

# WE'LL MEET YOU AT CEDAR POINT

## Beautiful Resort Will Entertain Many Conventions This Year.

### SOMETHING DOING EVERY DAY

Commercial, Political, Fraternal, Social and Other Associations Will Combine Business With Pleasure at Cedar Point, Lake Erie's Famous Resort, Which is More Completely Equipped This Season Than Ever Before.

Representatives of state and national associations will meet in annual convention at Cedar Point, on Lake Erie, during the days of July and August. In addition to the annual meetings of trade and fraternal bodies, politicians will gather at the Lake Erie resort to discuss matters pertaining to county and state affairs. The program presents a list of important meetings and will attract representatives from every state in the Union. The published programs of the associations that have selected Cedar Point as the place of meeting provide for the annual election of officers, banquets, steamboat rides on the lake and a general combination of both business and pleasure.

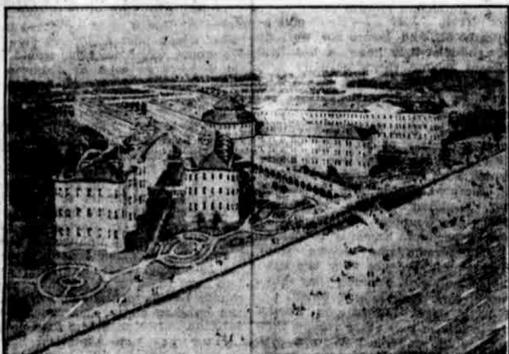

The first week of July and following the national holiday Cedar Point

the state. Governor Harmon is on the program for an address and the candidates for office on both the Republican and Democratic tickets will mingle here for the week with the representatives of the press. The legislative banquet this year will bring out some of the best speakers of both parties and the keynote of the campaign will be sounded by men selected to inspire their constituents in the November battle of the ballots.

The Exclusive Distributors' association of America will meet in annual convention Aug. 9, 10 and 11, bringing together distributors of advertising matter from all parts of the country. The Ohio Checker association will also meet this week at Cedar Point. Newell W. Banks, the champion checker player of the world, will participate in the meeting and for the first time in the history of the silent game will play blindfolded and collectively fifty of the best players of the country. Mr. Banks has in the past contested with twenty players at one time, but never before has he attempted to enter a contest in which the number of players will equal the number at the Cedar Point meeting of checker players assembled from all parts of the United States and Canada.

The American Association of Opticians will meet in annual convention Aug. 15, 16, 17, 18 and 19, bringing together opticians from every state in the Union.

The National Trade association, one of the largest trade associations in the country, will meet Aug. 23, 24 and 25. The celebrated "hay rate" case, which has been hotly waged in the United States courts for several years, will come up for final discussion, the last fight having been made in the highest tribunal of the country a few weeks ago. This subject has furnished acrimonious debate in the past conventions for years, and almost driven the association into fac-

will entertain the members of the Ohio State Bar association. The dates for this meeting are July 7, 8 and 9. Senator Bailey of Texas will address the lawyers assembled and other speakers of national repute will be on the program for the meeting.

The Ohio State Pharmaceutical association will meet in annual convention July 12, 13, 14 and 15, and a pleasing feature of the four days' session will be the social program arranged by the officers and committees in charge of the convention. One half of each day will be devoted to business and the remainder to entertainment, including a boat ride into Canadian waters and among the islands of Lake Erie.

The Knights of Columbus will meet at Cedar Point during the week of July 17, while the week of July 24 will witness the gathering of the Ohio Master Painters' and Decorators' association and the Ohio Electric Light association. The painters and decorators are now engaged in warring on the adulteration of paints and oils, and this subject is to be discussed at length upon the days of the meeting—July 26, 27, 28 and

tional sides. The end of the fight is now in sight and a happy solution of the "hay rate" case arrived at.

The annual meeting of the Re-Union Association of the Benevolent and Protective Order of Elks will take place at Cedar Point Aug. 25, 26 and 27. New officers of the association will be elected upon the occasion of the gathering of the antlered herd and the wire pulling that has been going on for the past year for president will come to an end upon the last day of the meeting of the delegates representing the various subordinate lodges of the state.

Labor Day will be observed this year at Cedar Point in a manner surpassing former years of the working-man's holiday, and the final week of the season at the resort will witness the gathering of the members of the Junior Order of the United American Mechanics. The dates for this meeting are Sept. 6, 7 and 8.

In addition to the above conventions for the months of July and August the Dahl-Millikan company of Washington C. H. will entertain 1,200 patrons at Cedar Point during the days of July, the party coming to Cedar Point in three sections. The

visitors will remain at Cedar Point from Monday until the following Friday and the expense of the outing will be borne by the company, including railroad transportation, hotel accommodations and boat rides to the islands and up the Sandusky bay. Cedar Point is more completely equipped this season than ever before for the entertainment of visitors, and the large expenditure of money that has been made since the close of the resort last year has been made with the object in view of making the resort more complete and inviting than ever before and without any increase in any department in the way of expense to the one day visitor or the sojourner. The list of one-day excursions booked for the months of July and August is in keeping with the number of conventions to meet at Cedar Point.

