

Weak From Pain

Mrs. Gibbert Was in Misery, But Doan's Brought Her Splendid Health.

"About 15 years ago my kidneys were in bad condition," says Mrs. Lucy Gibbert, 15310 Columbia Ave., Harvey, Ill. "There was a constant, dull, bearing-down pain in the small of my back. I couldn't turn over in bed without such pain I could hardly breathe. Mornings I was stiff, sore and lame all over; my back was like a rusty hinge.

"Inflammation of the bladder nearly drove me wild. The kidney secretions passed every little while, day and night, a little at a time, and burned like fire. Great sacs of water formed under my eyes.

"I was in such misery I would become weak and so nervous I would scream. I had nerve-racking headaches and the back of my neck pained me. I was so dizzy I didn't dare bend over for fear of falling on my face. My sight became blurred. I was sick all over.

"Five boxes of Doan's Kidney Pills cured me of kidney trouble. Since then I have enjoyed splendid health and I owe it all to Doan's.

ENVOYS WANT FOE ON RECORD

May Be Asked If They Intend to Sign Treaty Before Any Changes Are Made.

REFUSAL OTHERWISE

American Economic Experts Advocate Germany Be Given Mandatory Over Former Colonies to Enable Her to Pay.

Paris, June 4.—Before the Allies reply to the counterproposals the Germans may be asked indirectly to go on record as to whether they intend to sign the treaty, it is learned authoritatively. If the Germans express a willingness to accept the basic principles established in the present document, modifications will be made, it was said, but not otherwise.

Colonies to Foe.
Paris, June 4.—American economy experts in conference with President Wilson advocated that Germany be given mandatories over her former East African colonies to assist her to meet her financial obligations.

The matter was opened in consequence of Premier Lloyd George's proposal that upper Silesia be returned to Germany for economic reasons.

The American experts, however, suggested that Poland retain upper Silesia and the Germans be given supervision over certain of her recent East African possessions.

Lloyd George is expected to make a formal statement regarding the proposed modification.

Renner Consults Colleagues.

Dr. Karl Renner, chancellor and head of the Austrian peace mission, is expected to leave Paris for Switzerland at once and it is probable he will proceed as far as the Austrian frontier, to meet members of his cabinet who will discuss with him the answer Austria will make to the Allied terms. The Austrian reply is due June 17, but before that time it is probable there will be a number of notes sent to the peace conference by Dr. Renner relative to different phases of the treaty.

With Allied experts working on the reply that will be made to the German counterproposals, the peace conference in Paris is for the time being marking time.

There has been no official intimation of the date when the Allies will present their rejoinder to the German counterproposals.

Liner Awaits Orders.

Brest, June 4.—The liner George Washington, on which President Wilson has three times crossed the Atlantic, has been ordered to be ready to sail on 12 hours' notice at any time after midnight June 5.

JUDGE SENTENCES SCHAFER

Promoter Goes to Penitentiary for One to Ten Years.
Minneapolis, June 4.—William H. Schafer was sentenced to the state penitentiary at Stillwater for a period of one to 10 years by District Judge W. C. Leary, after Schafer read to the court a written statement which he contended explained what became of the money involved in his case. A stay of sentence until June 9 was granted.

Schafer, whose financial transactions were followed by the closing of 14 state banks and the wrecking of business concerns, was accused of stealing \$3,150 from the Hamel State bank by taking out sound notes and substituting worthless notes, many of them signed by minors. He was indicted 14 times.

SAYS OFFICIAL IS AID TO REDS

Senator Demands Removal of Immigration Officer.
Washington, June 4.—The removal from office of Frederic C. Howe, commissioner of immigration at Ellis Island, has been demanded by Senator King of Utah (dem.) on the ground that Commissioner Howe presided at the soviet meeting at Madison Square Garden last week.

The senator said if Mr. Howe was not removed from office, a resolution insisting upon his removal and investigating his conduct would be introduced in the senate.

GERMANS REPULSED BY POLES

Paris, June 4.—A German detachment, 1,200 strong, from East Prussia, crossed the Polish frontier and attacked the Polish advance guards, according to a Havas dispatch from Warsaw. Polish reinforcements were hastily summoned and counterattacked between Ossowiec and Grajevo. In a short, sharp action the Germans were repulsed with heavy losses.

Shipbuilders Strike.

Vancouver, Wash., June 4.—The steel shipbuilding yards of the G. M. Standifer Shipbuilding corporation have been closed by order of the General manager following a strike of approximately 2,000 men. Some union men stated crafts in yard had demanded the reinstatement of Robert Wishard, head foreman riveter, discharged last week. Others declared the men were not paid for last week's work and promised a statement in a day or two.

PHYSICALLY FIT AT ANY AGE

It isn't age, it's careless living that puts men "down and out." Keep your internal organs in good condition and you will always be physically fit.

The kidneys are the most over-worked organs in the human body. When they break down under the strain and the deadly uric acid accumulates and crystallizes look out! These sharp crystals tear and scratch the delicate urinary channels causing excruciating pain and set up irritations which may cause premature degeneration and often do turn into deadly Bright's Disease.

One of the first warnings of sluggish kidney action is pain or stiffness in the small of the back, loss of appetite, indigestion or rheumatism.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped to feed the world—the same responsibility of production still rests upon her. While high prices for Grain, Cattle and Sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from \$15 to \$30 per acre—good grazing land at much less.

Many farms paid for from a single year's crop. Raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Companies offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers low taxation, good markets and shipping; free schools, churches and healthful climate.

FELT SOLDIER SPOKE TRUTH

No Doubt Colonel Blank, in His Heart, Realized Just How Tough He Did Look.

Colonel Blank, who had been such a tartar at all inspections that his name was a byword in his regiment, was in the thick of the Argonne fighting and for six days was unable to shave. For six days he was unable to pry the mud from his clothes or rake it from his hair. And in this unfamiliar state he was halted at the end of the sixth day by a doughboy who seized a moment of leisure to shave by a mirror hung on a knife stuck in a tree.

"Hey, there, Baddie!" the doughboy shouted. "Do you know you look like h—? Better come up and get a shave or Colonel Blank will land on you like a ton of bricks!"

Colonel Blank accepted the invitation.—Stars and Stripes.

A Bit Slow.

"Do you know that my daughter is an extravagant young woman, sir?"
"I have—surmised that she is," replied the suitor, hesitatingly.

"By George, sir! If you've been running around with my daughter for a twelvemonth and haven't got any further than a mere surmise, you lack the perspicacity I would like for my son-in-law to possess."—Birmingham Age-Herald.

Many agree as to the goal—truth; but never as to the road, the method and the criterion.—Amiel.

At Least He Was There.

When he was minister of the interior in the Sarrien cabinet, M. Clemenceau prescribed for the functionaries of his department precise office hours which were to be rigorously observed. One day, early in the afternoon, he called his bureau chief, Mr. Winter, and said:

"Let us take a turn in the bureau."
Obviously his command had had little effect. Office after office was found empty. At last, in a nook under the roof, they came upon a poor devil of a clerk who, overcome by the heat, had fallen asleep at his desk. Mr. Winter sprang forward to shake and rouse him, but Mr. Clemenceau checked him:

"Sapristi! But, no! Don't waken him, or he, too, may run away!"
