

LECTURE On "American History" Given By Rev. L. W. Mulhane In City Of Mansfield Wednesday Evening

(Mansfield Shield) Rev. L. W. Mulhane of Mt. Vernon delivered a lecture, "Some Pages of American History" to a good sized audience at the Y. M. C. A. Wednesday evening.

The speaker told his hearers how the Catholics stood by Washington at Valley Forge and the part they had in the shaping of the government.

After giving the story of the general, Rev. Father Mulhane told of the part the Sisters had played in the hospitals and on the battle field.

He next showed the people digestible bills of paper money on which appear the portraits of prominent Catholics and added humorously "Money talks."

The speaker scored the average American for knowing so little about the history of his country, especially the youths of today.

"Religion is the basis of all government," declared the speaker. He touched on the divorce evil and said people could not be made moral by law.

ARE WE GROWING?

The Best Varieties of Corn In This County

The Ohio Experiment Station, in cooperation with the Ohio Corn Improvement Association, is making a study of the varieties of corn in Ohio.

The average yield of the poorest variety in these tests was 35.4 percent less than the average yield of the best variety.

The average yield of the State in 1909 was 33.5 bushels. The best and the poorest yielding varieties are both represented in this average.

A large plot variety test in any locality would be of much value to all the corn growers in that neighborhood.

SAYS HONOR OF HOUSE AFFECTED Bowersox Wants Governor to Explain Bribery Charge. OTHER MEMBER IS APPROACHED

Wilber of Union Declares Winters Not Only Representative Who Had Opportunity to Profit by Voting For Elson Telephone Merger Bill—Ritter's Cold Storage Measure Dies Peaceful Death in House—Smith's Apprentice Bill Chloroformed.

Columbus, O., March 19.—In the house a joint resolution was introduced by Judge Bowersox of Williams county calling upon Governor Harmon to submit any information or evidence of any kind he may have in his possession, regarding the charges of alleged bribery in connection with the Elson telephone bill.

In support of his resolution Judge Bowersox said the governor in his special message had treated of grave matters affecting not only the honor of the house, but every member of the house. He said every member should co-operate with the executive in investigating the matters to which the governor had called their attention.

He spoke of the introduction of the Kempel bill to require lobbyists to register, but said the assembly should not be shooting in the air, and should have the facts, and then proceed to a fearless and conscientious performance of its duty.

At the same time that the house was considering the Bowersox resolution, Representative George M. Wilber of Union county, member of the house finance committee, was telling about the offering of money by the telephone lobby to secure the passage of the Elson merger bill.

Wilber Tells of Offer. The bill was introduced as a corrective measure or a high-cost-of-living measure, but as a revenue getter. Several members, including Representative Braun of Franklin and Representative Russell of Wayne, proceeded to jump on the already dying bill and kick the lining out of the most tender part of its anatomy.

The Smith bill to prevent the limitation of the number of apprentices to be employed in the trades, alleged by labor union men to be aimed at the unions, will not be up for passage at this session of the legislature.

Intended as Revenue Getter. The bill was not introduced as a corrective measure or a high-cost-of-living measure, but as a revenue getter.
