S. E. Russell, Immigration Inspector.

OFFICIAL PAPER OF CITY

TERMS, \$2.00 PER ANNUM

WARDWELL & THOMPSON.

F. A. Wardwell. G. G. Thompson.

DUTY WILL GO ON.

After this year duty will go on all imports into this country if the Republican party is successful at the polls next fall. The millions of dollars of the products of the farms of the Northwest that have been admitted free of duty since Wilson was elected, in direct competition to our farmers is wrong. If we have to maintain our markets and support the government there is no reason why others who enjoy the same should not pay for the privilege.

The Canadian market is no good to the farmers of the United States for things are sold cheaper than here. Let down all the bars if we are to have free trade and things will be on an even footing.

Just now an anti dumping bill has been favorably reported to the house of representatives in Congress, by the Republicans, which is liable to pass. The bill is intended to be an effective bar against the dumping of the foreign goods in extensive amounts in this country and it is deemed especially important at this time when there are evidences of plans to ship such goods heavily into the United States.

Examination of the latest figures as to imports shows that the volume of imports is swelling rapidly. American producers and manufacturers are beginning to complain seriously.

Not only is European competition a factor but the competition of Japan has to be taken into more serious account than ever before. In a number of lines of industry there are complaints of the invasion of Japanese goods.

Whether the President would sign the bill which has been reported to prevent dumping, is something not known. As indicated by his recent message, the President is no more friendly to the tariff than ever. It is quite plain that if foreign countries are to be permitted to dump their goods as they please in America through the reconstruction period, the difficulties of America in getting back to anything like normal conditions will be greatly enhanced.

Stanford University is planning the formation of Republican clubs throughout California among its thousands of graduates scattered through the state, and as a preliminary has organized a Stanford Republican club which includes both men and women students now enrolled in the University. Two women are officers of this club, which has already organized a membership drive to reach all Stanford graduates with a view of winning them to the Republican side. All members of the club have agreed to contribute \$1.00 each to the fund for the purpose of organizing a Stanford Republican Club in California.

Wanted—Cleaning and mending of all kinds of clothing.

WOLF BOUNTIES

What is Pembina county doing to exterminate wolves and coyotes and protect its sheep products?

Answered by Wm. W. Felson, county auditor, Cavalier:

"The county commissioners of said county have featured a wolf killing contest. In addition to the \$4.50 wolf bounty now being paid by state and county for each of said animals killed in county, they set aside the sum of \$500 to be used for prizes and additional compensation for wolves or coyotes killed within the county before April 15th, 1920.

A first prize of \$50.00 will be awarded to the person killing the greatest number of wolves; a second prize of \$35.00 to the person killing the second greatest number and a third prize of \$15.00 to the person killing the third greatest number. The further sum of \$100.00 is to be divided pro rata among all persons killing wolves within county before April 15th, 1920. A coyote in the contest is to be construed as being a wolf. No one person will be allowed more than one prize and where there are two or more persons tied for a prize the prize shall be divided equally as between such persons.

The present North Dakota laws in respect to making application for state and county bounty and the awarding of prizes are to govern. Wolf skins, with ears and tail attached, must be exhibited to county auditor. Proof of claims are to be made on blanks furnished by county auditor. Skins are to be exhibited within thirty days of killing and not later than April 15th, 1920.

Arrangements have been made to take up the \$250 bounty paid by state for each wolf. Party assigning state wolf bounty certificate to county, county making settlement with state when funds are available.

Further detailed information regarding contest may be had from county auditor at Cavalier.

The contest is now on. Six wolves were exhibited by one person the other day. It is expected that the number of wolves in Pembina county by April, 1920, will be considerably less than at present. Hunters and trappers are now busy and the hunted will be spirited from now until close of contest. Furthermore the skins are valuable at this time of year. After skins have been examined at auditor's office and marked, same will be returned to owners or in case owner wishes to do so, auditor will forward same to some fur concern, proceeds to be paid to person killing wolves.

