PROVERBS
 "When the butter won't come put a penny in the churn," is an old time dairy proverb. It often seems to work though no one has ever told why.
 When mothers are worried because the children do not gain strength and flesh we say give them Scott's Emulsion.
 It is like the penny in the milk because it works and because there is something astonishing about it.
 Scott's Emulsion is simply a milk of pure cod liver oil with some hypophosphites especially prepared for delicate stomachs.
 Children take to it naturally because they like the taste and the remedy takes just as naturally to the children because it is so perfectly adapted to their wants.
 For all weak and pale and thin children Scott's Emulsion is the most satisfactory treatment.

More of What Dr. Rea Is Doing in the State.
The Sceptic Left to Wonder, for His Success Still Continues.

That Dr. Rea is restoring the health and curing thousands of the afflicted there is no doubt as hundreds of reliable home people will attest. Few Physicians in the country have had better educational advantages than he and few have more thoroughly improved them. He has always been an ardent student as well as an original investigator, having practiced his profession in some of the principal hospitals throughout the United States and Europe and it is not surprising that he has become a great specialist. Soon after commencing his practice in Louisville, Ky., some twelve years ago, Dr. Rea was laid to believe that the important treatment of treating both acute and chronic disease was one that was demanding unusual attention and the skill of a Physician who would devote his whole study and time to that specialty. Impressed with this idea he began a series of original investigations which have resulted in many important discoveries and brought him an immense practice in chronic diseases. His success in the line of special practice has certainly been remarkable and in the treatment of many chronic diseases unequalled. Dr. Rea announced to the public in Minnesota something over a year ago that he would make a series of northwestern visits, stopping in the principal cities in the state. Since that time he has visited almost every city of importance and in the meantime has established a permanent office in Minneapolis where he has placed some of the best physicians in his staff at its head. To prove his original assertions he went to work and is now treating thousands of people in the state. Many are among the wealthiest and most prominent citizens. Almost everyone speaks of the immediate relief that that generally attends his system treatment. Below we will publish a few of the names of some of the many that he has cured.
 Henry Nyhove, Duluth, Minn., cured of chronic catarrh of the stomach, bad blood and general indisposition. Had doctored of a good many doctors and had taken all kinds of treatments but no relief.
 Mrs. H. P. Jacobson, Langdon, Minn., cured of chronic dyspepsia and liver troubles. Cured after all other doctors had failed.
 John Consbrook, Hastings, Minn., cured of cancer of the face in two treatments.
 F. J. Swoboda, Hopkins, Minn., cured of chronic bladder and kidney troubles. Had doctored with all the noted specialists in Minneapolis and St. Paul and as a last resort was advised to have a surgical operation, this he refused and went to Dr. Rea who cured him in 18 days.
 Mrs. Margaret Gangloff, Denison, Minn., cured of a bad skin cancer on the face in one treatment.
 Louis Doer, Rannaby, Minn., cured of almost total blindness by cataract. Cured by the absorption method.
 C. J. Wendt, Duluth, Minn., cured of chronic eczema all over the body. Of two years standing.
 Mae Lynard, Bixby, Minn., cured in three months of chronic nasal catarrh.
 William Reid, Little Falls, Minn., cured of cancer of the lip by the treatment.
 H. P. Jackson, Morris, Minn., cured of long standing piles. Cured without operation.
 Miss Susie M. Zein, Hasting, Minn., cured of chronic blood troubles that had almost wrecked her life.
 Chas. Jeffs, Owatonna, Minn., cured of tumor on the head and scalp with one treatment.
 Wm. McCarty, St. Cloud, Minn., cured of a long standing chronic disease.
 S. J. Insley, Ipswith, S. D., cured of varicocele. Had spent hundreds of dollars and had never received any benefit. Cured by Dr. Rea with a few treatments.
 Wm. Wolf, Red Wing, Minn., cured of long standing case of piles.
 E. P. Morris, Wahpeton, N. D., cured of epilepsy. Had tried many doctors and all kinds of treatment, cured by Dr. Rea in five months.
 H. P. Ash, Red Lake Falls, Minn., cured of loss of hair and facial eczema, red nose and bad blood.
 Miss Mahoney, Wahaha, Minn., cured of bronchial catarrh. Cured to stay cured.
 Miss Anna Stevens, Alma, Wis., cured of rheumatism. Had tried all the local doctors but got no relief from any of their treatments.
 D. Corbesid's child, Faribault, Minn., cured of slow growth, malnutrition and general weakness. Other doctors said could not be cured.
 Miss McEacher, Duluth, Minn., operated on and cured of cross eyes in 10 minutes.
 Mrs. Harrison, Red Wing, Minn., cured of nervousness, general debility, heart trouble and goiter. Gained flesh at the rate of five pounds per month from the start. Local physicians had failed to give any relief.
 Dr. Rea has arranged his next trip throughout the Northwest and will visit the following towns: Duluth, Spalding Hotel, at Jan. 10th; Bemidji, Markham House, Sunday Jan. 11th to noon Monday, Jan. 12th; Foston, G. N. Hotel, Tuesday Jan. 13th; Red Lake Falls, Grand View Hotel, Wednesday Jan. 14th; Thief River Falls, Ogahmah Hotel, Jan. 15th; St. Vincent, Mrs. Smith's Hotel, Friday, Jan. 16th. This will enable the many patients of this noted specialist to visit him close to their homes. The charge for consultation, examination and advice to those interested is \$1.00.
