He carried out his part of the contract and she carried out hers. That was several weeks ago, but today McBride appeared in court and asked whether a divorce secured under such an agreement, could not be set aside. McBride explained that he

# CHARLTON'S CASE GOES

## Up to Secretary of State And May Result in His Release.

By United Press Wire. Jersey City, N. J., Oct. 14.—Judge Blair, of the common pleas court today refused to set in the case of Porter Charlton, the confessed wife-murderer.

The judge held Charlton on the ground that he is a committing magistrate but absolutely refused to try the case or pass upon Charlton's sanity or his extradition to Italy.

This puts the Charlton case up to Secretary of State Knox to decide the question of extradition. It is believed Secretary Knox will refuse to turn Charlton over to the Italian government, as American murderers have found a safe refuge in Italy in the past.

Should Knox decline to extradite Charlton, the young man's counsel will ask for his immediate release.

## WHIPS HUSBAND IN PUBLIC

Columbus Woman Proves He Has Not Making of Good Sailor.

Columbus, O., Oct. 14.—When John Hopkins, living on a farm east of Columbus, had passed the physical examination for enlistment in the navy, he called his wife over the phone and told her his action was the outcome of a quarrel they had engaged in. Then Mrs. Hopkins called the recruiting officer to the phone and requested him not to accept Hopkins' enlistment until she got there. Thirty minutes later she came like a whirlwind and went after Hopkins. Hopkins yelled for help, but as he is a big man and his wife only weighs about 100 pounds, the officers let them fight it out. In five minutes Hopkins looked as if he'd just blown in on a Kansas cyclone, and the woman stood by ready to lead him home.

The officers thought Hopkins would not make a very good defender of the nation when a 100-pound woman had so effectually cleaned him, so they threw the papers in the wastebasket.

## MILLIKIN A STANDPATTER

Cincinnati Police Chief Refuses to Resign to Please Mayor.

Cincinnati, O., Oct. 14.—The resignation of Chief of Police Paul Millikin was demanded by Mayor Schwab following a conference between Millikin, the mayor and Safety Director Scott Small. Neither of the men interested would discuss what occurred during the conference, but it is known that disclosures made during the recent police probe were under discussion. Millikin declares he will not resign.

"I have no idea what is behind this," Millikin stated. "It is an entire surprise to me, because I know of no reason why I should be asked to resign."

The mayor says that Millikin is one of the greatest men in Cincinnati's civic life, but that the police department needed a quieting influence and Millikin was unable to give it.

# THE FEAR OF HUMBLED

## Prevents Many People From Trying a Good Medicine.

Stomach troubles are so common and in most cases so obstinate to cure that people are apt to look with suspicion on any remedy claiming to be a radical, permanent cure for dyspepsia and indigestion. Many such people pride themselves on their acuteness in never being humbugged, especially in medicine.

This fear of being humbugged can be carried too far, so far in fact, that many people suffer for years with weak indigestion rather than risk a little time and money in faithfully testing the claims made of a preparation so reliable and universally used as Stuart's Dyspepsia Tablets.

Now Stuart's Dyspepsia Tablets are vastly different in one important respect from ordinary proprietary medicines for the reason that they are not a secret patent medicine, no secret is made of their ingredients, but analysis shows them to contain the natural digestive ferments, pure aseptic pepsin, the digestive acids, Golden Seal, hennuth, hydrastis and nux. They are not cathartic, neither do they act powerfully on any organ, but they cure indigestion on the common sense plan of digesting the food eaten thoroughly before it has time to ferment, sour and cause the mischief. This is the only secret of their success.

Cathartic pills never have and never can cure indigestion and stomach troubles because they act entirely on the bowels, whereas the whole trouble is really in the stomach.

Stuart's Dyspepsia Tablets taken after meals digest the food. That is all there is to it. Food not digested is half digested in poison as it creates gas, acidity, headaches, palpitation of the heart, loss of flesh and appetite and many other troubles which are often called by some other name.

They are sold by druggists everywhere at 50 cents per package.

