Governor's Gage of Battle  
The election of state officers will turn, as it should, on the important home affairs which are now the chief concern of our citizens. I shall refuse to be drawn away from these. What the present administration has done and tried to do is known to all and the question is, shall it be approved or condemned?—From Governor Harmon's speech accepting re-nomination.

**SONDER BOAT TRIALS**

Marblehead, Mass., Aug. 8.—The American elimination trials for the Spanish-American sonder boat races to take place week after next began off Marblehead today under the auspices of the Eastern Yacht club. Seventeen boats are entered for the trials, and three of them will be selected to form the American team. Only seven out of the seventeen are of this year's build, and among the others are the Joyette, the Ellen and the Wolf, the American team that successfully defended the Taft Cup in the German-American match last season. More than usual interest attaches to the elimination trials, as, aside from their immediate purpose, they will serve as a preliminary test of the boats that will compete in the trials to be held next month on Buzzards Bay for the selection of a team to be sent to Kiel for an international match next June.

**TERRELL FOR GOVERNOR**

Dallas, Texas, Aug. 8.—Chairman Cecil A. Lyon and the other members of the State Republican committee are here to complete the final arrangements for the State convention tomorrow. The convention will nominate a State ticket and frame a platform. It is expected that J. O. Terrell of San Antonio will be nominated for governor without opposition. The platform will follow very closely the one adopted by the Republicans of Texas two years ago. There will probably be a strong anti-prohibition plank and an emphatic declaration in favor of "home rule."

At the meeting of the Camp Budd rally at the Y. M. C. A. Sunday afternoon it was decided to organize a patrol of boy scouts and go to the camp as such, where the first degree of the boy scouts of Camp Budd will be conferred. The boys decided to give special attention to enlisting other members of the patrol and companions on the camping trip. Enrollment should be made at the Association office at once.

**THE HEN**

**To Be Important Feature At County Fair This Year**

We suspect that there are few people in this country who give just consideration to the hen.

How many people know that the egg crop of the United States in the year 1909 was exceeded in value only in one instance and that by the corn crop. The farmer received for his egg crop in 1909 the sum of \$300,000,000, and his poultry for the same year \$325,000,000 a total produced from the birds, commonly called chickens, of \$625,000,000. We make a great fuss about the wheat and other crops, but pay very little or no attention to these small birds.

In order to give the farmer and others an opportunity to investigate this matter the Knox County Agricultural Society has offered premiums of nearly \$500.00 in the poultry department at the fair this year, and this department promises to a hummer. Don't miss the opportunity you have to visit this department one or more days during the fair, Sept. 13, 14, 15 and 16, 1910.

**Aviator Defends Failure to Fly in Treacherous Winds.**

Pittsburg, Aug. 8.—Professor W. F. Smith of the Pittsburg Aero club, in commenting on the three days' airship meet at Bruno's Island, said: "If biplanes and airships are as sensitive to wind gusts as Glenn Curtiss led us to believe in the past three days, I will recommend that the only defense needed by war vessels against their air fleets will be electric fans to blow the attacking fleets away."

Glenn Curtiss made a warm but dignified reply to the attacks on him and his men, saying in part: "At Bruno's Island I risked my life more than I ever did before or will again just to please the people. I will never fly again under similar conditions. Those who are not familiar with air navigation do not seem to be satisfied unless one is either breaking his neck or risking it all the time."

**BOARD IS SURPRISED**

Find Many Persons Willing to Support Insane Relatives.

Columbus, O., Aug. 8.—Since the Gusweller Pay-patient law has gone into operation the state board of charities is finding many relatives of inmates of state institutions to which the act applies who are ready and willing to pay for care and treatment and would have done so before if there had been provision of law for it. Secretary Shirer had a letter from a very wealthy man last week who has a sister in one of the insane hospitals of the state, stating that he would be glad to pay for her care. Before that act was passed he could not do that. Of course he might have made a donation to the state, but he could not pay a stated sum.

Under the law a brother can not be required to pay for the care of a sister. Only relatives upon whom the patient would be a legal dependent are liable under the new law.

**ALL READY**

**For The Big County Picnic Tomorrow**

All That Is Needed Is Good Weather

**To Make The Picnic A Grand Success**

There Will Be "Something Doing" All Day

**An Outline Of Some Of The Chief Features**

Tomorrow is the day! After weeks of careful preparation the committee of the Citizens' Association believe that not a single stone has been left unturned to provide, tomorrow, the biggest day of entertainment that Knox county has enjoyed in many years. Reports from different sections have been steadily pouring in and on every hand it is agreed that the interest in the day is immense. While it is now impossible to judge the extent of the crowd with any accuracy, the Mt. Vernon business men will be disappointed if they do not have at least 15,000 people as their guests at the Park tomorrow.

All and a little more of the \$500 fund subscribed by the business men has been spent.

First and undoubted greatest among the drawing cards will be the presence of Governor Judson Harmon. The governor comes, not as a candidate, but as the chief executive of the state, doing honor to one of the richest and most prosperous counties therein, and still more, as a one-time resident of this county. The governor's address will be given in the auditorium at 2:15 in the afternoon.

After the presence of the governor, it is impossible to star any one of the many attractions that has been provided. All are of the best. In the first place, there is the Fourth Regiment band of Columbus, easily one of the best and the most popular bands in the state. It should give as much, if not more, satisfaction than the famous Neddermeyer band which was on the grounds last year. A splendid program will be rendered at the band stand throughout the day and evening, but the especial attention has been devoted to the concert in the auditorium at 10:30 a. m.

At this time a complete concert program of classical and popular airs will be given which in itself will be worth a visit to the park.

Another big attraction is the Jewel Comedy company. This company comes to the picnic after a month's stay at Indianola Park, Columbus, and it is reported to be one of the strongest of its kind. It will give two performances of about an hour and a half each. The first will follow, immediately, the address of Governor Harmon in the afternoon, the second will take place at eight o'clock in the evening after the fireworks. Both are absolutely free. No admission will be charged and no seats will be reserved.

Then for the lovers of the national sport, there will be two first class ball games. In the morning at ten o'clock, Danville and Fredericktown will cross bats; in the afternoon at three, Amity and Mt. Vernon. All four teams will present their strongest line-up and four solid hours of good sport are promised.

The free for all horse race will be another interesting feature. Six horses, all good ones, have been entered and splendid time will be expected. Three heats will be pulled off, the first being called promptly at 12:30. Several well known horsemen have consented to act as officials, and the track is said to be in fine condition for fast time.

The evening program is almost as replete with strong features as those of the morning and afternoon. In addition to the concert and the theatrical performance, there will be a fine exhibition of fireworks at 7:30. This is a special display bought for the occasion and will doubtless prove one of the finest ever exhibited in the park.

In short, there will be "something doing" almost every minute of the morning, afternoon and evening.

The stores will all close at 9 in the morning. Early delegations are expected from the neighboring county towns.

This is Knox County's big day. Let every man, woman and child join in making the most of it.

**DRUNKS ARRESTED**

Three plain drunks were arrested on the streets Saturday afternoon and evening and lodged in jail. They were taken before Mayor Charles Mitchell on Monday and each entered a plea of guilty to the charge of intoxication. They were given the usual fine and costs and were released.
