

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowledge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

SOCIETY and WOMAN'S WORK

The fourth annual ball and reception of the Commercial club, given Monday evening at the club house and Huber ball room, was the first important social event of the post-Christmas season, as well as being one of the most elaborate affairs which will be given at this time of the year. More than 100 guests, including a number from out of the city, enjoyed the hospitality of the club, all of them attending both the reception and ball.

The reception was held at the club house on South Prospect street, between the hours of eight and ten, and the remainder of the evening, until after midnight, was taken up with a program of dances at the Huber hall. Card tables were also arranged about the hall, so that those who did not care for dancing found means of amusement at the tables.

On the receiving line at the club were Mr. and Mrs. William E. Scofield, Mr. and Mrs. Frank R. Salter, Mr. and Mrs. Busby Sweeney, Mr. and Mrs. M. Streitz, Mr. and Mrs. John A. Schroeder, Mr. and Mrs. John C. Anthony, and Mr. and Mrs. James F. Prendergast. During the reception, the guests passed the time with informal amusements. Punch was served until the time of departure for the ball room.

The entire fourth floor of the Huber building was employed for the occasion, the south half being used for the serving of a fine buffet lunch, under the direction of the club chef. Placed about the table was a row of pretty miniature silver candlesticks, which were presented to the guests as souvenirs.

The first number of the dance program was a grand march, led by Mr. and Mrs. Tracey R. Allen. Music was furnished by Dowler's orchestra.

Both the club house and the ball room were beautifully decorated with southern smilax and azalia, the arrangement being extremely tasteful.

During the reception at the club house, flash light photographs were taken of the ladies grouped in the grille room and of the gentlemen in the billiard room. The photographs will be reproduced in the Marion number of the Ohio Magazine, to be issued in the near future.

The affair was given under the direction of the club social committee, of which Frank R. Salter is chairman.

The attendance was very large at the regular meeting of the Degree of Pechontas held in the lodge apartments yesterday evening. Aside from transacting regular routine business the membership degree was conferred on class of two candidates and arrangements made for initiating a large class at the next meeting on Monday April 15.

Mrs. William Gross, of East Center street, will entertain the Advance club next Monday afternoon.

Mrs. J. B. Virden, of St. James street, was hostess to the members of the Epworth Literary Circle yesterday afternoon. The attendance was large and a very interesting meeting resulted.

In response to roll call the members gave some favorite quotation from a juvenile author. Mrs. W. H. Hinklin read a highly interesting paper on the theme "America in the Twentieth Century." The meeting was concluded with the transaction of regular monthly business.

Mrs. J. Wilbur Jacoby, of South Vine street, will be the next hostess.

Honoring her guest, Miss Mary Young of Oberlin, Miss Grace Denman entertained in a delightful fashion, a company of friends at her home on South State street, yesterday evening. The occasion proved one of the most enjoyable of the season's society events.

Poem Born of Imagination.
As to the poem, "How They Brought the News From Ghent to Aix," Browning said that there was not the slightest historical foundation for it. It was written while he was making a Mediterranean voyage, and the longing to escape from shipboard and take a gallop on horseback inspired him with the idea. The distance from Ghent to Aix is too great to be made in the time described by any horse but an iron one.

Uncanny Charm.
Lady Violet Greville has a story of a woman who had a little Japanese charm given her. Every time she wore it some mischance happened, and she generally fell ill. Her son at last took the jewel to the keeper of the Japanese curios in the Paris museum and requested to be informed what the charm represented. "This," said the expert at once, "is the emblem of sickness." The woman never wore it again.

CITY PARKS THE QUESTION

To be Discussed at the Meeting Tonight.

PUBLIC SERVICE BOARD

Will Transact Considerable Important Business

Cross Walks on Unpaved Streets Badly Needed—Miles of Side-walks to be Laid This Summer

At a regular meeting of the board of public service to be held this evening, a large amount of important business will be transacted.

During the winter months, the members have met only twice monthly, but beginning tonight, meetings will be held weekly on account of the large amount of work that he board has on its hands.

Bids will be received for sandstone crosswalks for the unpaved streets of the city. The work should have been done last summer, but because the city did not have the money, it had to be postponed until this spring.

Arrangements will be made to receive bids for the laying of a large amount of sand stone sidewalks, the majority of which were ordered by council last fall.

It is expected that the park question will be up for consideration, and that definite plans for taking care of the public play grounds will be formed. A park superintendent will be appointed, and plans made for proceeding with the work which was abandoned last fall on account of the lack of funds.

The board now has plenty of money on hand for improvements, and will spend it liberally in beautifying the parks.

New driveways will be laid out, rustic bridges and seats built, flower gardens placed at various parks and shrubbery set out. An extra effort will be made to have the lawns as near perfect as possible. It is probable that the board will decide to build a baseball diamond at the north end of the park for the youth in that section of the city. There will be no baseball at the south end park.

Daily Market Report

UNION STOCK YARDS.
Cattle—Receipts—3,609; estimated

Cleveland, April 2.—Hogs—Higher; receipts 2 cars, shipments 1,000; yorkers 6.90 @ 6.95; mediums and heavies 6.90 @ 6.95; best pigs 6.90 @ 6.95; stags and roughs 4 @ 6.10.