## BUCKEYE BRIEFS

Items of Interest to People in All Parts of Ohio.

Springfield, O., Oct. 14.—Joseph Hayes, employed by Contractor M. J. Cooney, was probably fatally injured by dynamite, which he was using, exploding in a sewer trench.

Hotel Destroyed by Fire.

Marietta, O., Oct. 14.—Hotel Longfellow, at Marietta, was destroyed by fire with a loss of \$20,000. Many of the guests were injured. William Shimp and Miss Della Nicholas were both badly burned. The origin of the fire is a mystery. The Doren drug store was also destroyed.

Attempt to Lynch Miner.

Athens, O., Oct. 14.—John Rapak, 45, a Hungarian miner, was threatened with lynching because of his alleged attempt to mistreat Iva Cotterill, 6, American miners were about to wreak vengeance on him when officers arrived after a furious drive in an automobile, and took him from his enraged captors.

Ballinger Injured in Wreck.

Cincinnati, O., Oct. 14.—Secretary of the Interior Ballinger, returning to Washington, was injured in a collision between two passenger trains here. The secretary's arm was bruised and he was badly shaken up. The two trains met head-on in the suburbs of the city. They were running at moderate speed, and to this is due the escape of the passengers from more serious injury or death.

File Charges Against Correll.

Columbus, O., Oct. 14.—The fate of Mayor A. H. Correll of Zanesville, whom the drys of that city are trying to oust from office, now rests with Governor Harmon. A petition for Correll's removal, backed by 14 different charges of misconduct in office, and supported by more than 100 affidavits, were officially filed with the governor's secretary, George S. Long, by Rev. D. M. Ross and William J. Massey, representatives of the Zanesville Civic league.

Negro Kills Sweetheart.

Columbus, O., Oct. 14.—George Douglas, 24, a South Carolina negro, shot and killed his sweetheart, Marie Bell, 20, and wounded Mrs. Besse Redman and Simpson Galloway, all colored, before he was shot down by Officers James Creedon and Charles Zetty, following a pistol duel at Stone alley and Noble street. Douglas, who is held at the police station with bullet wounds in the right wrist and right leg, admits shooting the girl. He had been drinking and shot the others, who merely happened to be in the way of some of the 15 bullets which he fired about the house and the alley.

Call for Clothing.

Rainy River, Ont., Oct. 14.—A cold, steady rain fell constantly yesterday over the entire district swept by the forest fires during the past week and although the danger from fire is now at an end, the suffering from cold and exposure will be intense. Governor Eberhardt has wired to St. Paul that every town in the state should be called upon to rush clothing to Beaudette, Spooner and other points destroyed by fires.

Increased Rates Again Postponed.

Railways Give Commission More Time to Investigate.

Washington, Oct. 14.—There will be no decision by the interstate commerce commission in the big rate cases until Feb. 1 and probably later, according to an announcement made at the office of the commission. The commission further announced that the railroads have again voluntarily suspended the enforcement of the proposed increase rates, pushing the effective date forward to Feb. 1. By that time it is believed the commission will have completed its inquiry and will be in a position to know whether it approves the advances. The impression prevails here that the eastern railroads have made a good case before the commission.

Forty-two Hurt in Wreck.

St. Louis, Oct. 14.—Frisco train No. 5, known as the Cannonball, was wrecked between Tallahassee and Comp-ton, Okla., 484 miles from St. Louis, on a bridge 75 feet long supported by steel girders. Forty-two passengers were more or less seriously injured.

# WASHINGTON SURPRISED BY

## White's Dare-devil Rough Riding up in the Cerulean.

By United Press Wire. Washington, Oct. 14.—In sharp contrast to the careful flights made here two years ago when the Wright brothers were first demonstrating their aeroplanes, Grahame-White, the English aviator, has surprised Washington by his display of daredevil rough-riding.

Following a remarkable flight in his monoplane last night, White suddenly darted to the earth, and jumping from his machine, ran to his bi-plane which was standing nearby and was away again before the crowd could catch its breath.

White took especial delight in swooping down towards automobiles and frightening their occupants.
