THE JOY OF A COOL KITCHEN

Every housewife knows the terrors of working in a hot, stuffy kitchen—it's bad enough in winter time, but how much more so in midsummer. Eliminate this torture chamber from your home. Install a Hughes Electric Range and cook in cool comfort. Say goodbye to red, flaming cheeks and hot hours of toil over old-time ranges. Welcome back that vanished appetite spoiled by the over-heated kitchen.

Electric cooking is cool cooking because all of the heat goes into the utensils and none is dissipated into the room. No fumes, smoke or smell. The twentieth century way of preparing food.

There are six vital reasons why you should own an electric range:—It is modern, cool, cleanly, convenient, cooks better food and does it in a more scientific manner. We offer a low cooking rate. If you will call at our office we shall be glad to explain the many superiorities of the Electric Range.

Guaranteed to do What We Claim for it or Money Refunded.

Our Agent at Pembina has one of our Tractors in the field doing satisfactory work, drilling, cultivating and plowing.

T. E. MEAGHER, Agent,
PEMBINA, N. D.

Do in hours, work that takes days with horses.

Plan your time this year in hours of Tractor work instead of days of horse work. Start this year's work with a Tractor and get your plowing done at exactly the right time and raise bigger crops. Do your work with less hired help, or farm more acres with the same help. Let an Avery Tractor make you as much

money in a few hours this year as you made in a day before with horses. You get a Tractor with a "Draft-Horse" Motor built especially for Tractor work and only for Avery Tractors. Avery Tractors are real pullers both at the drawbar and in the belt. Call and see the new Avery 14-28 H. P. Tractor.
