**TOSCHNER BROS**

## PRESIDENTS NOW BLAMED

Because New Plan was Defeated.

## MOTIVES WERE SELFISH

Says Neily in Cleveland Plain Dealer.

## Scribe Bitterly Attacks the National Association for its Action in the Matter.

The promptness with which the national association of professional baseball leagues sat upon the scheme for redistributing the Central P. O. M. and O. and P. leagues was beautiful in its simplicity. It was equally effective.

To a man up a tree it looks as though Charles Morton, Dr. Carson and Dick Guy saw the commission first. The entire affair was put up to the three league presidents, the commission assuming the high and lofty attitude of a court of last resort.

Nobody denied that a division of the territory would be beneficial to every club concerned. The strong ones could get together, while the weaker ones could form leagues in which all would have an equal show.

Some deluded persons from time to time have entertained a lingering suspicion that the baseball tribunals were for the furthering of the interests of all concerned. This delightful illusion was dispelled rather rudely in the New York meeting.

Of course there was a good and sufficient reason why the honorable league presidents would not recommend that this or that town be dropped. Sure! The league presidents wanted to be elected again, and none of them wished to take a chance of incurring the enmity of any clubs. It was just a plain case of bread and butter for them. Therein the presidents were wise—from their individual standpoints.

But it seems as though the association, the highest governing body for minor and major leagues, would have been able to accumulate a sufficient amount of gumption and a backbone to take up the question squarely and decide upon the merits. Theoretically, at least, that is the purpose of the commission. Practically the commissioner's chief object, in so far as the minors are concerned, seems to be the emission of a lot of hot air.

It looks now as though there is only one way of getting into organized ball under favorable circumstances and that is starting an out-law league that can waste enough money to make the organized portion of the pastime sit up and take notice.

This latest action of the association simply emphasizes the statement, "Once in a league always in a league."—Harry Neily in the Cleveland Plain Dealer.

## WANTS PANAMA CANAL MADE TEN FEET WIDER

Washington, Oct. 31.—Secretary of the Navy Metcalf has recommended that the width of the Panama canal be increased from 100 to 110 feet. The recommendation is due to the increased size of battleships.

Fancy sand grown potatoes in 5 bushel lots or more, 75c per bushel.

**CHAS. TURNER & CO.**

## YFGMEN WERE SCARED AWAY FROM THE PLUNDER

Bryan, O., Oct. 31.—Yegmen made an unsuccessful attempt to loot the safe of the Pioneer Banking company at Pioneer, O., early this morning, but were frightened away. There was \$7,000 in the vault. The lookout fired on an early riser who was going to work and the yegs fled.

Two men are under arrest at Reading, Michigan, and will be brought here.

**Knowledge and Religion.**

A little philosophy facilitates man's mind to atheism, but depth in philosophy bringseth man's mind about to religion.—Haeckel

## MAIL MESSENGER IS CAUGHT WITH GOODS

South Bend, Ind., Oct. 31.—Clifford Blanchard, a mail messenger, was arrested here today on a charge of robbing the mail. The police say he has confessed. A large amount of money and stamps was found on Blanchard.

## BEWARE OF OINTMENTS FOR CATARRH THAT CONTAINS MERCURY

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by druggists. Price, 75c per bottle.

Take Hall's Family Pills for constipation.

## WALL MESSASER IS CAUGHT WITH GOODS

South Bend, Ind., Oct. 31.—Clifford Blanchard, a mail messenger, was arrested here today on a charge of robbing the mail. The police say he has confessed. A large amount of money and stamps was found on Blanchard.

## WALL MESSASER IS CAUGHT WITH GOODS

South Bend, Ind., Oct. 31.—Clifford Blanchard, a mail messenger, was arrested here today on a charge of robbing the mail. The police say he has confessed. A large amount of money and stamps was found on Blanchard.

## PLAYERS

Among the many new productions that are announced for the Grand Opera House, none have caused greater comment than "A Desperate Chance" which will be given in this city on Monday evening. Mr. Kremer, the author, has taken as a foundation for the story the scenes surrounding the trial, escape and final capture of the famous Biddle Brothers in Pittsburg and vicinity. It was a well known fact that the Elder Brother Ed had a wonderful affect upon women, saying that it was hypnotic power. While this may not have been so certain it is that he was fairly loaded down with presents, flowers and visits from the gentler sex, and it is this mysterious power that Mr. Kremer has made the central theme of his play. Causing the warden's wife to forget her marriage vows, her home and friends, to aid the condemned murderers to escape. The Majestic Amusement Co., who have the production in hand, have had all the scenes reproduced from photographs taken in Pittsburg, Butler county jail and other places in the vicinity of the tragedy.

