OFFICIAL PAPER OF CITY

TERMS, \$2.00 PER ANNUM

W. A. Wardwell, G. G. Thompson
WARDWELL & THOMPSON.

THE PROGRESS OF THE WAR.

Nothing new along the France-Belgian line. Still fighting away more less every day with small results either side, except that the daily toll of deaths is taken. In the east the Russians after having been driven back a long distance in Poland are now in their turn for the time pressing the Germans back to the frontier. The event of the week has been the entrance of a combined fleet of French and English war ships into the Dardanelles, and after destroying four or more strong fortifications have advanced about fifteen miles into the straits. The effect of the artillery fire from the war ships again seems to prove that the strongest fortifications can no longer stand up against modern ordinance.

Another feature of this entrance to the straits and possible opening of this door to the Russian wheat granaries is that wheat in this country seems to drop a cent a bushel for every mile the war ships advance.

The question of the German and the English blockades is yet under discussion among the neutral countries.

\$50,000 FOR GOOD ROADS.

Thomas Hall, secretary of state, announces that he has distributed, during the year 1914, the sum \$50,345.77 to the good road funds of the fifty-two counties of the state, dividing the money to each county according to the number of automobiles and motorcycles registered with him from each county. A sum such as this, devoted annually to the building of good roads will, if spent wisely, soon have an appreciably beneficial effect upon the roads of the state.

The total amount collected by the secretary of state from the registration of motor vehicles during 1914 was \$55,964.00. The expense, which included cost of registration tags, postage, printing, clerk hire, etc. amounted to \$5,613.96, leaving the net amount as given above. The total number of automobiles registered was 17,347 and the number of motorcycles was 1,255. Pembina county had 436 automobiles and 62 motorcycles registered, and received the sum of \$1,369.06 from the fund for use on the county roads.

County News

The Neche Yeoman lodge has been reorganized.

A son was born to Mr and Mrs James Gillis, on February 17th.

The Harry St. Clair stock company play at Bathgate this week.

A daughter was born to Mr. and Mrs. George Bell of Cavalier on the 23rd ult.

The M. E. Church Congregation of Hamilton is holding revival meetings this week.

A. D. Porter, of Waubay, Saskatchewan, is the new cashier of the First National Bank, of Cavalier.

The Social given by the Drayton fire department last week netted them about one hundred dollars.

C. A. Appleton of Crystal has gone to Lewistown and Great Falls, Montana to look up a business location.

The St. Thomas Brass Band gave a concert in the opera house Monday evening which was well attended.

Albert Eid, of Walhalla died at the Deaconess hospital at Grand Forks last week and the remains were taken to Montevideo, Minn. for interment.

Carl Wright of Bathgate who was injured while playing basket ball with the St. Thomas team last week has gone to Grand Forks to consult a specialist.

L. J. Foster, our ex sheriff says he will engage extensively in the real estate business the coming year, and he predicts considerable activity in that line.

W. A. Bourgeois of the Welford district spent several days in Winnipeg last week, accompanying his sister Mrs. Delisle on her way to her home at Delisle, Saskatchewan.

A daughter was born to Mr. and Mrs. C. L. Fairchild, of Cray, North Dakota on the 19th ult, and grandpa Fairchild of the Chronicle makes the announcement.

Mrs. Thomas Armstrong of Glasston, who has been visiting her mother at Renville, Minnesota for some weeks informed her husband that a son was born to them on the 6th of February.

A number of young folks of Hamilton spent a pleasant evening at the home of Mr. and Mrs. T. R. Chambers celebrating the birthday of their son Harold. The boy received many useful presents and the visiting friend spent a very pleasant evening.

Miss Amelia Everett who owned the Ludger Berard farm in the Welford neighborhood died at her home in Hillsboro, Oregon on February 16th. Miss Everett will be remembered by many of the older residents of the Pembina river neighborhood.

H. N. Joy, whose name is identified with the early history of Pembina and Hamilton writes the It dependent from South Porcupine, Ontario, a mining district in that province, that his family is well and they enjoy happiness. Mrs. Joy is spending most of her time in Toronto. Mr. Joy is in the gold mining district.

Miss Irene Wallace, of Hamilton, who went with her mother to Florida some weeks ago on account of her health died from pulmonary trouble. She was a bright lady of refinement and her untimely death is mourned by numerous friends. Mr. T. R. Chambers contributes a fine eulogy to Miss Wallace in last week's Independent.

There was quite a wolf hunt on Saturday. Raymond Wright and William Crowder with their greyhounds led the chase and many others participated. They started several wolves and succeeded in killing one near the John See place. The others got into the timber and escaped. It was quite an exciting chase however and will be continued a later date.—Pink Paper.

