Auto Repairing

FORD SERVICE

There is a great shortage of skilled mechanics and when the driving season opens again the ordinary and necessary repairing will more than keep the repair department busy without taking in overhauling or extensive repair jobs.

You will save money, get a better job and have your car when you need it most by having your overhauling done during winter months, due to the fact that we can finish your job without being taken away to do some more important or rush job. Therefore a mechanic can do a better job and a quicker job which means it is important that you give this your careful consideration.

We have installed a new Carbon Burning Outfit. Also have a few good overhauled Ford Radiators for sale at

The World is Now Being Revised.

Revision, Rehabilitation and Reconstruction are going forward in every industrial, professional, social and political field, and in every science. The world has a new vision of Democracy. Thoughts that we thought up to mid-summer of 1914 we can think no more. The very facts on which our thinking was based are altered.

NELSON'S

Perpetual Loose-Leaf

ENCYCLOPAEDIA

& Research Bureau for Special Information

Down to Date.

In these unusual times teeming with stirring and momentous events of vital importance to nations and men the world over, an Extraordinary Encyclopedia has become an absolute necessity.

American enterprise has solved the problem by making a loose-leaf Encyclopedia that is perpetually new. Born in America—by Americans—for Americans—it covers the whole world

Down to Date.

The war is now history. Nations are being remade. You must keep in step with the world to-day. All old fashioned reference works have been simply marking time during the greatest year in history. Nelson's changes with the changing world.

ALWAYS NEW—Every six months all subscribers to NELSON'S receive their renewal pages—250 pages or more—between 500 and 700 pages each year. These include over 2,000 changes and keep NELSON'S perpetually accurate and up-to-date.

Save time look it up in Nelson's!

Nelson's Reading and Study Course in UNITED STATES HISTORY, BUSINESS ECONOMICS, NATURE STUDY, AGRICULTURE AND HOME ECONOMICS are declared by educational authorities to be equivalent to a college course and training in each of these departments. By their use a boy can remain on the farm and yet receive all the advantage of a college course in Scientific Farming; a girl may have the services of the leading authorities on household economics without leaving her home; while the professional and business man may receive a business training superior to that which can be obtained from any of the widely advertised business institutes.
