BIG ATHLETIC EVENT
Will be the Last Gymnasium Contest Thursday Night.

Volley Ball Teams Clash This Evening—Crescents Defeat Monarchs at Basket Ball Last Night

The third and last Y. M. C. A. gymnasium contest for gold, silver, and bronze medals, will be held in the Association gymnasium tomorrow evening at 8 o'clock. The event promises to be one of the greatest ever seen in the city. The contestants are in better condition than ever before and all are very enthusiastic over the prospects of winning a medal.

The athletes holding the four highest positions in the race for the medals are so nearly tied that any one may take first place by superior work in the final contest tomorrow night. Guthery holds the top notch with 18 1/3 points to his credit. Dickerson follows close upon his heels with 16 points and Maag next with 15 1/2. Pace is fourth with 15 points.

An overture by the Y. M. C. A. ten piece orchestra, under the direction of Harvey Martin, will be the opening number of the athletic carnival. The Leaders' Class will do some fancy work on the side horse and a leap frog race by the juniors will undoubtedly prove a highly entertaining feature.

The first number of the contest proper will be the standing hop-step and jump contest. A running high jump by the juniors will follow as a spectacular performance.

The contest includes medicine ball put; rope climb; running high dive and obstacle race. The Y. M. C. A. glee club will sing the boys will give a basket ball race, and the juniors a boxing race.

An especially interesting feature of the program will be a tug of war between the Doctors and a picked team. Dr. L. D. Hamilton will captain the Doctors, while J. H. Clark will cheer the picks on to victory. A concluding number which promises to afford a plenty of amusement will be a blindfolded boxing match between two amateur "pups" of the city.

All who enjoy a good program of athletic events should not fail to be present tomorrow night.

The Business Men's Volley Ball league holds forth tonight at the Y. M. C. A. gymnasium. Three series of games will be played and some excellent fun is promised. The gallery is open to gentlemen and lady visitors. No admission fee is charged at these games. A cordial invitation to the public is extended.

Last night in the Association gymnasium the regular weekly meet of the basket ball league was held. The Crescents team defeated the Monarchs by the score of 21 to 14. The Alerts forfeited their scheduled game to the Athletics.

The Crescents have practically

won the season contest as only three more games will be played and they are so far in the lead that it will be impossible for any team to gain the place. A fine pennant over four feet in length has been ordered and will presented the winning team.

The Tigers easily defeated the Nationals in three straight games rolled on the Y. M. C. A. bowling alleys last night. In the second game, the Tigers got real busy and rolled up the score to 915 pins.

Following are the scores:

CARNIVAL OF ATHLETICS
Witnessed by Small Crowd at the Grand.
SHUFELT THE WINNER
Has no Trouble in Disposing of Al Belany.

Will Hogan Makes a Good Showing Against Joe Percente the Clever Chicago Fighter.

An exceedingly small crowd was present last night at the Grand, to witness the boxing and wrestling carnival, but those who attended seemed well pleased with the athletic program presented. There were no long tiresome waits between acts and this fact alone pleased the crowd greatly.

It was 8:30 when master of ceremonies George Morrison announced the first event, a wrestling bout between "Tough" Anderson and Al Lamb. The two athletes went at it in true professional style, with John Fairbanks as referee. Anderson had all the best of the argument, and secured the first fall in nine minutes, with an arm lock and body hold. The second fall came in just three minutes when with a scissors and arm lock Anderson again pinned Lamb's shoulders to the mat.

Then came the best event on the evening's program, a wrestling bout between John Shufelt, of Toledo, and Albert Belany, of Chicago. The men were of the same weight and put up a rattling good fight. "Eddie" Barr, of Upper Sandusky, was chosen to referee the bout, but he didn't last long. Before Shufelt and the crowd realized that the match was on, Barr gave Belany a fall. Shufelt was not down by half a foot, only one shoulder touching the mat. The spectators raised a howl and Mr. Barr was requested to resign. He did and Emerson Abbott, of Ft. Wayne, Ind., was selected as official. Abbott came here to challenge the winner of the match, and did so at the close of the bout.

