 the Duke of Manchester, is dead

**CAPTAIN CHARLES DE F. CHANDLER AND J. C. M'COY AND  
 THEIR BALLOON.**

This picture was taken as Captain Charles De Forest Chandler, U. S. A.,  
 in the contest for the Lahm cup at St. Louis, was starting out in his bal-  
 loon with his aeronautic partner, J. C. McCoy. In the contest for the Lahm cup  
 Messrs. Chandler and McCoy sailed 475 miles, beating Lieutenant Lahm's  
 record at Paris last year.

**MARTIN MALONEY AND DAUGHTER.**

The disappearance of Helen Maloney, daughter of the Standard Oil mag-  
 nate and papal nuncio, Martin Maloney of Philadelphia, caused a sensation  
 on both sides of the Atlantic. Mr. Maloney lost no time in going to Europe  
 to search for his daughter, who was supposed to have eloped with an Eng-  
 lishman, Samuel Clarkson. An American, Arthur Henry Osborne, claimed that he  
 and Miss Maloney were secretly married two years ago, their wedding not  
 being announced because he was at college and wished to finish his course.

**MISS EDITH RICKERT.**

Miss Edith Rickert, the novelist who has published a new story, entitled  
 "Folly," won fame by her previous work, called "The Reaper." She is a native  
 of Ohio, but now lives in rural England, at 7100s Green, Four Elms, Eden-  
 bridge, Kent. She was graduated from Vassar college in 1891 and was an in-  
 structress at this institution for several years.

**Starvation Sits  
 At Loaded Tables**

You Can Lead a Dyspeptic to the  
 Table, but You Cannot Make  
 Him Eat.

There comes a time in the lives of  
 great many men and women when  
 even a sirlon steak ceases to be po-  
 etry. It becomes a protest. The ap-  
 petite becomes fitful and fretful.  
 Nothing on troth ill of fare can coax  
 it.

The appetite is there and yet it  
 isn't.

This makes eating a mere matter  
 of machinery—the mouth doesn't wa-  
 ter. The stomach has been worked  
 overtime, and the body and the brain  
 are paying the penalty.

What If a Man Gains the Whole  
 World—and Lose His Appetite?

There are thousands of people in  
 every station of life who are walking  
 the earth today with dyspeptic stom-  
 achs. They wear a dejected, forlorn  
 appearance, their energy is at zero,  
 nothing interests them, and they in-  
 terest no one, their faces are shrunk,  
 their nerves are wilted and their  
 shoulders sag.

Everything on the table may look  
 delicious, but nothing will be tempt-  
 ing. That's one sure sign of dys-  
 pepsia.

If you have ever felt bloated after  
 eating and imagined it was your food  
 that filled you; if you have felt your  
 food lie "like a lump of lead" on  
 your stomach; if you have had a  
 bad, sour breath, difficulty in breath-  
 ing after a meal, suffering from eruc-  
 tations, burning sensations, heart-  
 burn, brash, or gas on the stomach,  
 make up your mind you have dys-  
 pepsia. And the chances are you  
 have had it a long time.

Your stomach is overworked, abused  
 fagged out. The gastric and digestive  
 juices are weak, the muscles of the  
 stomach are jaded, and the whole  
 business needs new life. It needs  
 something which will take hold of the  
 food as it comes in and do the dig-  
 esting, and let your stomach take  
 a rest.

Stuart's Dyspepsia Tablets do that  
 very thing. They contain a most  
 powerful ingredient which helps the  
 stomach in the process of digestion,  
 cures dyspepsia, sour stomach, indig-  
 estion, heartburn, eructations, acidi-  
 ty or fermentation. They invigorate  
 the stomach, increase the flow of  
 gastric juice, and do two-thirds of  
 what the stomach would have to do  
 without them. That gives the stom-  
 ach some rest, and a chance to get  
 right again.

You will feel the change first in  
 your mind and heart and then over  
 your whole body. You'll feel rosy  
 and sweet. That's the object. You  
 can get these effective little tablets  
 almost anywhere on earth for 50c a  
 package.

Send us your name and address  
 today, and we will at once send you  
 by mail a sample package free. Ad-  
 dress: P. A. Stuart Co., 150 Stuart  
 Bldg., Marshall, Mich.

Austria provides an object lesson  
 in dealing with waste lands. Prizes  
 are given to farmers to encourage  
 them to recover waste lands and  
 lay them down as pasture, and  
 also to erect shelters or stables for  
 cows in high altitudes. The impor-  
 tance of this may be seen from the  
 statement that one-quarter of the  
 total fodder required for cattle and  
 horses in the empire is derived from  
 Alpine districts.
