

A RASH ACT.

Don't commit suicide until the day after to-morrow. Beware of desperate deeds. The darkest night is followed by the brightest morning. Many a suicide would be still living had he waited a day or two. Don't lose hope. The road to despair is in the direction of the door. It should be banished from your vocabulary.

If you have a cough or cold or disease of the lungs, use Pisco's Cure faithfully and study carefully the important directions that accompany each bottle. A strict adherence to these directions, combined with a regular use of Pisco's Cure have restored many afflicted persons to health.

Read the following sworn testimony:

In 1891 I commenced coughing, which continued until I got up in the evening. I spit blood in considerable quantities. I consulted several physicians, but they said that I was suffering with my lungs. I used two or three bottles of Pisco's Cure, and I was cured. I used eight or ten bottles of this medicine. Commenced to cough again in October, 1901. I weighed 125 pounds in December, 1901. In January, 1902, I weighed 100 pounds and in the present time I weigh 125 pounds and am in perfect health.

FRANK J. LEOPARD, Testimony, M. Y.

STATE OF PENNSYLVANIA, in and for the County of Warren, ss. I, J. M. Thompson, County Clerk, do hereby certify that the foregoing is a true and correct copy of the testimony of Frank J. Leopard, as given before me on the 20th day of March, 1907.

HAD FINGERS CROSSED WHEN ACCIDENT OCCURED Hamilton, O., March 21.—The right arm of young Carl Anthenian aged 14, which was cut off by a train last week was dug up and the fingers of the hand straightened to relieve the lad of the delusion that his fingers were crooked into a painful position.

The boy has been complaining that his fingers were clenched when he fell and that their position bothered him. He also said that the arm itched and when he tried to stretch it he was often surprised that his arm was not there.

SALARIES INCREASED

Rural Carriers will Profit Largely in Distribution of \$5,900,000 Annually.

Washington, March 21.—Under the recent act of Congress making appropriations for the postal service for the ensuing fiscal year the postmaster general may fix the salaries of carriers in the rural delivery service at a rate not exceeding \$900 per annum after July 1, 1907. The highest rate paid under the old law is \$720 per annum.

The readjustment of salaries under the new law has not been fully determined, but it is proposed to allow the maximum rate to all carriers on routes twenty-four or more miles in length, as shown by the records of the department. This will give approximately 22,000 or about 60 per cent. of the carriers an advance in salary of 180 per annum.

A substantial increase in pay for other carriers is contemplated but the chief beneficiaries of the new law will be those serving the longer routes upon whom the greater hardships of the service fall. Carriers on the shorter routes ranging from twelve to fourteen and from fourteen to sixteen miles in length now receive \$504 and \$540 per annum, respectively, being proportionately better paid than carriers on routes of twenty or more miles.

The pay of substitute rural carriers will also be increased in many cases. This advance, it is estimated, will result in an approximate increase of \$5,900,000 in the cost of the rural free delivery service.

CAPTAIN OF GUARD MUST PAY PENALTY

Ironton, O., March 21.—Captain Paul Willis, late of company I, Seventh regiment, O. N. G., of which regiment Colonel A. G. Thompson was in command until his election as secretary of state in the Lawrence county jail, awaiting removal to the Mansfield reformatory. Captain Willis was convicted of forging the name of Major Davidson to receipts for army rent, which is paid with state vouchers. He carried his case to the circuit court, which affirmed the finding of the common pleas court. The prisoner had until Tuesday to file a petition for an appeal on error to the supreme court, but he failed to take advantage of the right and submit to arrest.

Captain Willis is the son of a Baptist minister of this county, and is a former deputy probate judge.

ILL HEALTH CAUSES YOUNG LADY TO SUICIDE

Norwalk, O., March 21.—Ada Cooper, aged 32, suicided by throwing herself into a creek. Ill health was the cause.

TOMBS OF ANCIENT GREEKS ARE DISCOVERED

Naples, March 20.—The excavations at Metapontum, on the gulf of Taranto, southern Italy, have resulted in the discovery of many Greek tombs, some covered with enormous tiles, others with cylinders and still others with stones. One tomb, evidently that of a distinguished personage, was made of large, heavy blocks of stone covered with Greek lettering and had inside a skeleton intact with vases and other objects. The tombs belong to the fourth century before Christ.

Interest in the discovery has been heightened because the great Greek philosopher, Pythagoras, was buried at Metapontum about 500 B. C. and as his tomb still existed at the time of Cicero, who died in 43 B. C., it is hoped that it may be found.

FELL INTO THE FLOOD AND WAS DROWNED

Coshocton, O., March 21.—Last evening, while attempting to drive over a stretch of road submerged by the waters of the Muskingum river, John Hahn, aged 39, and his sister Emma, aged 16, were thrown over an embankment into eight feet of whirling water. Hahn was caught under the buggy and was drowned. His sister climbed upon the top of the vehicle and was rescued by men in a boat.

Hahn's body has not been recovered, and it is thought it has been washed down stream. Hahn and his sister were enroute to a wedding.

KNOWS WHERE PIRATE TREASURE IS HIDDEN

Columbus, O., March 21.—Thomas McCaskey, who was brought to the penitentiary yesterday, claims to know the secret of a million dollar treasure hidden by pirates in Cuba. He says he saved the leader's daughter, and the men revealed the hiding place, which McCaskey was preparing to search for when arrested.

McCaskey will serve three years for shooting to kill. He is an Englishman and once was in the British army.

Paris.—The latest society craze is bookbinding. Countess De Noailles, a poetess, started it. Now a club of amateurs, including Countesses Rene De Greffulhe and Desanay, clad in working houses, tall at sewing leather, cutting it, gluing, pressing and decorating with hot irons after designs of the fifteenth century.

Countess De Noailles has revived the eighteenth century custom of perfuming books, working attar of roses into the very glue of the backs and delicately sponging every page with a faint solution of musk of roses.

BURTON WILL NOT TALK

He May, However, be an Active Candidate for Foraker's Senatorial Shoes.

Cleveland, O., March 21.—Congressman Burton said he did not believe it a proper time for him to comment on the fact that his friends over the state are urging him to enter the list as a candidate to succeed Senator Foraker.

If he could have done so, Mr. Burton would have postponed the launching of a senatorial movement on his behalf.

"Things may line up so as to make it favorable for me to become an active candidate next year," said Mr. Burton last night, just before leaving for Washington. "I may make a statement before I leave for Panama Saturday."
