Ever Drink Fort Snelling Coffee?

If you have wondered at the entire absence of even a hint of bitterness. It is because the small, clean cut grains of Fort Snelling Coffee are entirely free from chaff or dust. You taste the true, rich coffee flavor, that alone.

It is as easily made as Fort Snelling tea, and pours out of the pot bright and clear with a fragrance that fills the room and your heart with joy.

If you have never used Fort Snelling Coffee a trial of one package will convince you.

JOHN COPELAND

PEMBINA, N. DAK.

Pembina Saving and Loan Association

Why rent when the monthly rent money will buy the property?

For example, suppose the house is purchasable for \$1,000, which you are renting at \$12. per month.

You buy the house putting in \$300. and borrowing \$700. from the Pembina Savings and Loan Association. Your monthly payments to the latter would then be \$10.50 instead of \$12. with the difference that every payment to Savings and Loan Association is a payment on the house, while the payments made for rent are lost to you.

Call in and let us show you the experience of others.

We can also show you that it is just as good for the investor as for the borrower. We have twenty-five years of business to prove it.

G. G. THOMPSON,
President.
E. D. BOOKER,
Secretary.

Notice of Mortgage Foreclosure Sale.

Default having been made in the conditions thereof, notice is hereby given that certain mortgage, executed and delivered by W. Archie Andrews and Myrtle Andrews, his wife, mortgagors, to Fargo Loan Agency, mortgagor, dated the 24th day of August, A. D. 1915, and filed for record in the office of the Register of Deeds of the county of Pembina, and State of North Dakota, on the 22nd day of October, A. D. 1915, at 2:13 o'clock P. M. and recorded in Book 36 of mortgages, on page 360, will be foreclosed by sale of the premises in such mortgage and hereinafter described, at the front door of the Court House in the city of Cavalier, county of Pembina, State of North Dakota, at the hour of two o'clock P. M., on Saturday, the 18th day of May, 1918, to satisfy the amount due upon said mortgage on the day of sale. The premises described in said mortgage and which will be sold to satisfy the same are those certain premises situated in the county of Pembina, and State of North Dakota, and described as follows, to-wit: The north half (N¹/₂) of section ten (10), township one hundred and sixty-three (163), range fifty-six (56), containing three hundred and twenty (320) acres of land, more or less, according to the government survey thereof. There will be due on said mortgage at the date of sale the sum of two hundred twenty-one dollars (\$221.00). FARGO LOAN AGENCY, Mortgagee. JNO. D. FARRAND, Attorney for Mortgagee. Fargo, North Dakota. April 5-12-19-26, May 3-10.

Summons.

State of North Dakota, ss. County of Pembina, ss. IN DISTRICT COURT, Seventh Judicial District. Mathilda J. Ross Plaintiff vs. Bert Ross Defendant. The State of North Dakota to the above named defendant: You are hereby summoned to answer the complaint in this action, which complaint will be filed in the office of the Clerk of the District Court, within and for the County of Pembina and State of North Dakota, in the City of Cavalier, in said County and State, and to serve a copy of your answer upon the subscriber, within thirty days after the service of this summons upon you, exclusive of the day of service; and in case of your failure to appear or answer judgment will be taken against you by default for the relief demanded in the complaint. Dated at Cavalier, N. D., February 25th, A. D. 1918. H. B. SPILLER, Attorney for Plaintiff, office and post-office address, Cavalier, North Dakota. March 8-15-22-29, April 5-12.

MONITOR DOUBLE DISC DRILL

The Drill that Pays for Itself
SAVES SEED—INCREASES YIELD—IMPROVES GRADE

BIGGER PROFITS FROM GRAIN CROPS. You are not making near all the money you can from your grain crops—if you are not using the Monitor Double Disc Drill. For example—with wheat it saves one-fifth the seed and increases the yield 3 to 7 bushels per acre. The increase with other grains is in the same proportion. Can you afford to lose that much on every acre every year.

DEPOSITS SEED AT AN EVEN DEPTH. The Monitor Double Disc sows in front of the bearing—other drills sow behind the bearing. This particular feature of the Monitor gives it a very great advantage. The downward turn of the discs carries the grain into the ground and deposits it at the bottom of a clean, wide furrow, in two rows, about an inch apart. Every grain is covered uniformly with moist soil.

EVERY GRAIN GROWS. None of the seed is dragged to the surface to shrivel in the sun, or to be eaten by the birds. Every seed germinates. Sow one-fifth less and still get a better stand than with the old style drills.

ALL COMES UP AT THE SAME TIME. The proper placing of seed and uniform covering with moist soil causes the grain to come up and ripen evenly—increases the yield and improves the grade?
