FRANCHISES ARE GRANTED

By Bucyrus Council Tuesday Night.

LOCAL INTERURBAN MEN

Have all Franchises Necessary for Extension.

Although all Right-of-way Has not Been Secured Work will Begin in Near Future.

The city council of Bucyrus granted two interurban railway franchises, Tuesday night, one to the Toledo & Columbus company, which was incorporated only a few days ago, and another to the Columbus, Marion & Bucyrus company which will build an extension of the C. D. & M. to Bucyrus. The C. M. & B. was represented by General Manager George H. Whysall and George B. Seefield.

Under the provision of the C. M. & B. franchise, the tracks of that company will connect on the public square at Bucyrus with the main line of the Ohio Northern Traction company, which operates between Bucyrus and Crestline.

A traffic arrangement will be decided between the two companies whereby through cars may be run from Marion to Crestline and vice versa. Within a few years, interurban officials say, it will be possible to run a traction car directly through from Cleveland to Columbus.

The franchise is for a period of 25 years. The Toledo & Columbus company purposes to build a line from Tiffin to Bucyrus and connect at the latter place with the C. M. & B. to give through service to the capital city. General Manager Whysall of the C. D. & M. said Wednesday morning that he now has all of the franchise necessary for the Bucyrus extension, but still has all of the franchise necessary for the Bucyrus extension, but still has a few pieces of right-of-way to secure. The fact that the right-of-way is not complete, however, will not prevent work from starting at this end of the line and Mr. Whysall says that things will be moving within a very short time. The franchise granted here, Monday night, requires that work shall be started by June 15.

The following clipping is taken from the Bucyrus Telegram of yesterday:

George Whysall, manager of the Columbus, Marion & Bucyrus line and George Seefield of Marion, are in the city, looking after the interests of the line. It is thought that the real work on the Bucyrus end of the line will begin next week. Mr. Whysall gives out the information that the construction of the line is only a matter of a few days but that he intends to get all preparations made so that when the cold weather permits a start there need be no delays.

George D. Everett, representing the Toledo, Bucyrus & Columbus electric line was in the city to be in attendance at the council meeting in the interest of his company. Mr. Everett says the outlook of his line is very promising.

Dance tomorrow night in Schwinger hall. Be sure and go.

PRISONERS ARRAIGNED

Snyder Enters Plea of Guilty.

LYONS CASE DISMISSED

Found to be Just Another Family Quarrel.

Auditors Meet at Lima for the Purpose of Making Annual Appraisalment of the C. & E.

The prisoners at the county jail yowere indited by the last grand jury were arraigned before Judge Young Wednesday morning. All except one pleaded not guilty. Peter Fitzgerald, charged with placing an obstruction on the street car track, requested for time in which to confer with his attorney. His request was granted and he will be arraigned later.

Charles C. Snyder, indicted on two counts, one of grand larceny, and another of forgery, pleaded guilty. In doing so he asked the court for the privilege of withdrawing his plea at any time, his attorney having the intention of asking for an abatement. The request was granted.

William Dickerson pleaded not guilty to the charge of horse-stealing and grand larceny, Kohler Zimmer to the charge of adultery, and James Sullivan to the charge of robbery.

Those who were indicted and who are out on bond will be arraigned later.

The case against William Lyons, of Cottage street, arrested on a charge of assault and battery, made by his sister-in-law, Mrs. Eva Lyons, was dismissed, Tuesday afternoon, by Justice Charles Conley. The justice found that the case was nothing more nor less than a family quarrel, and that both sides were to be blamed. Only the side of the prosecution was heard. Mrs. Lyons said that she went to her brother-in-law's home to get a hoe and a rake belonging to her and that he assaulted her. "He pinched my arm and shook me three times," Mrs. Lyons told the court.

Other witnesses testified that Mrs. Lyons had broken a cart belonging to her brother-in-law, and that he, to get even, took her hoe and rake. When Mrs. Lyons went to get the hoe and rake, so others testified, she took a broom with her. She swatted her brother-in-law twice, and he took the broom. That is where the pinching happened.

After all of the testimony for the prosecution was in, H. N. Quigley, attorney for the defendant, filed a motion to have the case dismissed. His motion was sustained. The trial lasted about two hours.