**"THE BLACK CROOK, JR."**

A carnival of beauty and a continuous chain of marriage puts a gill-edge touch to the offering of "The Black Crook, Jr.," the latest and greatest of all musical extravaganzas with its appearance tonight at the Grand. It will give evidence of the shortcoming of similar attractions, this production being identified as the most perfect of its kind and in fact being nearer to a spectacular musical aggregation than to the commonly called burlesque attraction. The decoration part in "The Black Crook, Jr." offering required the skill of the most prominent equipment with its unique and brilliant illuminations emanate from the electrical department of one of New York's most famous mechanics, while the costuming is to the greatest portion the creation of a noted Parisian theatrical costumier. The burlesque offer something entirely new, are picturesque and gay in surroundings, bright and witty in dialogue and reflect in their unrivaled beauty and pretty scenes from fairyland's most stupendous scenes.

## BOWLING LEAGUE ORGANIZED WEDNESDAY

Harry Bryan is Elected Secretary and Scorer.

## In Opening Series the Shamrocks Take Two Games From the Boosters.

A number of Marion's expert bowlers met on the Bowler alleys in the Masonic block last night and organized a winter league to be known as the City Bowling league. The league will consist of six teams and will bowl three times a week. Mr. Harry Bryan was elected secretary of the league and will act in the capacity of official scorer at all games.

The organization of the teams to compose the league was perfected last night. The Shamrocks and Boosters rolled a series of three games in which the Shamrocks captured two out of three. Following are the scores:

SHAMROCKS.			
Bowser	152	125	222
Cosgrove	136	170	112
A. Postle	182	119	148
Bryan	150	147	122
Sanford	177	192	101
Totals	792	753	795

  

BOOSTERS.			
Phil Ruhl	163	140	186
Hawk	131	154	141
Zeiser	161	165	178
Latué	127	100	107
McRill	145	153	196
Totals	727	692	806

## HALLOWEEN SOCIAL GIVEN

Pythian Sisters Act as Hostesses.

## PROGRAM IS RENDERED

Dancing and Cards the Concluding.

## Home Guards and Eagles Hold well Attended Session—Fraternal Censer Meets Friday.

One of the most auspicious social events of the week in local lodgdom was the Halloween affair given by the Pythian Sisters in their hall yesterday evening. There was 150 members and friends of the order present and all took an enthusiastic part in making the social the great success which it proved to be.

The lodge hall was appropriately decorated for the occasion in pumpkins, fall leaves, fodder, apples, corn etc. The early evening was given over to a literary and musical program. It opened with a piano solo by Mr. Jess Dowler. Mrs. Elizabeth Godfrey, an accomplished elocutionist from Columbus, was present and delighted the guests with several interesting readings. A cornet duet by Mr. G. W. Baker and Mr. Harry Green, was a number much appreciated. A vocal solo by Mr. Adelbert Hunter scored a hit and he was compelled to respond to an encore. The program was concluded with several pleasing piano selections by Mr. Jess Dowler.

Following the program, refreshments were served and a general good social time was enjoyed. Dancing and cards were the concluding features.

The following committee on arrangements had charge of the affair: Miss Cora Virden, Mrs. Harry Green, Mrs. D. Uncepher, Mrs. William Morganthaler, Mrs. G. W. Baker, Mrs. John Bland, Mrs. S. B. Lewis Mrs. S. T. Court and Mrs. A. Cull.

Business of a routine nature was considered at a well attended meeting of the Home Guards held in the lodge hall last night.

The Fraternal Order of Eagles met last night and made arrangements to initiate a class of candidates at the next meeting.

The Fraternal Censer will hold an important meeting Friday night, Supreme President I. L. Bollings of Cincinnati will be present.

## BIG CROOKS IMMUNE

Chicago Police do Not Dare Arrest Them Because of Their Political Pull.