When the wrestlers squared off for the second fall Shufelt went after his man in no easy manner. He showed up the Chicago lad in all the departments of the mat game. The first fall had been simply given to Belany in three minutes. Shufelt threw his man in nine minutes with an arm scissors and body hold. The last fall went to the clever little Toledo man in another five minutes as a result of an arm lock and body hold.

PLAYS AND PLAYERS

Contrast to her through the church. Contrast that with "Faust." Perhaps Nietzsche was the only man since Plato who could have written of love equally well. But Nietzsche was mad. His insanity took the form of a violent misogyny. Love is full of the most amazing contrasts and contradictions—the dark man passionately admires the blonde woman; the short man, the Amazon; the man of the North the beauty of the South. The man whose youth has been solitary, is shocked when he meets a young girl full of life and briskness. He should have danced and amused himself with the society of women. Men always love the same type, no matter how many different women they love, the type never varies. The opposite of love is ambition. Men after forty or forty-five, and women after twenty-five or thirty, lose love and acquire ambition, what the French call "Arrière-pensée." Nations that have little love and no ambition are absolutely lazy like the Corsicans and the Spaniards. It is this laziness that makes them so violent. The Hungarians were a lazy people, hence their violent national dance, the Czardas. Hungarians witnessing an American dance see in it nothing but a melancholy polishing of the floor. What love will do and undo is amazingly exemplified by that pre-eminent master author, Mr. David Belasco, in his greatest and most noted success, "La Belle Ruse," which will be given its only local presentation this season at the Grand Opera House on Tuesday evening, March 19, with Mr. Franklin, Miss Florence Huntington and a supporting company of more than average competence.

FLORENCE HUNTINGTON
With La Belle Ruse at the Grand Tuesday Evening.

"Love," said Mr. Maurice Franklin, who is this season essaying the leading role in David Belasco's stirring English drama, "La Belle Ruse" is the offspring of a God-like abundance. The myth of the symposium of Plato illustrates the large, un-demanded by love in all things, a generous, unreserved amplitude, nothing mean, small or narrow. All the great literature of the great nations since Plato, said Mr. Franklin, follow Plato in this idea of love as an immense thing that questions not nor specifies. This is where Shakespeare's lover fell short. Juliet tells Romeo that he must

If You Don't Get Good Cigars Now, It's Your Own Fault

All you have to do is to stand up like a man and ask the dealer for cigars identified by the "Triangle A" on the box.

Nothing else. Nothing easier. Nothing surer. When you say "Give me a 'Triangle A' cigar," you are absolutely as certain of getting quality, and the same quality every time, no matter which particular brand you select, as if you had your cigars made up to order.

We have succeeded in building up a fifteen per cent. share of the entire cigar business of this country. In the face of the keenest competition, take notice. You know well enough that there's only one way we could have done it: Simply by making better cigars of every grade than any other manufacturer has produced and telling the truth about them.

And by making the strongest definite claims that any cigar manufacturer ever dared to make, and living up to them.

The one reason why we started

in marking our boxes with the "Triangle A" was to enable you to shut down sharp on the common hit-or-miss way of buying cigars on somebody's say-so, and make your selection with your eyes open.

It would be worth your while to take all sorts of trouble in order to obtain "Triangle A" brands—but you don't have to bother—you can get them anywhere.

It's up to you to ask for them. Practically every dealer in the United States carries them. Do your part! Give yourself a square deal!

This "Triangle A" merit mark identifies the product of the most modern improved methods and scientific processes of cigar production, and represents a standard of quality far superior to that which the same price could heretofore purchase.

If you have been buying your cigars by guess-work and want to put our claims to a most practical test, just take a new start. Begin by smoking one of the best-known of all the brands that are sold under the guarantee of the "Triangle A"—

The New CREMO

Compare it fairly with any cigar sold at the same price that carries no "Triangle A" guarantee—you won't fail to see why we are so confident of your co-operation as soon as you realize just what the "Triangle A" stands for.

Every box is now extra-wrapped in glassine paper, sealed at each end with the "Triangle A" in red. The cigars are kept clean, fresh and in perfect smoking condition until the box is opened.