The two had quarreled over the manner of working out tobacco on the farm of John Riley. Riley, after killing his brother, went to his home and notified the neighbors. He was brought to Princeton and lodged in jail.

### SHOT AND KILLED HIS BROTHER ED.

Princeton, Ky., July 7.—John Riley shot and killed his brother, Edward Riley, in his tobacco field Thursday.

## Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be at her finest and fairest. Why isn't she? The general health of woman is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round form where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Favorite Prescription. It gives vigor and vitality to the organs of womanhood. It clears the complexion, brightens the eyes and reddens the cheeks.

No alcohol, or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as sacredly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

## ASK HARMON TO STOP PICTURES

### Christian Endeavorers Make Country-Wide Fight.

### FILM MEN UP IN AIR

Say They Will Fight Opposition to Exhibition of Jeffries-Johnson Moving Pictures—Also Intimate That Mayor Schwab of Cincinnati Was Premature in His Order For Suppression—Shank of Indianapolis Hangers to See Pictures Himself.

Columbus, O., July 7.—The Christian Endeavorers want Governor Harmon to join in the movement to suppress the Jeffries-Johnson fight pictures. A telegram was received at the governor's office from William Shaw of Boston, secretary of the society, requesting the governor's assistance and stating that in many places race riots and murder had followed the announcement of Johnson's victory, and that such results would be multiplied by the moving-picture exhibition. Secretary Long is investigating the Ohio statutes to see if such exhibitions are unlawful in this state.

So far as Columbus is concerned, the city officials said that no complaint or protest had been made against showing the pictures in Columbus. An investigation of the ordinances revealed no measure covering the subject whereby the showing of the pictures could be prevented, as they would not come under the head of immoral or criminal exhibitions.

The "stop-that-fight" movement of which Charles D. Rockwell of Columbus was the leader, and which sought to prevent the Jeffries-Johnson prize-fight, has now directed its energies against the presentation of the motion pictures of the fight.

### THINK THEY HAVE A LEMON

Film Men, However, Say They Are Eager For Fight For Rights.

Reno, Nev., July 7.—The moving picture men are up in the air. They thought they had grabbed a fortune when they bought the fighters' share of the fight films, but they are wondering if it is a lemon they have plucked. From various parts of the country comes news that the mayor and chief of police in some places will not allow the pictures to be shown. The south is especially opposed to the films because Johnson won, and it is feared that a race riot will result wherever pictures are shown.

One of the wealthiest men behind the picture rights, when told that certain mayors had announced that they would bar the pictures, said: "The mayor of Cincinnati or any other city will not keep us from showing the pictures. We have not tried to make a date in Cincinnati. The mayor should wait until he is asked for a permit before he breaks out into print saying he will keep us out. We will fight for our rights everywhere. If Wild West shows and melodramas depicting the worst crimes on the criminal calendar are allowed in show houses I think it is hardly right to bar legitimate moving

pictures. Anyhow, we will give them all a fight. Now, just wait and see."

## Delicately Formed

and gently reared, women will find in all the seasons of their lives, as maidens, wives and mothers; that the one simple, wholesome laxative remedy, which acts gently and pleasantly and naturally and which may be taken at any time, when the system needs a laxative, with perfect safety and real beneficial effects, is Syrup of Figs and Elixire of Senna.

It has that true delicacy of flavor which is so refreshing to the taste, that warming and grateful toning to the stomach which responds so favorably to its action and the laxative effect which is so beneficial to the system when, occasionally, its gentle cleansing is required.

The genuine, always bearing the name of the California Fig Syrup Co., may be purchased from all leading druggists in original packages of one size only, price fifty cents per bottle.

## PRESIDENT IN SECLUSION I

### Secretaries Deceit That He Must Rest For Nine Days.

Beverly, Mass., July 7.—President Taft is going to be "trained" up to the minute. For the fear of the psychological effect that communication with the outer world might have upon the chief executive, Secretary Norton withheld all mail. When the president asked for his letters Mr. Norton gave him his most pleasant smile; when he looked for Assistant Secretary Forster to take dictation they spoke of golf. Just why the president is to be removed from all outside influences was explained at the executive offices by the statement that he needed a rest—an absolute rest—for nine days at least.

## Excursion Steamer Catches Fire.

New York, July 7.—The Grand Republic, largest excursion boat in this port, caught fire in the hold when returning from Rockaway Beach with less than 50 passengers aboard. The captain, Edward Carman, made a hurried run to the Crescent A'letic club's pier, where the passengers and crew were landed without panic or mishap.

## ROOSEVELT MAD AT NEWSPAPERS

### Denies Story That He Indorsed Poindexter.

### TELLS ABOUT INTERVIEW

Announces That He Has Said Nothing About Any Contest For a Nomination and That If He Has Anything to Say It Will Be Over His Own Signature—Does Not Blame Washington Insurgent For Stories Printed Broadcast.

