A girl was born to Mr. and Mrs. Peter Eno on the 11th inst.

A son was born to Mr. and Mrs. E. D. Kenworthy, on the 4th inst.

Dr. Stanley Kneeshaw is expected home tomorrow to spend a short vacation.

Miss Wilhelmina Feldman left this week to take charge of a school at Sothard, N. D.

Services next Sunday at the Icelandic Lutheran church, at 11 a. m. Rev. K. K. Olafson pastor.

Miss Maud Langton left this week for Berwick, N. D. where she will teach in the public schools.

Miss Hazel Kneeshaw is home again after a two weeks visit with friends at the Forks and Inkster.

Miss Kate Kneeshaw leaves tomorrow for the Northwestern U. where she will continue her musical studies.

Editor Fadden of the Chronotype accompanied Attorney Spiller to the city Wednesday evening, via auto.

Miss Tyndall and her mother have rented the McCaffery house; Miss Tyndall is the principal of the high school.

A motoring party consisting of Mrs. John Dinnie, son and daughter, John Jr. and Miss Hazel, and Miss Jennie Dow, came down from Grand Forks and spent a few days visiting with Ray Stinson's.

Partridges and deer are protected until 1920, and it will be well for hunters and others to know this. Partridges are considered by many to be classed with the prairie chickens. This is not so, for there is a big penalty for shooting them at any time.

Louis Morris who reside near this city on the Pembina river closed a twenty day continuous run with his threshing outfit this week, without a single stop. This speaks considerable both for weather as well as for Mr. Morris as a manager.

Next Sunday evening, at the M. E. church the Rev. A. O. Birthenough will give an address on "The Fight Against the Saloons." The members of the W. C. T. U. will be given a special welcome. Come along and bring your friend. Service hour 7:30.

The Northern Pacific railroad has put on a special "wheat train" daily, to handle the increased business since threshing commenced. It is very seldom, if ever, there is a congestion along any of the towns located on the N. P. when the fall rush commences.

The weather of the week has been unfavorable to threshing, showery, and damp, or windy. Yesterday however was ideal, and followed a strong drying wind of the previous day. Threshing goes slow as to covering the acres this year as the yield of straw is heavy.

Another one of those "city lot" wheat fields, was threshed this week. It is the property of Ab. Cooley, who bought it for taxes last year from the county. He had five and half acres in wheat and threshed 313 bushels. Say folks, how would it pay to turn the townsite into wheat?

St. Vincent fair dates have been changed to Oct. 7-8, to accommodate the farmers. There will be a fine stock showing which will include a carload of the famous herds of Mr. Walter Hill of the Northote farms. This herd has taken very many premiums at the N. D. and other fair, and is now on exhibition at the Minn. state fair.

The Farmers Elevator took in seventeen thousand bushels of grain one day last week, and this was not all the wheat that came to town that day either, for the Amenia and Victoria elevators were busy all day. This is the largest receipt of grain in one day received at that elevator since it came into possession of the joint stock corporation.

Mr. and Mrs. Joseph Lynch, who has just returned from a month's honeymoon trip to Toronto and other points in eastern Canada left for their home at Crosby, this state Friday, after spending a few days on their return trip with Mrs. Lynch's parents, Mr. and Mrs. Joseph Berard. Mr. and Mrs. Lynch were married at Bathgate August 16th.

Mr. and Mrs. John Goodman of Bemidji have been spending the past week visiting with John McCaffery's for a few days. They arrived via auto, the Crookston route and report a pleasant trip. While here their four year old son was taken sick and Dr. Harris had to be called in and the little fellow got over his troubles in a couple of days.

Mr. and Mrs. Brown, of Mattoon, Ill. spent several days in the city last week visiting their friends and former neighbors, G. H. Leathers and family. They were returning from the San Francisco fair and visiting other points on the coast. It was their first visit to the Red River Valley, the "Bread Basket of the World," and they were highly pleased with the country generally.

Last week Dr. Miles Phillips was taken to the asylum at Jamestown. In the early years Dr. Phillips was practicing dentistry at Emerson and doing well. Possessed of magnificent physical frame, a good education, and personally very popular, he had the beginnings of complete success. But drink got away with him strong as he was. We have heard, but know not the truth, that disappointment in love had something to do with his downfall. For several years he has made his home at different places furnished by hospitable farmers and eked out a living as best he might. Now, has come the final result. Poor Miles Phillips, a kindly friend, has gone from our horizon. Like his favorite poet, Robbie Burns, whose verse he so often repeated, he was a personal proof that it is not true, that "A man's a man for a that,"—when "a that" stands for whiskey.

It may be of interest to state that an examination, (first grade) under civil service rules, will be held at the customs house office at Pembina, on November 8th, 1915. This application is for applicants desiring to enter the customs service. Any further information may be had by applying to Robert Morrison, at the customs office Pembina, where the necessary application blanks may be secured.

F. F. Morris left on Monday via motor cycle for Bismarck to again take up his duties as collector for the International Harvester Company in eastern Montana. This is the third season Mr. Morris has been in the employ of that company in that capacity, and in place of hiring rigs as he used to he will attend to the work on his Pope motor cycle. His territory extends over two hundred miles, and some of the neighborhoods are sparsely settled.

Five nights of continuous movies at the City Hall the last week of Sept. including Oct. 1st. "Lucille Love" is the title and Grace Conard and Frances Ford are the star actor actors. The play is full of sensational features and you should plan to be there every night. Tickets are 10 and 20 cents, or only 75 cents for the whole series. Manager LaFond, who has been showing the series at at Neche and Argyle the last two weeks says the play the pictures are very fine and give good satisfaction to his audiences.