Chicago, October 31.—Mayor Busse received a shock yesterday when Captain P. D. O'Brien, Chief of the Detective Bureau of the Chicago Police Department told him to his face that the police do not dare arrest the big thieves and crooks who infest the city for fear of losing their places. As the Mayor has entire control over the Police Department, subject only to the Civil Service law, the statement was a paralyzer. Here is the way the Mayor put the situation up to Captain O'Brien:

"You, O'Brien, know every crook in Chicago. You men not only know them, but every policeman who has been in the department for the last 10 years knows them. Why are they not driven out of Chicago? Every now and then some poor devil is arrested, but we never hear of the big fellows being taken in."

The Mayor was amazed when Captain O'Brien came back at him with the declaration that it would be as much as his job was worth for him (O'Brien) to arrest any of the big crooks.

"Why, Mr. Mayor," he said, "these fellows are bigger than I am in the department and they would soon get my job. Their political pull would mean that I would be transferred."

The Mayor then offers to put the matter to a test. He told Captain O'Brien to go out and arrest some of the big fellows and see what would happen. O'Brien declined. He said he was afraid. He said the whole Police Department was afraid. And now Mayor Busse threatens to overturn the whole Police Department.

## SUNBURY PROFESSOR ASKS FOR DIVORCE

Delaware, O., Oct. 31.—Prof. H. W. Bradshaw, professor of the Sunbury Schools, this county, President of the Delaware County Teachers Association and a graduate of Ohio Wesleyan University, filed suit for divorce last night against his wife Zella Bradshaw. The couple were married September 15, 1901, the wife being the daughter of the late Kelfer Jacobus, one of the wealthiest farmers in this county and by whom Mrs. Bradshaw was left a large estate. He says she has left for parts unknown.

Her disappearance brings up a bit of gossip afresh, and it is alleged that the professor's wife visited Columbus Tuesday and passed through Delaware for Toledo yesterday.

The professor sought to secure a restraining order on the sale of the wife's estate before Judge Seward but was refused.

## ELECTRICITY CAUSES SLEEP

Paris, France.—Prof. Stiphane La Duc of the School of Medicine at Nantes has discovered a method of causing electric sleep. It is claimed for the discovery that it will replace chloroform and other anesthetics in all surgical operations. The discovery proceeded from study of the effects of intermittent currents and from the knowledge that the skull and brain offer but little resistance to the currents.

For a human being a current of 35 volts is applied intermittently in its full strength for minute fractions of a second. Two electrodes are applied to the skull in a special manner, the points of application being first carefully shaved.

Prof. La Duc made scores of experiments on dogs and on himself. All were successful. The application of the current on the head is not dangerous and no ill effects follow, even when the experiment lasts for hours.

Such a bluff.

"Congressman Nervey's outside," said the nigger, "and he wants yer to pass him in."

"Tell him," replied the manager of the prize fight, "that we can't pass nobody but newspaper men."

"I did and he says he's sportin' editor of de Congressional Record."—Philadelphia Press.

A Poser for Me.

William—Did the baby come from heaven, ma?

Stamma—Yes dear.

William—I say, a—, that kid didn't know when he was well on, did he?—Boston Transcript.

## MARRIED WOMEN

Every woman desires a shapely, pretty figure, and many of them deplore the loss of their girlish form after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

The Bradford Regulator Co., Atlanta, Ga.

## NO REDUCTION FOR HOLIDAYS

Ohio Passenger Agents in Session.

## BIG BUSINESS EXPECTED

By all Roads During the Coming Winter.

## Large Number of Local Engineers Attend Brotherhood Meeting at Galena Wednesday.

The passenger agents of Ohio met at Cleveland Wednesday evening and discussed many matters pertaining to passenger traffic. It was unanimously agreed that no road should give reduced rates for travel during the holidays. The officials believe that a two-cent fare is sufficiently low.

It is supposed that traffic will be very heavy during the winter and the roads will no doubt be taxed to accommodate the passengers at the usual fare.

The road officials are preparing for an enormous business during the coming winter and indeed the passenger traffic has already become very heavy.

The American Locomotive works and other manufacturers of railroad equipment have reported the amount of business done during the last year as the greatest of any previous year.

A special train bearing fifty members of the I. O. O. F. lodge and friends was run on the Hocking valley Thursday morning to Springfield. The occasion was the dedication of the new extension to the Odd Fellows' home.

