Hallowe'en.

Joe Middleton has rented the residence of John Booker and will move to town in a short time.

Mrs. Robertson and daughter Jean left last Friday for a winter visit with her parents in Scotland.

Misses Mabel and Neita Fowler and Elsie McConnachie left yesterday for Grand Forks to spend a few days with Bert Fowler's family.

Fred Rene took his oldest boy to Grand Forks last week for an operation by a specialist on throat disease. The boy is getting along well.

The Winnipeg Beach Orchestra has been engaged for the dance to be given in the City Hall, Pembina, on Armistice day, November 11th. This will ensure good music and a pleasant time.

Harold Heneman came in yesterday to spend a few days with his folks. He was at Hamline where he witnessed the game of foot ball between Hamline and St. Thomas and will return to Warroad in a few days.

Mr. and Mrs. F. M. King left for Twin Cities to spend a few days with their daughter Mrs. Minor Clark, after which they proceed to Los Angeles and other places in Southern California to spend the winter.

Contractor Marschke is planning to close up the construction work on the school building until spring. The early cold weather has hampered the work and it is not possible to complete it this fall under present conditions.

Laverne Figley who has been visiting with his uncle Prof. Curtis for two months left on Monday for his home in Calamus, Iowa. Mr. Figley returns home with a good impression of this country and it will not be surprising to see him back next summer. When one once inhales the vigorous atmosphere of this latitude it generally stays by him.

The winter season seems to have set in in earnest. The latter part of the week it started to snow and the ground is covered to the depth of three inches. The ground is frozen too much to allow of plowing and it seems that there will be a general closing of farming operations for this year. Many of the farmers are through plowing but there are others who are considerably behind in their fall work. If this means permanent snow the winter season started in nearly a month earlier than it did a year ago.

School Notes.

School adjourned Wednesday evening until Monday morning on account of the Tri County Teachers' Convention at Grafton, Thursday and Friday. The county superintendent notified all teachers to attend this meeting or the state meeting in Minot to be held a week later.

Our football team was defeated in a game with Grafton recently by a score of 52 to 7. Our boys would have made a much better showing had it not been for the fact that two of our best men were unable to participate. Thomas McQueen, our center, was out with a lame arm (not received in playing football) and Clark Storms our speedy half, was just recovering from an attack of tonsillitis. We sought to postpone the game but as Grafton would not agree to this we went down and did our best. C. D. C.

FORMER SHERIFF INDORSES TANLAC

"Money Couldn't Buy The Good It Did Me," Says Hon. A. R. Anderson.

"Money could not buy the good it has done me, and I gladly recommend it for what it has done in my case," said Hon. Archie R. Anderson, of Houston, Texas, Ex-Sheriff of Harris County, recently.

Mr. Anderson is unquestionably, not only one of the best known, but one of the most popular men who ever held public office in the state of Texas. After serving as Deputy Sheriff of Harris County for twelve years Mr. Anderson was elected Chief of Police of the City of Houston. He had occupied this office only a short time when the Sheriff of Harris County died. Mr. Anderson's was persuaded to make the race for the unexpired term of Sheriff to which he was easily elected. He was honored with re-election seven different times and served the people in this important office for fifteen consecutive years. Then Mr. Anderson declined re-election and retired to private life. He cast his lot among the people of Houston and is a property owner and foremost citizen of that interesting and prosperous city.

"I was in a run-down condition," continued Mr. Anderson, "and had no appetite at all. I could hardly sleep at night and never felt like getting up in the mornings. I was so tired. I had the worst form of indigestion, suffered all the time from gas on my stomach and was continually belching up undigested food. I had to take my coffee without sugar, as when I drank it with sugar, I would just belch for hours. I would bloat and swell up like I was poisoned and suffered with neuralgic pains of the worst sort and nothing seemed to help me only in a temporary way. I just can't tell you how I did suffer for the past four years and up to the time I began taking Tanlac, a few weeks ago.

"When I read the testimonials of some who had been relieved of troubles like mine I just felt like I couldn't make a mistake by taking Tanlac and it has done even more for me than I had expected. I began to feel better after taking my first bottle and have just now started on my third and I am a different man already. I sleep like a log now and eat just any and everything I want without the slightest discomfort afterwards. I am glad to endorse Tanlac because it does the work and I'm telling all my friends just what I'm telling you. I never felt better in my life than I do since taking Tanlac. I am willing for you to publish my statement and let every suffering person who may wish, benefit by my experience with this great medicine."

Tanlac is sold in Pembina by R. C. Stinson; in Bathgate by S. T. Witmer; in Cavalier by E. T. Erickson; in Drayton by J. W. McLean; in Crystal by W. J. Johnson; in Hensel by Louis J. Walker; in Hamilton by the Warner Drug Co.; and in Walhalla by Morin & Hellfoch.

A chemical analysis of "LILY OF THE VALLEY" flour, made by the French-Pancoat Co., of New York City shows that this flour is worth 75c per barrel more than standard patents sold in that city today. Why buy an inferior flour when you can get this for little more money? Why buy a flour made from wheat grown in Kansas and Nebraska, when you can get one made from Pembina County grown wheat at practically the same price. Why create a market for this inferior wheat, to the detriment of your own; yours is selling at a premium on the markets today. Just think this matter over before buying your flour. These are facts. Give the home made flour a trial, you can demonstrate its worth yourself. Take a grist to the mill it will pay you. CAVALIER MILLING CO. Cavalier, N. D.