In the damage suit of Horatio Hoyley against the Chicago & Erie Railway company, the plaintiff has filed a reply to the defendant's answer and cross petition, denying that Shelby Smith came to his death by his own negligence.

The auditors of the counties through which the Chicago & Erie railroad pass are holding a meeting at Lima, today, for the purpose of making the annual appraisalment of the company's property. Auditor Charles L. Aller of Marion county is in attendance.

The King's Daughters of the Presbyterian church were entertained last night at the home of Mrs. E. E. Bush on East Center street. A short literary program was rendered after which refreshments were served and the evening spent socially.

The society will next meet with Ethel Krouse of South State street.

The Wesley Mission Band perpetrated a pleasant surprise on Mr. James Osborn at his home on the Boulevard last evening presenting him with a nice donation. About 40 were in the party. The early part of the evening was spent socially and then a prayer meeting was enjoyed.

The Daughters of America met last night and made the second nomination for the election which will be held in two weeks. One application for membership was received. After the business meeting refreshments were served and a social hour enjoyed.

The teachers of the North School building were entertained last night by Miss Hattie Christian, of Farming street. The affair was a surprise granite shower in honor of Miss Edith Godden. The evening was pleasantly spent with games and music and excellent refreshments were served.

The Woman's Relief Corps met yesterday afternoon and attended to routine business.

Mrs. L. D. Hamilton of East Center street, will entertain Tuesday with a five o'clock tea.

Mrs. C. C. Fisher will give a luncheon next Tuesday afternoon at her home on Mt. Vernon Avenue.

Mrs. James P. Prendergast, of East Church street, is entertaining at bridge this afternoon.

LATEST SUBJECT IS GRASS IN OHIO

Allen O. Myers Author of Book on "Alfalfa," of Interest to Farmers Everywhere.

A work on alfalfa in Ohio, by Allen O. Myers, will soon be issued from the press and be ready for distribution to subscribers. The subject is one in which every farmer in Ohio is deeply interested and the high character of the work and the reputation of the author, insures a large demand and a ready sale of this great book for farmers.

Ten years ago Allen O. Myers left politics and newspaper work and sought the beauties and benefits of the simple life on the farm. He turned his active brain and tireless energy to solve some of the problems of the soil, and Allen O. Myers has achieved such success in growing alfalfa on poor clay soils that he has justly earned the title of being the leading authority upon alfalfa in Ohio. For four years he has been lecturing on alfalfa at Ohio Farmers' Institutes and his thorough mastery of the subject and his splendid presentation of the matter to the audience has drawn large crowds and made him one of the most popular lecturers on farm topics in Ohio. The work will be thorough and complete in every detail, showing how to prepare the ground, how much seed to use and treatment and culture. On what kind of soils to grow. How to cure the hay. Its value as pasture and feed, to all kinds of animals, horses, cattle, sheep, hogs and poultry.

The book will be of great value to stockmen, horsemen, cattle feeders, dairymen, sheep men, hog raisers and livery stable men. It will contain information about the value of growing alfalfa on city lots instead of weeds. This book ought to be in the hands of every progressive farmer who wants to keep up with the procession. Every farmer will save the price of the book a hundred times over by profiting by the valuable information it contains—based not upon theories, but upon Mr. Myers' failures and successes. Those wishing to subscribe for the book can send subscriptions to Fred J. Heer publisher, Columbus, O., and the book will be mailed postage prepaid. Those wishing agencies should address R. J. Diegle, Sandusky, O.

The book will be a work of art and a credit to every library and will contain ample and beautiful illustrations which will exhibit the various phases and features of this wonderful grass, which is to play such an important part in improving agriculture in Ohio, and adding many fold to its production and profits. Agents for Allen O. Myers' great book on alfalfa are wanted in every township in Ohio. Liberal commissions will be paid.

Growing Old.

It is ten p. m. They are seated in the parlor. "No," she says, bowing her head. "Pa says I am too young to become engaged." It is just 1:30 a. m. They are still seated in the parlor. Suddenly, from somewhere upstairs, a gruff voice shouts. "Henrietta, if that fellow waits a little longer you'll be old enough to accept his proposal!"—Woman's Home Companion.
