WILSON NAMES RED CROSS WEEK

President's Proclamation Designates Week of May 20 as Time For Contributions.

TORISE \$100,000,000

American People Called On To Make Another Gift For Work of Mercy Organization—Previous Contribution Exhausted.

Washington, May 9.—President Wilson has issued a proclamation designating the week beginning May 20 as "Red Cross Week" and calling upon the American people to contribute generously to the second \$100,000,000 war fund of the American Red Cross for the alleviation of suffering among the American troops in France and their dependents at home and among the fighting forces and civilian populations of the allied countries.

The proclamation follows: "Inasmuch as the war fund of 1917, so generously contributed by the American people to the American Red Cross for the administration of relief at home and abroad, has been practically exhausted by appropriations for the welfare of the men in our military and naval forces and for those dependent upon them and for the yet more urgent necessities of our allies, military and civilian, who have long borne the brunt of war; and inasmuch as the American Red Cross has been recognized by law and international convention as the public instrumentality for war relief;

"And inasmuch as the year of our own participation in the war has brought unprecedented demands upon the patriotism and liberality of our people and made evident the necessity of concentrating the work of relief in one main organization which can respond effectively and universally to the needs of humanity under stress of war;

"And, inasmuch as the duration of the war and the closer and closer co-operation of the American Red Cross with our own army and navy, with the governments of our allies and with foreign relief organizations, have resulted in the discovery of new opportunities of helpfulness under conditions which translate opportunity into duty;

"And inasmuch as the American Red Cross war council and its commissioners in Europe have faithfully and economically administered the people's trust;

"Now, therefore, by virtue of my authority as President of the United States and President of the American Red Cross, I, Woodrow Wilson, do hereby proclaim the week beginning May 20, 1918, as 'Red Cross Week,' during which the people of the United States will be called upon again to give generously to the continuation of the important work of relieving distress, restoring the waste of war and assisting in maintaining the morale of our troops and the troops and people of our allies by this manifestation of effort and sacrifice on the part of those who, though not privileged to bear arms, are of one spirit, purpose and determination with our warriors;

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed.

"Done in the District of Columbia this fourth day of May in the year of our Lord, one thousand nine hundred and eighteen and of the independence of the United States of America the one hundred and forty-second:

By the President,
(Signed) WOODROW WILSON,
"Robert Lansing, Secretary of State."

YANKS MAKE BOCHES UNEASY

Manifested About Verdun Sector Which U. S. Troops Hold.

With the American Army in Lorraine, May 8.—The enemy is showing uneasiness along the left bank of the Meuse (Verdun sector). This is manifested every night by the use of brilliant lights and by much artillery and machine gun firing and aerial activity.

In the sector northwest of Toul there is heavy firing in the vicinity of Selcheprey, which the Germans temporarily captured recently, but from which they were driven out by a Franco-American counterattack.

American patrols report the German lines are sparsely held on all American sectors, indicating the enemy has drawn all men possible from the entire front to make up their losses in Picardy. This probably accounts for their uneasiness.

New U. S. War Money.
Washington, May 9.—Designs for the nation's first war time currency—Federal Reserve bank notes of \$1 and \$2 denominations—have been approved by the treasury, and the new bills will make their appearance in general circulation about July 4. A note of the war period is given to the reverse side of the \$2 note in the design of one of the newest battleships. The face of the \$2 note bears a portrait of Thomas Jefferson. The face of the \$1 note carries a portrait of George Washington.

THREE KINDS OF GENTLEMEN

Somewhat Peculiar Distinctions That Are Made by Inhabitants of the Emerald Island.

Ireland is the only country in which it has ever been customary to classify gentlemen as of three distinct kinds of species.

Probably the distinctions are still recognized to some extent in the Emerald Isle, but two centuries ago, and even much later, they were defined respectively as (one) the "half-mounted," (two) the "gentleman every inch of him," and (three) the "gentleman to the backbone."

The first class consisted of descendants of Cromwell's soldiers, who, if they could ride well, were called "Buckskin Breeches," or "Squireens."

The second class was composed of descendants of old families whose estates had been forfeited to the crown (for rebellion or other reasons), and who had been compelled to lower themselves by working for a living, in trade or the professions.