New York, July 7.—The contributing editor of the Outlook was somewhat wroth over stories printed concerning his conference with Representative Miles Poindexter of Washington. One particular newspaper which Mr. Roosevelt mentioned had made him say that he had indorsed the candidacy of Mr. Poindexter against men from the Ballinger wing of the Republican party in the state of Washington. He said he made no such statement. Whatever inferences might be drawn the colonel, of course, was not responsible for, but he was angry when he read that he had said things he had not said. However, Mr. Roosevelt did not negative the inference made.

The colonel dictated this statement: "Mr. Roosevelt will see very many senators and congressmen and assemblymen and other public officials, representing all phases of political opinion. He declines to be responsible for any statements excepting those which he himself makes. He has said nothing and intends to say nothing as to any contest for a nomination. If he has anything to say on such a subject it will be over his own signature.

"All that Mr. Roosevelt said in this case was that he was pleased to find that, as he had expected from Mr. Poindexter's past record, Mr. Poindexter was in hearty sympathy with Mr. Roosevelt's views as to conservation and similar subjects. Mr. Roosevelt expressed no opinion about the senatorial contest and Mr. Roosevelt believes Mr. Poindexter is not responsible for the statements that have appeared. Certainly insofar as these statements have quoted Mr. Roosevelt, except as above indicated, they had no foundation whatever in fact."

Senator Beveridge of Indiana and Representative Hamilton Fish of New York were among today's callers at Sagamore Hill.

## ITALIANS PURCHASE ARMS

### Serious Trouble Brewing in Small Town Near Canton.

Canton, O., July 7.—Race trouble between Americans and Italians, which broke out at North Industry, a small town near this city, threatens to result in bloodshed and killings, and Italians are coming into Canton to buy weapons.

A few days ago the brick company employed an Italian to take the place of an American, who was discharged. A shot was fired through the booth where the freeman stands, narrowly missing the Italian.

All began arming and say they will fight. The property will be guarded to prevent assassination of the Italian employes, against whom there is bitter prejudice.

GEROUS in this way, but it causes ulcerations, death and decay of bones, kills ambition, and often causes loss of appetite, and leads to general debility, idiosyncrasy and insanity. It needs attention at once. Cure it by taking Botanic Blood Balm (B. B. B.). It is a quick, radical, permanent cure because it rids the system of the poison germs that cause catarrh. At the same time, Blood Balm (B. B. B.) purifies the blood, does away with every symptom of catarrh. B. B. B. sends a tingling flood of warm, rich, pure blood direct to the paralyzed nerves, and parts affected by catarrhal poison, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms.

When we say that B. B. B. cures we mean a real cure, and this we guarantee. B. B. B. has cured thousands of catarrh cases—even the most deep-seated kind—after every other treatment had failed.

Columbus, O., July 7.—Indications of locomotor ataxia are evident in Mark Slater's condition at the penitentiary hospital, where he has been confined from a nervous breakdown since his commitment in May to serve a four-years' term for falsifying vouchers when he was state printer. His nervous condition does not improve and signs are now evident of locomotor ataxia. It is problematical if he will live to serve out his full time.

President as Wage-Earner. Cincinnati, O., July 7.—A local statistician has figured up the number of years President Taft has been in the public service and the amount of money he has drawn in that time. He asserts that Mr. Taft since 1881, when he was made assistant prosecuting attorney of Hamilton county at a salary of \$1,500 a year, to the end of his first year and a half in the presidential chair at a salary of \$75,000, has served his country 28 years and has drawn \$312,000 pay, or \$232 a week, \$33.25 a day and \$1.38 an hour.

Two Urbana Lads Electrocuted. Urbana, O., July 7.—Henry Leonard, 15, and Hamilton Ring, 14, were electrocuted on the Chautauqua grounds when the Urbana Light company wires became crossed, forming a circuit. The Leonard boy had gone into the headquarters camp to get a box of tacks from a chest on which a telephone was standing. The lid was wet and when he took hold of it he was knocked down, and the telephone fell on him. The Ring lad, going to his rescue, picked up a stick which was wet and attempted to push the telephone off, when he too was knocked down, the wires falling across his face. Both were killed almost instantly.

## TRUMPHEAL ENTRY NIPPED IN THE BUD

### Chief Steward Prevents Johnson Demonstration in Chicago.

Chicago, July 7.—When Jack Johnson, champion heavyweight pugilist of the world, stepped off his special car at the Northwestern depot a little after noon today, he was given a vociferous and spontaneous greeting by hundreds of colored people—men, women, boys and girls and babies in arms.

Fearing race riots in the downtown district, Chief of Police Stewart issued an order prohibiting any formal welcome to the conquering hero. Consequently there was no parade as had been contemplated.

Johnson attracted much attention on his way from Reno to Chicago, every city along the route turning out a majority of its population eager to get a peep at him. Johnson hates all the fuss, too, just like he despises watermelon, and his smile has not rubbed off since he defended his title successfully.

Johnson will leave Chicago for New York Sunday afternoon to fulfill his theatrical engagements, after which he says he will take a rest at Atlantic City.