Stop That Cough—Now.

When you catch cold, or begin to cough, the first thing to do is to take Dr. Bell's Pine-Tar-Honey. It penetrates the linings of the throat and lungs and fights the germs of the disease, giving quick relief and natural healing. Our whole family depend on Pine-Tar-Honey for coughs and colds," writes Mr. E. Williams, Hamilton, Ohio. It always helps. 25c at your druggist.

Colds are Often Most Serious—Stop Possible Complications.

The disregard of a cold has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly loss of sleep is most serious. It is a warning given by nature. It is man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of colds, 50c at your druggist. Buy a bottle today.

County option, which was made one of the leading issues in Minnesota at last fall's election, is now a law. Governor Hammond signed the bill the next day after the legislature disposed of it. Upon presentation of a petition signed by a certain number of qualified voters of the county the matter will have to be submitted to a vote, and if carried the saloon has six months to close out and quit. The last general election was largely fought on this issue and it is claimed the Republican candidate met his defeat principally on account of the county option plank in the platform. The larger cities went solid against it. Governor Hammond was against it but there was no way out if it for him but to sign the bill, with both houses concurring.

Representatives of the Massey-Harris and other Canadian machinery companies are visiting these border towns with a view of establishing agencies for their product. There is no duty on Canadian farm machinery under the Democratic tariff, which accounts for it. We understand that all of the Massey-Harris lines are contracted for to be handled in several places already. The binders sell for five dollars more than the standard American binders at the present time, but it is claimed of them that they are better made than ours, which may or may not be so, for thousands of Deering and McCormick binders, made in the United States, are running side by side with the Canadian binders in their own country.

An immense contract for the manufacture of shrapnel shells, to be made in Winnipeg, was closed in Winnipeg a few days ago. The work of manufacturing these shells will be started immediately, and all of the big foundries of the city—the Manitoba Bridge and Iron Works, the Dominion Bridge, the Vulcan Iron Works, and the Western Steel and Iron Works, besides shops of the C. P. R., C. N. R. and G. T. P.—will participate in the big enterprise. In the manufacture of the shells one million dollars will be expended in labor alone. The cost of material will bring the total to a very large sum.

Those in favor of license is Hallock are as persistent in their efforts for license in that town as are the allies in hammering away at the Dardanells to gain an entrance. Ever since saloons were voted out of that town several years ago, the issue has been brought up annually at the spring election. Again there is a petition to have a vote on it this spring, and this in the face of county option which is as sure to wipe out every saloon in the state in a year or two, save in a few of the larger cities, as the sun is sure to rise the morning after election.

The governor has signed the Thorson bill which authorizes a bounty on gophers, crows and rabbits, and a tax levy will be authorized to pay the bounty. Along the Red and other rivers in the county the crow nuisance has become very obnoxious in recent years and the farmers will be glad to hear of this bill being past. Minnesota has had a bill similar to this one, in force for two years and they say it works well.

The Pink Paper thinks that the state press has not been doing the right thing to ex-warden Hellstrom in their criticism of his administration. But it was Hellstrom who created the stink during his campaign speeches that afterwards proved to have been caused by his contamination with the penitentiary sewerage system.

Coke.

For cleanliness and economy, there's nothing like Coke. It burns quickly and with much heat, but is not dusty or smoky. Better try some for your furnace or stoves. AMENIA ELEVATOR CO.

Monthly School Report.

HIGH SCHOOL
Average 90 or above—Anna Mitchell 97, Winfred Russell 96, Ada Booker 95, Verneita Thompson 95, Caroline Peterson 95, Grace Johnson 93, Ralph Heneman 93, Eugene Ryan 92, Mabel Ottem 91, Mildred Warner 91, Gordon Edkins 92, Elmer Ottem 90, Beatrice Lindsay 90, James Conny 90, Charles Busch 90, Luella LaMoure 90.

- 15 cent Fort Totten Catsup, 10 cts.
- 35 cent can Logan Berries, 25 cts.

WINCHESTER

Self-Loading Shotgun
12 GAUGE, MODEL 1911

This new Winchester has all the good points of other recoil operated shotguns and many distinctive features and improvements besides. Among them are Nickel steel construction, which gives surpassing strength and safety; and a reloading system that will handle all safe loads without readjustment.

Look over at your dealer's or send to the Winchester Repeating Arms Co., New Haven, Conn., for a descriptive circular.

IT WORKS WELL WITH ALL LOADS.