Sheep raising and the productions therefrom has become one of Pembina county's largest enterprises and the county commissioners aim to give greater protection thereto. The matter was one over with some of the farmers who are very much interested in the sheep industry and after such conference it was decided that something should be done before spring in the destroying of the noxious wolf.

When one takes into consideration the greatness of Pembina county's mutton and wool production there is good reason to be alarmed at any thing which would affect such produce. The value of Pembina county's sheep exceeded the \$250,000 mark in the spring of 1919. The sheep industry in Pembina county for the year 1918 was equal almost to twelve per cent of such industry in the state of North Dakota. The live stock enterprise in the county has increased almost three hundred per cent in the past five years. In round numbers there were about 36,000 sheep in the spring of 1918 in the six Red river valley counties adjoining the Red river on the North Dakota side, of this number Pembina county had about half. From sheep reports for the state of North Dakota for the year 1918 it is disclosed that there were but three counties in the state with one third as many sheep each as Pembina county. Twenty per cent of Pembina county's value of cattle, hogs and sheep for the year 1918, consisted of sheep. Sheep have not only been a money making enterprise for the farmers of Pembina county for the past few years, but they have also aided in the destroying of noxious weeds, thus resulting in a greater production of the famous Red river valley hard wheat and other grains.

Flax Straw and Hay Wanted

We are in the market for flax straw and hay and will pay the highest market price for same. We are also prepared to bale hay and straw for others.

FITZGERALD and KITT,
Jolietta, N. D.

For Sale—At my farm four miles northwest of Bathgate and five miles south of Necha, Good Black Macrae Wheat, which if sowed will yield good crop. Price \$2.75 per bushel if sown at once. ALBERT F. FIELDER,
Bathgate, N. D.

Congressman John M. Baer of the first district desires to call the attention of all ex-service men to the law relative to compensation for disability. It is important for service men to know that under the law, in order to be eligible for disability which may occur in the future as the result of disease or injury incurred in active service in the line of duty, they must within a year from leaving the service obtain from the Bureau of War Risk Insurance a certificate stating that at the time of discharge from the service they were suffering from physical troubles, likely to result in death or disability. This certificate registers the fact that they were sick or injured even though they may have seemingly recovered their health. If in the future, disability develops or death occurs, the certificate will be necessary to support a claim for compensation. All soldiers sailors or marines who are entitled to this certificate or think they are entitled to it should immediately write Congressman John M. Baer, The Capital, Washington, D. C. Otherwise the request may come too late.

From Washington.

The following is an extract from a letter from C. E. Jackson, formerly superintendent of schools of this county, which will be interesting to many of our readers. The fact that it has been extraordinary cold in eastern Washington makes us feel that we are not alone fighting Boreas:

Chelan, Wash. Dec. 9th, 1919.
Friend Thompson: We are having cold weather for this time of the year. From 6 to 8 above zero and a foot of snow. Too light for good sleighing however.

We had early frost which froze a lot of apples. There has been great loss from shortage of cars and boxes to pack in. Apple industry has grown so fast that it is beyond the ability of many to take care of the crop. More and larger frost proof packing sheds must be built. Big wages were paid this year. Expert packers made from \$10 to \$12 per day; women earned from \$8 to \$10 and boys and girls from the 8th grade up \$4, \$6 and \$8.

I went over to Seattle in September and promised myself a good old time with F. A. Wardwell. Went to his address and found he had moved to Colorado Springs, Colorado, a few days before, so I was greatly disappointed. Kind regards to old friends.

Sincerely,
C. E. JACKSON.

From Boston Daily Globe

Nov. 12, 1919.—"At eight o'clock last evening, at the Methodist Episcopal church in Halliston, Mass., Miss Jessie Fremont Wheelock was united in marriage to Mr. Frederick Ernest Gelder of Bathgate, N. D.

The ceremony was performed by Rev. Robert Ellisworth of Arlington, Mass., assisted by Rev. William J. Kelly of the local church. The double ring service was used and receding the ceremony, Mrs. Marguerite Garvin Barber of Framingham sang "Oh Promise Me." The bride party entered the auditorium to the strains of Lohengrin's wedding march sung by Mrs. Marguerite Garvin Barber.

