

HE REFUSED TO LISTEN TO IT

JUDGE ANDERSON DENIED A MOTION TO END WALSH TRIAL.

BY TAKING IT FROM A JURY.

The Judge Said that Bank Examiners Had Violated the Law and Neglected Their Duty in Regard to Walsh's Acts.

Chicago, Dec. 27.—Judge Anderson in the United States district court Thursday overruled a motion to take the case of John R. Walsh from the jury. Attorney Miller, for the defense, contended that the practice of using memorandum notes had the sanction of the bank examiners.

"I don't care about that," said Judge Anderson. "Any competent bank examiner who does that commits a violation of the law and neglects his duty. Had the comptroller and bank examiners done their duty, the conditions the evidence tends to show existed would not have gone as far as it did, and this bank would have been closed up long before it was."

Regarding the investments in the various Walsh enterprises, Mr. Miller argued that the defendant was acting for the benefit of the bank. He spoke specifically of the purchase of receiver certificates and the investments in bonds of the Central & Chester railway.

"If all this was done for the benefit of the bank and not for himself," said Judge Anderson, "how did it come that the officers got \$1,400,000 of the stock, while the bank got the bonds? For the purpose of illustration only, I say this: If I sent a man out for me to obtain securities, and for the purpose of protecting some debt that was owing to me, and I got nothing but the bonds, while he got \$1,400,000 out of the stock, he and I would have it out right there, and that is the way it is."

Mr. Miller was interrupted during his argument by Judge Anderson, who said that it was unnecessary for the attorney to talk longer.

"From the evidence presented it does not appear wise for me to decide this case myself," said Judge Anderson. "It is wiser for you to talk longer. The more you discuss this thing the worse it looks to me. The motion is overruled."

Chicago, Dec. 27.—Judge Grosscup, of the United States circuit court, on Thursday entered a decree of foreclosure on the properties of the Union Traction Co., which operates the street car systems on the North and West sides of the city, and ordered them sold. EXTENSIVE FORGERIES.
They are Alleged to Have Been Committed by the Cashier of a Bank at California, Pa.

Washington, Pa., Dec. 27.—Officers of the Bank of California, Pa., charge that indorsements on \$74,000 worth of paper given the institution by ex-cashier O. F. Piper are forged. The charge is made at the end of an investigation started when the bank closed several weeks ago. At that time Cashier Piper and William Lenhart, a business man of Pittsburgh and Brownsville, were arrested, charged with conspiracy to defraud. Lenhart was released on bail, but Piper is in jail.

The name used for the indorsements is that of a leading California business man whose identity the bankers refuse to divulge. He repudiated all of the signatures. Piper on Thursday denied that there were any forged signatures in the papers he handled. Stockholders and officers planned to reopen the bank January 1 through a 30 per cent. assessment and \$20,000 forfeit on Piper's bond, but Bank Examiner Berkeley refused to allow re-emption until these amounts are paid over in cash and has postponed the opening to January 14.

Hungry As a Bear And Can't Eat

If, When Mealtime Comes, You Suffer From a Yes-Not-Kind of Hunger, You're a Dyspeptic

How to Cure all Stomach Trouble.

Every possible kind of stomach trouble can be cured by taking something which will just take right hold of all the food in your stomach, and let the stomach take a rest.

Stuart's Dyspepsia Tablets do this very thing. They are composed of the best digestive known to science and are absolutely safe. One ingredient alone of one of these tablets will digest 3,000 grains of food! These tablets do exactly the work that a good strong healthy stomach does.

Stuart's Dyspepsia Tablets cure all cases of dyspepsia, indigestion, burning or irritating loss of appetite, bloating, brash, belching, aversion to food, fermentation and gas on the stomach.

Stuart's Dyspepsia Tablets will make you feel "good" before and after each meal, and make your stomach strong and healthy again. They will make you happy.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Stuart's Dyspepsia Tablets are sold at every drug store for five a box. A good many people get mad when you tell them they've got dyspepsia, but way down deep in their stomachs they know they've got it.

"I'd love to eat it, but I can't," is one kind of dyspepsia. "I hate to think of it," is another kind. There are thousands of people today who hate their meals, and love them at the same time. They haven't that fine empty-hungry everything-in-sight kind of feeling which goes with every good strong healthy stomach. That's because they have dyspepsia. And then there are others whose mouths don't water at meal time or at any other time. They sit at the table and go through the motions, only because it's time to eat. These people, too, are dyspeptics.

