

Many Women who are Splendid Cooks

dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being worn out.

New Perfection Oil Cook-stove

Gives no outside heat, no smell, no smoke. It will cook the biggest dinner without heating the kitchen or the cook. It is immediately lighted and immediately extinguished. It can be changed from a slow to a quick fire by turning a handle. There is no draught connected with it, no coal to carry, no wood to chop. You don't have to wait fifteen or twenty minutes till the fire gets going. Apply a light and it's ready. By simply turning the wick up or down you get a slow or an intense heat on the bottom of the pot, pan, kettle or oven, and nowhere else. It has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for coffee, teapot or saucepan, and even a rack for towels. It saves time, worry, health and temper. It does all a woman needs and more than she expects. Made with 1, 2, and 3 burners; the 2 and 3-burner sizes can be had with or without Cabinet.

DOUBLE

Exhibition Coming To Celebrate Buffalo Bill's Farewell

In the coming of Col. W. F. Cody and the announcement that this will be his last visit to our city, more than passing note is justified. Buffalo Bill represents in propria persona the romance and reality of life of the trouperous times in the last decades of pioneer days, when civilization was extending her borders westward, overlapping and extinguishing the frontier. It is not surprising then that millions of people have taken intense interest in the story of the exciting times in which he was incidentally prominent and recognized the valuable work he has accomplished in giving a comprehensive and lifelike representation of an epoch in the history of this country, the memories of which are fading into the memories of the past. Millions will be reminded of the inevitable flight of time when they read the announcement that this tour will be the old scout's farewell.

In recognition of the importance of the occasion Col. Cody has combined with Major Gordon W. Lillie to present on the same lines as the Wild West, people and scenes from the Far East. The program promised is one so extensive that it should make an exceptionally enjoyable amusement festival.

The Indian Battle of Summit Springs will be a picture of early Western life, illustrating as it does one of the deciding conflicts in Indian warfare; and a battle in which Buffalo Bill himself took active part. There will be a realistic attack upon an emigrant train, a reproduction of a ranch holiday, and the old Deadwood stagecoach will be shown in active operation. Contrasting these scenes of the Wild West will be shown an Oriental spectacle, in which, as a special feature will be introduced Rossi's Musical Elephants; a group of mammoths of surprising intelligence trained to perfection and giving a performance more unique and wonderful than has ever before been shown in an exhibition arena.

The Roughriders of the World are retained as a special feature presenting horsemen from the world's equestrian nations, depicting different styles of horsemanship and introducing the saddle expertise of many nations, and two of the best trained high school troupes—Rhoda Royal's and Ray Thompson's. And riding at the head of this cavalcade, appearing on horseback at every performance, Col. Wm. F. Cody, the only and original Buffalo Bill, will be the special feature of the exhibition; the last of the old scouts, still active in the saddle, as he says Adieu. Coming to Mt. Vernon Friday, July 1.

LECTURE

On Trees At High School Auditorium Tuesday Night

Every man, woman and child in Mt. Vernon ought to be interested in the subject of the lecture to be delivered on Tuesday evening by Mr. John Davey, the noted tree expert. The most striking beauty of our city is the shade trees of our streets and lawns. Every loyal citizen should embrace the opportunity of gaining information on the subject of their cultivation and preservation. It is most evident that ignorance on this subject is causing great loss and damage to trees throughout the town.

Mr. Davey comes to Mt. Vernon as the guest of the Citizens' Association and should be greeted with a large and enthusiastic audience.

The lecture will be illustrated with stereopticon views. There will be no charge for admission and a cordial invitation is extended to the public generally.

Bostwick Shot to Death

Ocella, Ga., June 27—W. H. Bostwick, who barricaded himself in his home, was shot to death by militia today. Bostwick sent his children out of the house, refusing to surrender. Just before being killed, Bostwick shot and killed James Gill, a member of the posse.

CONSECRATION OF GREAT CATHEDRAL

The ceremonies of consecration will take place tomorrow and will be followed on Wednesday by a celebration of the sixtieth anniversary of the re-establishment of the hierarchy of England.

THIRD OPERATION PREVENTED

By Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I want to tell you what Lydia E. Pinkham's Vegetable Compound did for me. I was so sick that two of the best doctors in Chicago said I would die if I did not have an operation. I had already had two operations, and they wanted me to go through a third one. I suffered day and night from inflammation and a small tumor, and never thought of seeing a well day again. A friend told me how Lydia E. Pinkham's Vegetable Compound had helped her, and I tried it, and after the third bottle was cured."—Mrs. ALYXIA SPRING, 1408 Clybourne Ave., Chicago, Ill.

If you are ill do not drag along at home or in your place of employment until an operation is necessary, but build up the feminine system, and remove the cause of those distressing aches and pains by taking Lydia E. Pinkham's Vegetable Compound, made from roots and herbs.

For thirty years it has been the standard remedy for female ills, and has positively restored the health of thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?