A second section of Erie train No. 3 was run this morning, the regular passenger train being over three hours late.

## HOME MADE COTILLON FAVORS.

Profitable and Pleasing Occupation for Leisure Hours.

No matter how many amusements there are in summer, such as tennis, golf, bathing and croquet, there is always an hour or two in each day when a girl wonders what to do with her time. She may not care to read or sew, and yet feel too lazy to do anything more strenuous. In these hours some girls last summer hit on a splendid scheme which at the end of the season gave themselves and many others a great deal of pleasure. They were most anxious to give a cotillon, but could not, as the favors were so expensive, so one of the girls suggested their getting together and making some. So they met one morning and started by making paper flowers, of which they made a great many in about an hour, and on leaving each girl was given some paper to take home with her so that she could make more. The next week these flowers were seen on a ribbon about a yard long, the kind that can be bought for about 15 cents apiece. Ten flowers to each yard of ribbon was the allowance, and when finished it made a very pretty ruff for the neck. With the flowers that were left over were made boutonnières for the men, and here, with little if any trouble, was one set of favors. For another set they cut out pretty pictures from magazines and had glass cut to fit them. These, when passe-partouted, made most acceptable favors for the girls to correspond with those the men had—ordinary white clay pipes with the date of the dance painted on the bowl and the stems tied with ribbon. For another set they had paper hats for the girls and rosettes of ribbon for the men.

## GENTEEL TRAMP SAVES TOWN FROM DESTRUCTION

Boonville, Ind., Oct. 31.—A gentleman tramp saved this town from a conflagration during last night. Though he beat his way on a freight train to this city, his clothing and general bearing showed his genteel character. Further than saying that he was a machinist and a college graduate, he refused to reveal his identity.

About 3 a. m. he wandered from the railway track to Boonville. When he saw a smoldering fire above a large dry goods house, he ran from house to house, wherever he saw lights he frantically shook the doors till he finally succeeded in waking up some of the residents, who gave the alarm. The blaze in the store was soon subdued. His compensation was free fare to Louisville and a brand new suit of clothes.

## CASE FOR THE HANKERCHIEF.

Simple Little Satchel Good in Either Silk or Brocade.

A simple little handkerchief satchel which is easily made, and which might be carried out either in silk or brocade, is shown in the accompanying sketch. It would be very pretty in dark rose-colored silk, with a lining of pale pink, bound at the edge with cream satin ribbon, and tied on the outer side with cream satin ribbon bows. The ribbons which are arranged in the form of two crossing straps with a bow in the center, help to keep

the handkerchiefs in position, and should be chosen in the same shade of pale pink as the lining.

It is a good plan to sprinkle some sachet powder over the silk before putting the finishing touches to the lining, as this will give a delicate perfume to the whole of the satchel.

Other contrasts of color can be selected, of course, if preferred, and the satchel would be pretty in leaf-green lined with white, or in two shades of mauve or hyacinth-blue. Initials or flowers might be embroidered on the outer side of the case.

Get Income from Flowers.

For miles of the valley a vicar in Carmarthen draws \$2,500 a year from a London dealer, while an old lady in Berkshire is said to make nearly \$5,000 yearly out of Marabout Niel roses.

## Nervous From a Little Child Up

Today she is strong and healthy as a result of the use of L. A. W. Chase's Nerve Pills.

The genuine Dr. A. W. Chase's Nerve Pills put up in a round flat box with blue and yellow label never fail, when intelligently used, to cure any and all childhood troubles caused by a run-down exhausted condition of the nervous system. They give strength, steadiness, natural sleep and general vigor. Just as Mrs. Mary Baller of 221 Dearborn St., Buffalo, N. Y., says they did in her daughter's case. She says: "From a little child up, my daughter—now 21 years of age—has been exceedingly nervous, fidgety and restless—most of late years, work has been out of the question. Any exertion played her out—her sleep was far from good and constantly broken. I was advised to try Dr. A. W. Chase's Nerve Pills. I got some and used them with fine results. The improvement was most marked—today she is in comfort—feels strong and better in every way and sleeps well. The eyesight is better and stronger—none of the old watering of the eyes. It certainly is a splendid medicine." Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

For sale in Marion, Ohio, by Flocken's Drug Store.

## MADAME DEAN'S FRENCH FEMALE BEVER BROWN TABLETS