FOR USING MAILS TO DEFRAUD.
A Bunch of Promoters and Mining Men are Sentenced by a Federal Judge.

Denver, Dec. 27.—Promoters, mining engineers and other persons convicted of using the mails with intent to defraud in connection with the sale of stock in the Lost Spanish Ballon Mines Co. were sentenced Thursday by Judge Lewis in the United States district court here as follows: George S. Dubers, Lee Dubers and C. L. Blackwell, 30 days in jail and \$1,000 fine each; William H. Wilson, W. B. Cameron, A. E. Keabler and Arthur Lawrence, 15 days' imprisonment and \$500 fine each; Arthur Levan and E. W. Sebben, \$100 fine and costs amounting to \$200; R. C. Hunt and Danton Pinkus, \$50 fine and \$150 costs.

Before announcing the sentence Judge Lewis overruled a motion for a new trial. He stated that the facts brought out at the trial closely showed that the defendants made false statements in publishing advertisements regarding the company's property near Silver City, N. M., and on the basis of the facts the penalties were merited, but out of consideration for the nine wives and seven children of the defendants he had determined to impose lighter penalties. All the defendants were permitted to give bonds in the sum of \$1,000 each to await the decision of the United States circuit court of appeals, to which they announced their intention to appeal.

POLICEMEN WILL GUARD WAGONS

IN CASE DRIVERS STRIKE FOR MORE PAY IN GOTHAM.

ABOUT 1,000 MEN INVOLVED.

The Drivers of Newspaper Delivery Wagons in the Metropolis Demand an Increase of Two Dollars Per Week.

New York, Dec. 27.—A strike of drivers of newspaper delivery wagons and helpers is threatened. One thousand members of the Newspaper Delivery association met last night. Meantime at police headquarters a hundred special policemen had been sworn in to protect the newspaper wagons in the event of trouble.

This action was taken upon the application of T. B. Farrell, who is the agent of the American News Co., against which, it is declared, the strike will be chiefly directed. Those papers which make their own deliveries, however, will also be involved, it is said. Farrell declared that if the strike was begun the wagons would go out as usual, and that in addition to new help, every wagon would carry an officer.

The men are now paid \$14 and \$16 a week and wish the scale increased to \$17 and \$19.

Farrell stated that the employers had offered to compromise on \$17 for the drivers and \$15 for the helpers. This offer was refused. Farrell said he had hired 400 strike breakers who would be sent out with the wagons if the men quit.

At 1:30 o'clock this morning the conference was adjourned until 6 o'clock to-night, when a final vote on the question of striking will be taken. Meantime it was decided to continue work as usual to-day. Deliveries were begun immediately after the conference ended. The special officers and strike breakers, it was said, would be held in readiness for service if the men struck.

It is charged the letter was sent Dr. Shaffer by Mrs. Martha Deichley, a widow, and postmistress of Morgantown, Pa. The defense claims the letter is a forgery if written in handwriting similar to that of Mrs. Deichley. The contents of the letter have not been made public.

The sales amounted to about \$250,000 a year, with about \$75,000 profit; this being placed to the credit of the school fund, the road fund and the city expense account. It reduced taxation, but the voters felt that its influence was not for the city's best interest.

SANE, CONFINED 18 YEARS.

Finds a Listener, Who Hears His Story and Secures His Release.

Peoria, Ill.—Repeatedly during his 18 years' confinement at the Kankakee insane asylum, Francis de Four has unsuccessfully tried to interest persons in his case, and at last he found a man at the institution who would listen to his story, and as a result has been placed in communication with his family, who are said to be well-to-do residents of Chicoutine.

De Four was a sailor who met with some mishap which caused him to be declared insane, and he was committed to the Kankakee institution. Unable to talk English, he could give no account of his relatives. As a patient from Cook county, De Four was given little attention, and by the few who heard fragments of his story it was treated as the ravings of a lunatic. A few weeks ago he attracted the attention of a French-Canadian patient and a watchman by the name of A. M. Pelletier. The latter suggested that De Four write to the parish priest.

The letter was written and a response came back that De Four had been mourned as dead. The patient of nearly a score of years will be taken back home as soon as the formalities can be arranged.
