidence that the person taking it is a subscriber and therefore liable for the subscription. Any person who pays up arrears and orders a paper stopped and thereafter refuses the paper at the post office, need not fear any responsibility for further payment. In any case of irregularity, change of address, or other business matters, write to the publishers of the premium papers.

REPUBLICAN.

Caucuses on Saturday, September 20th at 8 o'clock p. m.
Conventions all on September 26th, at following places and hours:
County convention at Hamilton, 11 a. m.
2nd Legislative at Hamilton, 4 p. m.
3rd Commissioner at Hamilton, 5 p. m.
1st Legislative at Bathgate, 7 p. m.
5th Commissioner, St. Thomas, 7:30 p. m.

County Commissioners meet Monday, 22nd inst.

Section foreman Smith will reside in the Ewing residence.

Turn out to the caucuses tomorrow night. Whether you are Republican or Democrat, turn out.

As we go to press the "Bloomer Girls" and the "Wrapper Boys" are basket balling over in the park.

A heavy rain on Tuesday stopped the threshing for a day. The rest of the week has been favorable.

The Democrats hold their county convention at Hamilton on Saturday, the 27th, the day after the Republican convention.

T. R. Shaw has a new gramophone. This is not news to the townspeople. It is "heardable" to the naked ear as far off as the court house.

A harvest festival will be given next Thursday evening by an esteemed lady of three score years and two, who wants every child in town to be present. Now be ready on Thursday evening next and you will be called for.

Mrs. A. Gerardine is building a dwelling in the rear of her hotel, which she will use for the county poor, as more convenient for her than the house across the bridge. Ole Paulson is doing the work.

Our basket ball girls went over to Bathgate last Friday night and got defeated 20 to 3. But they had a fine time, were hospitably entertained and a social dance was given in their honor, which was largely attended.

G. N. surveyors are again at work between St. Vincent and Emerson. The distance is about three miles, and the G. N. could connect with either, or both, the Canadian Northern or the Canadian Pacific. It begins to look as if something of this sort was to be done.

A personal inspection by the reporter of the fine assortment of furniture which is now on display at Kittson hall, shows that Mr. Short has exercised his well known taste and sound judgment in his selection for this market. There are very few householders who could go through that beautiful array without wanting more or less of the articles on view.

Prof. Bolley, of the Fargo Agricultural College, says to let the flax caught by the frost remain uncut, as he believes, by experiment and reasoning, that flax will fill out considerably after frost if left in the ground. Prof. Bolley has in the past given our farmers much valuable advice and in this case his words are worth heeding.

Caucuses, both republican and democratic, tomorrow, Saturday, evening, Democrats at 7 o'clock. Republicans at 8 o'clock. At the polling places, unless otherwise called by the local committees. In this city the caucuses will occur at the Fire Hall. The council room will be used as a voting place by the democrats and the band room by the republicans.

T. L. Price has sold the residence on the corner of Rolette and Second, now occupied by S. Thorwaldson, to customs officer McConnachie.

Allen Mann, near Bathgate, after plowing a fire break to the south towards which the wind was blowing, set fire to his straw stacks and left them. Later the wind changed to the west and increased in strength and the fire ran across to his neighbor's, P. Ryan's place, burned 20 acres of grain in shock and only hard and energetic work of Ryan and neighbors put it out before communicating with the farm buildings.

Personals.

John Conny and the Misses Conny leave for the N. D. U. next week.

Photographer Anderson was accompanied by his sister on his visit to Pembina this week.

M. Giltrud, who now resides at Fargo with his wife was visiting relatives here this week and met many old friends.

Sheriff Farrow has been in town all the week helping deputy Walters get out "announcements" in reference to the delinquent personal tax list.

Mayo Ashley left Tuesday for Minneapolis, where he enters the Minnesota U to take a four years' course with a physician's diploma as the ultimate object.

J. B. Branchand returned this week from the Twin Cities, where he purchased a large stock of dry goods, sundries and groceries and will be open for business as soon as they arrive at the former A. E. Thompson store.

Mrs. Ewing and daughter Vera left for their new home at Fargo on Wednesday, followed by the good wishes of their many old friends. Blaine Ewing, who is working in the auditor's office, will remain here for some time yet.

A. W. Styles, of Washington, D. C., a long ago resident of this city, and who still owns real estate in this vicinity, writes us that he expects to be in this locality next week. He has a fine farm between St. Vincent and Emerson and will dispose of it if he can get a buyer.

At the Winchester this week were J. J. Weeks, Souris; D. G. McIntosh, A. Ganssle, St. Thomas; C. W. Moses, Jno. Mills, Drayton; R. H. Spence, Bowesmont; T. H. Tharaldson, Gratton; E. H. Stong, L. W. Musselman, W. J. Burke, Bathgate.

Boiler Burst.

The thrashing engine of C. H. Asseltine, of Hamilton, blew up on Tuesday afternoon at 2 o'clock. Both ends of the boiler went out at once. At the fire box the engineer, fireman and Arthur Asseltine were standing within a few feet of the boiler and each other. A part of the fire box went between them and flew 40 feet away, but did not strike either of them. Young Asseltine, however, was badly burned by steam about the face and there is fear that he may lose his eyesight. No other person was injured. A horse was struck by one of the flying pieces of iron and his legs broken, so he had to be shot. The accident was remarkable in that so little harm was done by an explosion like this occurring among a crew of threshermen, with no fatalities and probably no serious injury. The cause of the explosion is unknown. Mr. J. D. Winlaw, of this city, who was on his way to the machine to get its services for thrashing in another place, was within a few rods and looking at it when it exploded.

Not Doomed For Life.

"I was treated for three years by good doctors," writes W. A. Greer, McConnellsville, O., "for Piles, and Fistula, but when all failed, Bucklen's Arnica Salve cured me in two weeks." Cures Burns, Bruises, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles or no pay. 25c at T. R. Shaw the drug store.

Miss Leita Charlton, who now resides in St. Paul, is to be married next month and will live in Grand Forks; Leita spent a part of her childhood years here and her many friends wish her much happiness.

Last Sunday at Grace Church, Episcopal, Miss Nellie Garnett, of St. Thomas, took the place of organist, and in her grand rendering of the beautiful ritualistic music and church anthems, gave proof of her rare musical abilities, much to the pleasure of the choir and the congregation, and who will always be glad to have Miss Garnett join in the services when in the city.

There will be quite a dearth of "society buds" in Pembina this winter, owing to so many of the younger set leaving for college and new homes. Sunday, Hazel Kneeshaw and Vida McCaffery left for St. Mary's, Faribault, Minn.; Mollie Conny went back to St. Boniface, while her sisters, Lucy and Annie, leave later in the week for the state university.
