

FEARFUL BURNING SORES.

Boy in Misery 12 Years—Eczema, in Rough Sores, Itching and Inflammation—Cured by Cuticura.

I wish to inform you that your wonderful Cuticura has put a stop to twelve years of misery I passed with my son. As an infant I noticed on his body a red spot and treated same with different remedies for about five years, but when the spot began to get larger I put him under the care of doctors. Under their treatment the disease spread to four different parts of his body. The longer the doctors treated him the worse it became. During the day it would get rough and form like scales. At night it would be cracked, inflamed, and badly swollen, with terrible burning and itching. When I think of his suffering, it nearly breaks my heart. His screams could be heard downstairs. The suffering of my son made me fall of misery. I had no ambition to work, to eat, nor could I sleep. One doctor told me that my son's eczema was incurable, and gave it up for a bad job. One evening I saw an article in the paper about the wonderful Cuticura and decided to give it a trial. I tell you that Cuticura Ointment is worth its weight in gold, and when I had used the first box of Ointment there was a great improvement, and by the time I had used the second set of Cuticura Soap, Cuticura Ointment, and Cuticura Resolvent, my child was cured. He is now twelve years old, and his skin is as fine and smooth as silk. Michael Steinman, 7 Sumner Avenue, Brooklyn, N. Y., April 16, 1905.

"So I am," replied the professor.
"Well, why do you hesitate? Why don't you read my mind?"
"I'm searching for it."

SYSTEMATIC WARFARE WAGED TO WIPE OUT CONSUMPTION.

Warning That Intemperance Increases the Liability to Contract Disease—Neglected Colds a Prolific Source.

Organized effort is now being made throughout the United States to fight consumption. A warning is given against intemperate habits, which increase the liability to consumption, while spitting in public places is deprecated, as the disease is frequently contracted from dried sputum.

Colds should not be neglected, as they leave the lungs in a peculiarly receptive condition for the tubercular germ. The following simple formula will break up a cold in twenty-four hours. A leading authority on lung trouble says that when prepared from pure ingredients, it will cure any cough that is curable.

Take half ounce Virgin Oil of Pine (Pure); two ounces glycerine and half pint good whisky. Shake well and use in teaspoonful doses every four hours.

The ingredients can be secured from any good prescription druggist at small cost, and to avoid substitution should be purchased separately and mixed in your own home.

Virgin Oil of Pine (Pure) is put up in half-ounce vials for dispensing. Each vial is securely sealed in a round wooden case, with engraved wrapper, with the name—Virgin Oil of Pine (Pure), prepared only by Leach Chemical Co., Cincinnati, O.—plainly printed thereon. There are many rank imitations of Virgin Oil of Pine (Pure), which are put out under various names, such as Concentrated Oil of Pine, Pine Balsam, etc. Never accept these as a substitute for the Pure Virgin Oil of Pine, as they will invariably produce nausea and never effect the desired result.

Isn't it strange that men who brag always brag about something that doesn't interest you in the least? All creameries use butter color. Why not do as they do—use JUNE TINY BUTTER COLOR. A poor man's chances of reaching the age of three-score and ten are far better than a rich man's, because the doctors waste less time on him.

Mrs. Winslow's Soothing Syrup. For children teething, softens the gums, reduces inflammation, allays pain, cures wind colic. 30c a bottle.

Second thoughts are said to be the best, yet the longer a man aims the more likely he is to miss the target.

TO CURE A COULD IN ONE DAY Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVES signature is on each box. 25c.

FARMERS RESENT MAN'S ADVICE AS TO WHISKERS.

Meddling with Subject of Personal Adornment Seems to Have Made J. H. Hale, Peach Grower, Somewhat Unpopular.

J. H. Hale, who has made a fortune raising peaches in Connecticut and Georgia, discovered that he put

his foot in it when he went out of his way at the annual meeting of the State Agricultural Society at Springfield, Mass., to tell farmers that they would do better if they were "slicker" in appearance.

A deluge of letters began to pour in on him from grangers who affect beards, informing the peach man that they didn't give a continental whoop what Hale thought about their whiskers or anything else that belonged to them; their whiskers were their own, and it was none of his darned business whether the said whiskers went uncombed and wild or were "har-rowed and scythed by barber fellows."

The grangers who didn't write about their whiskers had a hot word to say about the Hale suggestions that they should put on "store clothes" and abandon homespun, rubber neckties, celluloid collars and anediluvian headgear.

"You go back to Georgia or Connecticut, or wherever you be from, and stay there!" wrote old Squire Whipple, whose tangled chin underbrush is known the length of the Springfield Turnpike. "You raise peaches and we'll raise whiskers. And one thing more—even if we do wear

rubber neckties we don't go around putting our noses into other folks' business. We keep looking straight ahead. New get along, you dude, and don't come around here no more to put city notions in sensible country boys' heads."

Rather Cruel Practical Joke. A practical joke was played upon the district of Ballymena, County Antrim, Ireland. Large posters on walls and trees announced that the war department wanted thousands of cats for export to stations abroad, where British troops were quartered, as these stations were overrun with rats. Prices ranging from 50 cents to one dollar were offered for healthy animals, with or without tails. It was added that a war office agent would attend at Ballymena Fair Hill to purchase suitable cats. On the day announced the roads to Ballymena were blocked with conveyances of all kinds filled to the brim with cats. For hours the owners waited for the "war office agent." At last it dawned on them that they had been hoaxed and the parts rattled homeward with their were thrown overboard on the journey squealing loads. Many of the animals and left to the mercy of strangers.

Moscow's Old Drug Store. The greatest drug store in the world will be found in one of the most backward countries of the world. It exists in Moscow and is 203 years old. Its title is the Old Nikolaevka pharmacy, and since 1833 it has been in the family of the present proprietor. It is a building of imposing dimensions, with many departments, including one of professional education for the staff, which numbers 700 persons. They make up about 2,000 prescriptions a day and so perfect is the organization that an error is seldom recorded.

Living Toad From Earth's Interior. A live toad was brought up from a depth of 24 feet by men drilling an artesian well at Merdo, S. D. The toad weighed four pounds. The drill was working slowly through a clay stratum when the toad was brought to the surface. No one believed the toad was alive, but after being in the cool air of the night revived.—St. Louis Dispatch.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. MOTHERHOOD
The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution. Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulceration and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years Lydia E. Pinkham's Vegetable Compound has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 477 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—"I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now." Lydia E. Pinkham's Vegetable Compound is certainly a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life. Mrs. Pinkham's Standing Invitation to Women Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

THE VALUE OF PERSONAL KNOWLEDGE
Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of The Well Informed of the World. A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort. A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made. This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.