The bride was charming in a gown of white crepe meteor, cut entraine, and white tulle bridal veil caught up with orange blossoms. She carried a shower bouquet of bride's roses. Mrs. Beatrice Holbrook attended the bride as matron of honor and was attired in a gown of pink satin with over dress of pale blue tulle with picture hat to match, and carried pink roses.

Miss Louise Holbrook was flower girl, wearing yellow organdie and carrying a basket of yellow chrysanthemums.

Misses Annie Moyinhan and Marion Tele of Holliston and Miss Elsie M. Henkle of Whitman and Miss Miss B. Whittemore of Koshkudale, acted as ushers and were attired in turquoise blue taffeta with tulle trimmings. Louis L. Holbrook was best man.

Following the ceremony Mendelssohn's wedding march was played by Miss Laura West as the bride party repaired to the vestry, where a reception was held.

Mrs. Gelder is a graduate of Holliston High School class of 1912, Filton Seminary, class of 1917 and is a member of the senior class at the Framingham Hospital Training School for nurses.

After a shower of confetti and best wishes, Mr. and Mrs. Gelder left for a short honeymoon, after which they will leave to make their home in Bathgate, N. D. where a newly furnished home awaits them. Gifts of gold, set silver, money, china, silver, etc. were received by the young couple. Guests were present from North Dakota, Maine, Utah, Massachusetts, Vermont, Delaware and surrounding areas.

Pembina Light and Power Co.

Pembina, N. D., Dec. 12, 1919.

To all concerned:—

We the undersigned directors of the Pembina Light & Power Company announce that the interests of H. R. Robowski have been taken over by E. J. Teborg of Minneapolis, Minn., who will assume the duties of president and general manager, actively, about Dec. 29, 1919.

Mr. Teborg is a practical, experienced electrical engineer and comes to his new position from the Minneapolis Electric Equipment Company, where he held the position of consulting and estimating engineer. He will devote his whole time and experience to promote the welfare and service of this utility. We bespeak for him co-operative good will on the part of all interested, that our aim to promote first class service, may be attained.

We are pleased likewise to announce that a new 150 H. P. Beasmer engine with 125 KVA generator has been purchased on which delivery is promised by Feb. 1st. As soon as this can be installed we will have ample power to carry our light and power requirements for some time to come.

With appreciation of the patronage of the past and anticipating continuance and growth of it, we are,

Yours very truly,
Pembina Light & Power Co.
RAY C. STINSON, Pres.
JAMES B. PARKER, Sec.
F. C. MORIS, Director.

Meanest Man.

"The meanest man on earth" has been discovered.

Even insurance men, possessing most human traits, have revealed occasional phases of meanness, but it remained for a clergyman, an ordained preacher of the gospel, to outclass superlatively all other contestants for the croix de gall.

This pastor, who resides within eye range of the Woolworth tower, makes a practice of charging claimants under life insurance policies a fee of 1 per cent of the face of the policy for filling out the clergyman's certificate on death claims.

The medal for concentrated and undiluted meanness is hereby awarded. The contest is ended.—Insurance Press.

CZECHO-SLOVAKS TO ATTEND CONGRESS

Two Women Delegates Will Represent Poland at International Gathering on October 23.

Two industrial women workers are on their way from Czechoslovakia and four on their way from Poland to attend the International Congress of Working Women in Washington, October 23d, according to cables received by Miss Mary Anderson, secretary of the committee on International Relationships of the National Women's Trade Union League of America, who is in charge of arrangements.

Miss Anderson has also been advised that the Telephone Operators' Association of the Argentine will send a representative to the Congress at the earliest possible moment that transportation facilities will permit. Two delegates are also en route from Belgium, and others from England, Switzerland, Japan and Italy.

\$100 a Month

Young men and women with a business education are wanted. If you are earning less than \$100 a month, you are foolish not to get this training at once. Write the Union Commercial College, Grand Forks, N. D., and find out little it costs and what a short time it takes.

City Dray Line

Contracts for large lots taken, and goods delivered on short notice.

WM. FOWLER,
Prop.

HENEMAN SAYS:
