MICE ENJOY COSY HOMES

Furnished by the Ventilating Shafts.

TEACHERS NOT PLEASED

With Conditions at the Lincoln Building

Are Kept in a Horrified State by the Super Abundance of Mice That Infest the Temple of Learning.

According to the report of P. S. Wilson, superintendent of janitors and buildings, there are so many mice at Lincoln building that the teachers are kept in a horrified state all the time. Mr. Wilson explained to the school board at its regular meeting last night that the under-floor ventilating shafts furnish excellent harbors for the pesky little women horriders and recommended that the shafts be removed. The matter was placed in the hands of the building and grounds committee.

Mr. Dickerson introduced the point that since the city has determined to reap the interest on its money, that the school board should consider the same proposition instead of allowing it to lay around in the banks without drawing a premium. After discussing the matter and determining if the board has the right to instruct the treasurer as to the placement of its money.

The board received the bond of C. D. Walters, city treasurer, for \$50,000, which was placed in the hands of the finance committee.

The board voted to allow the usual custom of dismissing school Wednesday evening for the remainder of the week on account of Thanksgiving.

When the school board purchased the lot for the Silver street building, it supposedly bought to Thompson street. However, it has since been disclosed that there is a strip of land three and one-half feet in width which cuts off their street facing, belonging to Mrs. Eunice Love. Although the board took no definite action last night, it is probable that it will be necessary to purchase the strip, as Mrs. Love has offered it at a very reasonable price.

Bills amounting to \$6,989.44, including \$5,908.64, the final estimate on the Oak street building, were allowed and the clerk instructed to issue orders on the treasury for the payment of same.

Inflammatory Rheumatism Cured in 3 Days.

Morton L. Hill, of Lebanon, Ind., says: "My wife had Inflammatory Rheumatism in every muscle and joint; her suffering was terrible and her body and face were swollen almost beyond recognition; had been in bed for six weeks and had eight physicians, but received no benefit until she tried Dr. Detchon's Relief or Rheumatism. It gave immediate relief and she was able to walk about in three days. I am sure it saved her life."

"COLONEL PAXTON"

Famous Kentucky Stallion is Coming to Marion.

Marion county breeders of fine horses will learn with considerable interest that another fine stallion has been purchased by a local horseman. W. T. Harrison has just purchased from H. C. Moody of Lexington, Ky., the bay pacing stallion "Colonel Paxton," No. 30086, foaled in 1904 and who has a record of 2:24 1-4. Colonel Paxton is by "Noble" 2:10 1-4.

DEATH CLAIMS WELL KNOWN LADY

Mrs. S. A. Hemmerly Passes Away.

Born in Knox County the Deceased Came to Marion About Twenty Years Ago.

After an illness of about three years, Mrs. S. A. Hemmerly, wife of A. Hemmerly, succumbed to Bright's disease at nine o'clock Tuesday morning at her home, 340 Oak street.

Mrs. Hemmerly had only been confined to her bed for about a week until the last few days her condition was not thought to be very dangerous although no hope was held out for ultimate recovery. She was sixty six years of age and was born in Knox county. She came here with her husband and family twenty years ago. Mrs. Hemmerly was an excellent woman and her death is mourned by a large circle of friends.

Besides the husband, four sons, Ernest and Elmer of Columbus; Harry of Kipton; William of Delaware and William Byers, of this city, a brother, survive.

Funeral services will be held at the residence at two o'clock Wednesday afternoon, Rev. G. E. Barnard officiating. Interment will occur at Jackson Center cemetery, Wyandott county at ten o'clock Thursday morning.

EIGHTEEN HOURS WITHOUT A STOP

Pianist Waterbury is Still Hard at Work.

Fingers Blistered and Hands Purple to the Knuckles—May Beat His Record.

Eighteen hours without a single stop was J. M. Waterbury's record up until 2 o'clock this afternoon. This phenomenal pianist plays right on despite the fact that the ends of his fingers are worn to blisters and his knuckles are black and blue. It is without doubt the most remarkable exhibition of physical endurance ever given in the city. The player is perched on a platform near the stage of the Bijou theater and while the show is in progress chimes in with the music.

Waterbury declared at 2 o'clock this afternoon that he believes that he will be able to beat his best record of 25 hours and 50 minutes of continuous playing.

BADE MYERS SAYS NAYI NAYI PAULINE

Refuses to Leave the Central Baseball League.

Cities Working Hard for Redistricting the O. & P. are not Having Smooth Sailing.

From New Castle comes today the word that the redistricting plan for which the northern towns of the O. and P. are at present fighting so hard, had been given a black eye. One Bade Myers manager of the Canton team of the Central league seems to be the man who is causing all the trouble.

In an interview today, Myers says he positively will not withdraw from the Central league to enter a new circuit with Erie, New Castle, Sharon, Akron and Youngstown. Marion fans surely believe Bade knows what he is doing when he refuses to enter into any league where those great big cities of New Castle and Sharon, are so greatly interested. Sharon and New Castle has done more howling than any other cities in the O. and P. They should form a league all by themselves.

LUCAS SUIT CARRIED OVER

Judge Babel Unable to Hear Case.

MOTION FOR NEW TRIAL

Filed in Case of State Against Dr. C. C. Marsh.

Court Rules John Herr Has Valid Defense to Original Action Brought by Bank—Court News

In the case of John Herr against the Marion National Bank, the court has ruled that Herr has a valid defense to the original action brought by the bank company. The bank obtained judgment on a \$1,000 promissory note held against Herr and Herr sought to have the judgment set aside. He says that he gave the note in payment for stock in a voting machine company, which, it was represented would locate a plant here. The plant was never brought here and his stock is valueless. The agent of the company sold the note to the bank and the bank sought to collect.

The court has decreed that Herr shall be allowed to proceed. His petition will stand as an answer to the original suit brought by the bank.

The case of the state of Ohio against Robert G. Lucas, the young man indicted for forgery, has been carried over until the next term of court. The trial was to have started Tuesday, but because of circumstances, it had to be continued.

Judge Babel, who at the last moment had been asked to sit in the case, stated Monday that he had completed all arrangements for taking a trip through the West and that he could not remain later than Tuesday evening. The attorneys agreed that the trial could not be finished in one day and for that reason it was continued.

Lucas gave a bond of \$300, set by the court.

The state of Ohio has filed a motion for a new trial in its case against Dr. C. C. Marsh, the neuro-magnetic healer, who was acquitted Monday, on the charge of practicing medicine without a license. The judge, it will be remembered, took the case from the jury and ordered Marsh's release.

The motion filed through prosecutor Clark and C. D. Laylin, attorney for the state board of medical registration at Columbus, sets up five alleged errors. The matter will go to the circuit court.

The case of the state of Ohio against A. E. Wise, of LaRue, has been continued until the next term of court. Wise's bond has been placed at \$300. Wise is charged with having defrauded the county by collecting for painting a bridge which was never painted. The case was tried on a previous occasion and the jury disagreed.

In the matter of the application of the First Presbyterian church to sell certain real estate, the court has ordered that all property described be sold, with the exception of lot No. 1685 on Park Boulevard. The real estate comprises a number of lots given the church by members of the congregation.

In the suit of Charles L. Justice, administrator, against H. C. Lee and others, judgment has been revived to the extent of \$520.40.

The damage suit of John Richards against the Chicago & Erie railroad company has been dismissed at the cost of the plaintiff.

FORMER RESIDENT.

Mrs. Hannah Cunningham Dies at Columbus.

Mrs. Hannah Cunningham, a former resident of this city, died Tuesday morning at 6:30 o'clock at the home of her daughter, Mrs. Margaret Reinheart, in Columbus. Death was due to a general breaking down of the system due to old age. Up until three years ago, Mrs. Cunningham lived here, where she has a wide circle of friends.

The remains will arrive in the city Thursday morning over the Hocking Valley. Funeral services and burial will take place at the exact time and place to be announced later.

BANK PRESIDENT SLASHES HIS THROAT

Brooklyn, Nov. 26.—Howard Maxwell, the indicted president of the Borough bank, which suspended payment last month, today cut his throat with a razor in an attempt at suicide. He is in a precarious condition.

ERIE CONDUCTOR UNDER ARREST

Charged With Blocking Street Crossings.

Mayor Scherk Orders Police to Arrest Train Crews Who Break the Ordinance.

On an affidavit made Monday morning by Patrolman N. E. Babcock, Conductor D. F. Schultz, of the Erie, was arrested this morning and brought up in the mayor's court, charged with permitting the freight train of which he was in charge to block the Main, State and Prospect street crossings for more than the five minutes allowed, yesterday morning.

Schultz told the mayor that it was not his fault. He said that the engineer had pulled past a switch and that the train broke in two while backing up to get into the switch.

The mayor dismissed the case against Schultz after he heard a statement of the case, but immediately took up the matter with C. E. Allen, Erie superintendent. The mayor is determined that the company shall not block the crossings in the principal part of the city for longer periods than the law permits and has instructed the patrolmen to arrest the train crews and bring them into court when guilty. If the crews are taken from their trains and the trains delayed it is believed that the practice will be eliminated.

Chief Cornwell took Charles F. Noblet to the workhouse this morning. Noblet will serve thirty days for drunkenness and abusing his family.

Call and see the hand painted china at the Free Baptist church sale to be held in the church basement Wednesday, Nov. 27. It
