Plans for Gymnasium Work for the
Coming Season Discussed by
Those Present:

The members of the Leaders class of the Y. M. C. A. gymnasium met last evening at 6 o'clock and were escorted to the Colonial restaurant on East Center street by physical director C. M. Douthitt, where they were banqueted. Following an excellent dinner the members assembled in the parlors of the Association where they discussed various plans for the gymnasium work of the coming season.

The class authorized the physical director to appoint the officers of the organization and the results will be made known at the next meeting to be held Wednesday night. It was decided to tax each member 25 cents for non-attendance without a good excuse.

EVERYTHING IN READINESS

For the Marion County
Fair.

OFFICIALS ARE PLEASED

Coming Event Will be a Re-
cord Breaker.

Entries in Every Department Very
Large—Prospects Good for Great-
est Fair Ever Held.

"We are going to give the people of Marion county the best fair they have ever had and the best fair in the state," is the statement of Secretary James A. Knapp, of the Agricultural society which is now getting everything in readiness for the annual event.

Through the efforts of the managers of the fair the races will be of a higher class than in the past. More money is being offered in prizes and bigger strings of horses are being brought here to compete for the rich purses. The management has constructed several barns at the fairgrounds to accommodate the racers.

No less an authority than Richard Hipple states that the horse show at the fairground will excel that at the state fair in Columbus. Large entries have been made in the gelding, coach and road classes. The contest for the blue ribbons will be very spirited.

In all of the live stock departments the entries are coming in fast and every available inch of space at the grounds will be taken up by exhibitors. In the vegetable and poultry departments the displays will be large. The corn show, which is only open to Marion county, will be a big feature.

The management has booked a large number of high class attractions for the fair. All of the shows are first class and none of the fake variety will be permitted within the grounds. No liquor will be sold on the grounds nor will any gambling be permitted.

The movement by the business men to have a fall opening during the week of the fair is meeting with excellent success and the city will probably be in gala attire that week and visitors will be attracted from a large radius. It is also probable that the airship feature will be added to the long list of open air features provided by the management.

Preparations are being made to entertain the greatest crowd that ever attended a fair in the history of the local Agricultural society.

MRS. EVA MERKLE WANTS A DIVORCE

Charges Husband with Gross
Neglect of Duty.

Second Divorce Suit Between the
Couple—One Filed by Merkle
was Dismissed.

Eva L. Merkle, through her attorney, L. E. Myers, filed suit for divorce against Otto F. Merkle, in the court of common pleas, Saturday. They were married April 2, 1903, and have no children.

The plaintiff charges her husband with gross neglect and with willful absence for three years. She asks for restoration to her maiden name of Eva L. Shupp.

This is the second divorce suit between the two brought in the local court. Merkle filed a petition April 21, 1905, and the suit was dismissed April 25, 1907.

Better Than Spanking.

Spanking does not cure children of bedwetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatment with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Bucolic Style.

"The farmers made fortunes on wheat, didn't they?" "Yes, indeed," replied the railroad official, "and by a little strategy we are getting them to ride in our parlor cars. You know the farmers have always been prejudiced against parlor cars." "Why was that?" "Well, they said the cars didn't look anything like parlors at all. That set us to thinking, so we fitted up several special parlor cars with wax fruit, horse-hair furniture and old-fashioned photograph albums and now you couldn't pay the farmers to ride in any other car but the parlor."

GIVES CITY FINE SERVICE

System Goes Into Effect
Monday.

FOUR DAILY ROUNDS

To be Made in the Business
Districts.

Marion People Can Now Boast of
a Complete Mail Carrier Service.

Postmaster M. B. Dickerson has completed his work of redistributing the routes of the local force of letter carriers, the new system to go into effect Monday. The only material change will be the addition of Wood street to territory to be benefited by the city delivery. In the past, people living on Wood street have been compelled to call at the office for their mail.

The plan of having the carriers' window open for an hour every evening will be abolished. Instead, carriers will make the rounds in the business part of the city every night between 6 and 7 o'clock for the purpose of collecting mail from the boxes. This is to be done so that business men desiring to get letters out on the night trains will not be compelled to visit the office.

Two carriers will be assigned to the uptown section and will make four deliveries daily, two in the morning and two in the afternoon. The nine other carriers will cover the residence district. This will give the city complete carrier service.

The appointment of two additional men to the regular force of carriers making the total eleven men, has made it necessary to name two new substitutes. Only one, Clyde C. Smith, a school teacher, has been named. J. Weston Jewell has been appointed as an additional clerk.

Follow the Peoples Band to the Richwood Fair next Thursday and the Marion Steam Shovel Band next Friday.

SCHOOL CHILDREN WADE THROUGH MUD

Lack of Sidewalks Results
in Complaint.

Mayor Upon Investigation Finds
Parents Have Ground for Re-
gistering Kick.

Citizens, whose children attend the Olney avenue school building, have come forward with a complaint regarding the lack of sidewalks in that section of the city which makes it necessary for the children to wade in the mud almost knee deep in rainy weather.

The complaint was made to Mayor Scherff, who investigated the case yesterday. The mayor learned that the majority of the children who attend the building, reside west of the Hocking Valley tracks. In going to and from school they are able to find sidewalks only about one-fifth of the distance from their homes to the school building. In rainy weather they are compelled to go several times the required distance in order to find sidewalks and even then a large part of the trip must be made through the mud.

The mayor will take up the matter with the members of the board of education and the city council.

AERST FOLLOWS TUESDAY'S FIGHT

Kerr is Charged With As-

Neighbors Quarrel Over Pitchfork—
Waterman Goes to Hospital
for Repairs.

Constable James K. Redd went to the farm of Richard Irvin, eight miles north of the city, Saturday morning to arrest Stephen Kerr, who is wanted on a charge of assault and battery. An affidavit was filed in Justice H. C. Thompson's court, Friday, by Waldo Waterman, who claims that Tuesday afternoon he was assaulted by Kerr. Waterman bears two discolored optics as testimony.

The two men had trouble over a pitchfork, and according to Waterman's story, Kerr threw rocks at him. After the fight, Waterman was taken to the Central Emergency hospital, his head a mass of cuts and bruises. He is now able to be out.

Kerr was arraigned before Justice Thompson at 2 o'clock Saturday afternoon. He pleaded not guilty and was bound over to the grand jury under bond of \$300 which was furnished.
