## LAWSON WINS PENANT

Wins Eighteen Games in a Series of Twenty-Seven.

### SEASON IS NOT CLOSED

Volley-Ball Will Continue to be a Favorite

Galion High School Basketball team will Meet the Marion Team at the Y. M. C. A. This Evening.

The last games of the Y. M. C. A. volley ball league were played last evening and the championship honors fell to Lawsons aggregation, which had won eighteen of the games played, losing only nine.

The first games last night were played by Clark and Honefanger teams, resulting in Clark winning two out of the series. The scores: Clark 17, 21, 21; Clark 21, 21; Honefanger, 21, 12, 8.

The second series was between Lawson and Leffler's teams, the latter winning two. Scores: Lawson, 9, 21, 14; Leffler 21, 13, 21.

Following is the standing of the teams in the league after the final games last night:

Team	Won	Lost
Lawson	18	9
Clark	16	11
Honefanger	11	16
Leffler	9	18

The Lawson champion team was composed of players Dr. A. B. Lawson, F. M. Armstrong, Earl Sycks, E. Unepher and Dr. Emery.

Just because the league closed its season schedule last night, the game of volley ball will not be abandoned in the Y. M. C. A. gym, but the interest in it is just in its infancy. Consequently on next Wednesday night, the teams of the league will play a tournament, consisting of four series of three games, and the team defeating each of its contestants will be awarded the tournament honors. After that a new league will be formed, consisting of six teams and the weekly contests will continue.

The Gallion high school basketball team will play the Marion high school team in the local Y. M. C. A. gym tomorrow night. The Gallion bunch is one of the fastest in the state, having defeated Mansfield, Bucyrus and other fast teams. The game should be well supported.

Prof. C. M. Beckett lectured on "Law a Business Man Should Know" before the Y. M. C. A. book-keeping class, Wednesday night. It was the first of a series on commercial law which Mr. Beckett will deliver before the class during the next several weeks.

In the Y. M. C. A. bowling league the Massons won two out of the contest series of three, rolled with the Independents' team on the Association alleys, Wednesday night. High scores were conspicuous by their absence. The Orphans bowl the K. of P.'s tonight. Scores for last night:

### LIBERAL POLICIES FOR PRESENT YEAR.

Metropolitan Life Insurance Company Distributed Big Dividend.

A \$2,000,000 dividend to all policyholders has been declared by the Metropolitan Life Insurance Company for the year 1907. This company, which has always been noted for the liberal policy on which it is managed, has already distributed in dividends to its policyholders about \$10,000,000 in the last eight years, and the new dividend of \$2,000,000 will bring its voluntary disbursements to policyholders up to the immense sum of \$12,000,000.

On all Industrial Whole Life Policies dated prior to January 1, 1903 a dividend equivalent to four weeks' premiums, or about 8 per cent of the premiums for the year, has been declared. This dividend will amount to \$1,000,000 and in the distribution of profits will be included all holders of life policies in those companies which have been consolidated with the Metropolitan.

A further mortuary dividend of another million has been declared in the Industrial department. This applies to all death claims incurred during the year ending December 31, 1907, where the policy has been in force over five years. In the case of death claims, the dividend has been apportioned according to the age of the policy. If the policy has been in force five years, the beneficiary will be entitled to a dividend of 5 per cent, where it has been in force 10 years the dividend is 10 per cent, and so on up to 25 years, when the dividend will equal 25 per cent of the claim.

Other benefits which the officers

of the company have brought about for the policy-holders are the increase in value of all Industrial policies six months from their date and the liberty which is given to all policy-holders over 80 years of age who have paid premiums for 15 years or more to receive the face value of the policy in cash or a full paid-up policy. In financial circles this action of the Metropolitan is looked upon as marking a new era in life insurance history, and the voluntary conversion by the company of whose life policies into endowments or fully paid-up insurance is said to be the most liberal concession ever made by any industrial insurance company.

### Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had inflammatory rheumatism in every muscle and joint; her sufferings were terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians but received no benefit until she tried the Mystic Cure for Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life." Sold by The Dumble Pharmacy, Opp. Ker House.

### Wonderful Power of Light.

The extraordinary resuscitating power of light recently received a curious illustration in the silver mines of Laurium. A mine had been abandoned 2,000 years, when some poppy seed was found beneath the slag. The slag being removed, in a short time the entire space was covered with the most gorgeous show of poppies. After 20 centuries' rest they had bloomed as vigorously as if they had been borne by flowers of yesterday.

Fidelity is the one quality in which all the world rejoices and the silent fidelity of the children of God is winning daily victories for his cause, where knowledge, riches and eloquence are lacking.--Edgar W. Work.