Presbyterian Church services at the regular hours. Morning worship at 11 o'clock; preacher, Rev. Robert Aylward of the Emerson Presbyterian Church. Evening at 7:30; preacher, Rev. B. M. Kelly. Sabbath School at 10 and Christian Endeavour at 6:30. Now that the holiday season is over and extremely hot weather past we hope there will be good congregations at both services, especially at the morning service. It is not only discourteous to the visitor but also gives a poor reputation to the congregation when half of the people stay at home when a visiting minister comes.

Rev. S. M. Kelly who some time ago tendered his resignation as pastor of the Presbyterian church of this city, has accepted a call to the Presbyterian congregation at Stephen, Minn. and will take charge of that church the first of next month. While our citizens generally will greatly regret to have Mr. Kelly leave yet they will be glad to know that the change is in the nature of promotion. The Stephen church is the second strongest of the Presbytery, pays \$200 more salary and there is only one church to care for. Mr. Kelly while here has proven to be a good preacher, a good citizen and a pleasant companion.

A. B. Rogers of Washington, Iowa, spent a day in the city. He is touring the country alone in his large Stoddard-Dayton, and stops wherever night overtakes him, and is a typical "Hawkeyite," ready to talk about "the greatest state in the Union," and is interesting to listen to. Being so near the Canadian border he crossed over, and the British soldiers in full uniform guarding the bridge, and the "Union Jack" fluttering from the military camp below were interesting to him. Mr. Rogers had covered 1,500 miles when he left here over the Meridian Road to visit a brother at Gettysburg, South Dakota.

114 Miles to Warroad.

A motoring party from Roseau passed through Pembina Sunday en route to Winnipeg to spend a few days. They were Mr. and Mrs. H. C. Habstritt and Mr. and Mrs. Rood and two children. Mr. Habstritt who is in the real estate business in that northern Minnesota metropolis, gave the distance travelled here as ninety-two miles according to his speedometer, which is about the distance the Pioneer Express has estimated it in advocating an automobile road between here and Warroad for summer tourists.

Mr. Habstritt says his county is alive to the good roads movement and this year will see the completion of the road between Warroad and Roseau which reduces the distance between these two points to twenty two miles. The state is expending \$15,000 on this road, which, when completed, will equal the best in the state for travel.

The Pioneer Express has devoted considerable space in advocating an automobile road running east and west, from Cavalier county to Lake of the Woods, following the 49th parallel as near as possible, and at the same time passing through the leading towns along the route. The thousand islands in Lake of the Woods, with the immense fishing resources will be a great attraction to the campers and those fond of fishing.

The party came by way of Greenbush, Bronson and Hallock, and report the roads as excellent most of the way.

Others Made Happy.

Aaker's Business College received twelve requests the past week and the following were made happy by going in to fine positions: F. F. Young, Miss Ross, Gladys Salvage, George Bergan, Anna Woll, Benora Trengard, Ingvald Lien, J. A. Quast, Ophelia Hoeding and E. K. Bergan. Attend a school that can place you in a position. Send for catalog to A. B. C. Grand Forks, N. Dak. also for Gas and Auto Course catalog.

Wheat Prices and Grades.

It seems that there is general dissatisfaction in Manitoba about the price of wheat and the grades received. We are told that wheat shipped from Emerson that graded number one northern was graded rejected at its destination, on account of the wild oats that were in it. And one of the Winnipeg dailies the other day asked why wheat in Winnipeg was 70 cents a bushel when the same grade in Liverpool brought \$1.65 a bushel. It is claimed that the Province of Manitoba has the best sample of grain raised for many years and that the grades are lowered on account of wild oats and other impurities until their price is below what was paid when the sample was such inferior. At Emerson the only elevator is owned by Lake of the Woods Milling Company, and they don't take in grain except on consignment, which means if you wish you can ship your wheat through the house and the milling company will pay you what it will grade at the other end. It seems a peculiar way of doing business. Here on this side the farmers have the option of from three to a half dozen elevators in almost any town, and each represent a different company.

Mount St. Mary's, Cherokee.

Saturday, August 22, witnessed another impressive ceremony at the Mount, when Miss Lucy Coomy, niece of the late Bishop Coomy of Killala, Billia, Ireland, received the holy habit of the Servants of Mary and Sister Mary Antonia of the Assumption made her vows. Solemn High Mass preceded the ceremony. The Reverend Father Desmond, pastor of the Immaculate Conception church, Cherokee, was celebrant; Rev. Father Schoellmuller of Mary Hill, deacon, and the Reverend Brother Benjamin of Trinity College, Sioux City, subdeacon. The bride was given away by her father, Mr. Edward Coomy of Pembina, N. D. Miss Coomy will henceforth be known as Sister Mary Theodora of St. Augustine. The Reverend Father Raphael preached a most elegant sermon on the words of our Lord to the rich young man. "If thou wilt be perfect, go sell all that thou hast and come, follow me." He showed in glowing terms how this command of Christ is truly carried out by those who enter religious states. Souls embracing this holy state leave father, mother, sister, brothers houses and lands and all things to become the humble followers of a crucified God. By a charge, even of name, they cut themselves off from all that this world holds dear, voluntarily consecrate themselves to the work for which Christ lived and died—the salvation of souls and the uplifting of humanity. The life of a religious might be summed up in three words: prayer, work, sacrifice. Prayer for the world which not work for souls in every walk of life, sacrifice of neutral longings and aspirations that the supernatural may reign in heart and mind.

Several visitors were present in the convent chapel, among whom were Mr. and Mrs. Coomy, Pembina, N. D. Mr. and Mrs. Cecil of Shallar, Ia; Mrs. Toohony of Storm Lake, Ia; Mrs. Yanders of Enfield, Ill. and Mrs. Riedel of Le Mars. Mount St. Mary's academy opened on the 8th of September.—Cherokee (Ia), Democrat.

For sale.