The third class—the "gentlemen to the backbone"—comprised the old stock, or folks who lived on the ancient family estates, and the labor of the peasantry pertaining to their domains.

Problem for Home.
"Good morning, children," said the arithmetic teacher. "How many of you have prepared an original problem in multiplication, as I requested?" Only one hand went up.

"Well, William, you may give your problem and the rest of the class may solve it."

"If my baby sister is a year old now and weighs 20 pounds, and keeps on gaining two ounces a day until she is sixteen years old, and if the price of living doubles again in the next ten years how much will my sister's graduation outfit cost? Mother says she would like to know."—Rehoboth Sunday Herald.

Graduated.

Mary was in her third week at school. Imagine mamma's surprise one evening to see the child enter the door with her slate, books and pencils.

"Why are you bringing them home?" she asked.

"I've quit school."

"Quit school? Why have you done that?"

"Why, I know more than the teacher, mamma. I wrote my name on my slate and she couldn't tell me what it was, and I told her."—Baltimore News.

The Unkind Voice.

A politician who was running for congress, thought it worth while to make mention of his humble origin and early struggles.

"I got my start in life by serving in a grocery at three dollars a week, and ye I have managed to save," he announced.

Whereupon, a voice from the audience queried:

"Was that before the invention of cash registers?"—The People's Home Journal.

Words Fail.

Gus—I don't see anything funny in these Christmas wizzes about wifey's cigars.

Gusty—Married?
Gus—No.
Gusty—Do you smoke?
Gus—No.
(Heavy silence.)

The Reason.

"I hear you have a college graduate for a cook. Isn't that very expensive?"

"Not very. She works for her board and clothes."

"How is that?"

"She's my wife."

A Criticism.

William Dean Howells, the famous author, does not like the movies. He thinks their technical side, the camera man's side, is wonderful, but he has no time for their literary or scenic side.

Personal Reports of Real Cases

A NORTH DAKOTA CASE.

T. A. Matchke, River St., Hillsboro, N. D., says: "My back got so lame I had to be helped out of my bed and the trouble got worse until I couldn't do anything. I had headaches and dizzy spells and was terribly run down. I lost weight steadily and although I used different remedies nothing seemed to help me. Finally, a friend told me about Doan's Kidney Pills and I used them. I was cured and gained 41 pounds. My kidneys got well and strong, too, and all the aches and pains left me."

A MONTANA CASE.

Mrs. Effie Coon, Railroad Ave., Dillon, Mont., says: "I had kidney complaint for several years. It came on by spells and as time passed the attacks were more and more frequent. Pains over my kidneys were something awful and when I caught cold it always settled on my kidneys and put me in misery. When I happened to hear about Doan's Kidney Pills I used them and before long I was completely cured." "Ten years later Mrs. Coon said: 'The cure Doan's Kidney Pills gave me has proven permanent. I am always glad to recommend Doan's.'"

EVERYTHING IN FULL SIGHT

According to Children, There Seemed Little Doubt That It Was Soon Going to Rain.

One evening notwithstanding the present heavy rains the stars shone brilliantly and the little ones were watching with eager interest the clearing of dark days.

"I see the dipper," cried the boy, our eldest, aged seven.

"Yes," adds papa, "and it's standing on its head."

"I guess it's going to rain," says Edgar, who is five. While from Sita, our three-year-old: "Papa, papa, and I see the faucet."

Outside our kitchen door there stands a spigot beside which we keep a dipper hanging for the children's especial use.—Los Angeles Times.

Recruiters Please Notice.

In our city they were recruiting a battalion of short men known as the "Bantams."

One day our little four-year-old soldier came in complaining of tiredness. When asked what he had been doing he said, "I've been recruiting all day."

"Which battalion are you recruiting for?" he was asked.

"The Bantams," he replied.

"How many did you get?" was the next query.

"Oh," he said with a little sigh of weariness. "I recruited 500 bantams and one rooster!"—Canadian.

A Square Meal.
Some American soldiers in the trenches were discussing the food situation when one said: "Just think of it, potatoes, steak, butter, honey, fruit, pie, and two eggs."

Another soldier reminded him that such a feed was not to be had at any price.

"Why," said the first, "it's not to eat it's to think about."
