## Governor Acts on Own Initiative.

### ASKS PEOPLE TO HELP

Clash Between Civil and Military Powers Expected.

### SOLDIERS GUARDED EN ROUTE

### Mayor Marshall's Official Head May Fall as Result of Criticism of Conduct.

Columbus, O., Aug. 16.—With state troops once more on duty in Columbus, the disturbances which have been occurring here at intervals for the past three weeks have decreased in number and violence. Troop B and Battery C of Columbus were in their camps early in the evening and the First regiment of Cincinnati arrived during the night.

To protect the soldiers from malicious wrecks while en route to the city the Baltimore & Ohio railway had two pilot engines sent ahead and employes patrolling the tracks near trestles at Blanchester and Morgans stations. Details of soldiers were aboard the engines. Arrangements were made by the military authorities to inspect all boxcars in the local yards just before the soldiers departed. These precautions were taken as a result of the wrecking of the Fourth regiment train coming from Marietta to the strike three weeks ago.

It is predicted that trouble will ensue between the military and civil authorities for the reason that Mayor Marshall has not been placed in full charge of the situation, militia as well as police. He had this authority before and expects to assume it again, for in a statement he said he had not determined upon the distribution of troops. The militia commanders say that the mayor is not to decide upon the militia's disposition.

**Up to Military Authorities.**  
As soon as it was announced that troops were to return to strike duty, it was said that the military would be in supreme command. Governor Harmon, when pressed to state just how the developments would be handled, said that this was "up to" the militia commanders. General John C. Speaks, who is in charge of troops here, said that soldiers would be held in quarters until it was discovered that the police were unable to cope with a particular situation; then the soldiers would go to the scene of the trouble.

When reminded that a similar plan attempted on the first night troops were here before proved ineffective, because even autos loaded with police reserves couldn't reach disturbances in time to be of service because rioters in the suburbs attacked cars, beat the crews and got away immediately thereafter, General Speaks said: "The mayor called for troops the first time; the governor on this occasion has called the troops of his own volition, which puts a different aspect on the situation."

**Recruits Hard to Get.**  
Efforts on the part of the mayor and sheriff to recruit additional special officers continue to meet with practical failure. Sheriff Sartain, although the governor in a statement intimated he expected local authorities to strengthen and recruit their forces, is not taking vigorous steps to secure recruits. The Columbus clearing house put up \$10,000 to guarantee the pay of special deputies employed.

**The Builders' and Traders' Exchange at a special meeting called upon Governor Harmon to suspend Mayor Marshall.** Rumors are current today that before night the governor will take action in the matter and that Marshall will be removed from office as the result of many protests that he has not exerted his full authority in stamping out the rioting.

The city council has appointed a committee to suggest to the Rail-Light company and the striking carmen that their differences be submitted to the city council sitting in committee of the whole, as an arbitration board.

### SOLDIERS NOT TRIFLERS

Adjutant General Weybrecht Says They Obey Orders.

Columbus, O., Aug. 16.—Adjutant General Weybrecht in discussing the action of Governor Harmon in taking charge of the strike situation in this city said: "A soldier when ordered to shoot does not fire to maim. A soldier is not like a policeman. He is under orders and will not argue with a mob. He has his orders and his weapons. He will obey orders."

The apparent inability of the local municipal authorities to suppress the

riotous conditions that have attended the street strike led to the action on the part of Governor Harmon in ordering troops to his city on his own initiative. He did not consult Mayor Marshall or Sheriff Sartain in the matter, but ordered the First Infantry, Cincinnati, Colonel Charles F. Flake; Battery C, Columbus, Captain H. M. Bush, commanding; Troop B, Columbus, Captain R. W. Knauss, commanding, and the local ambulance corps to report here for duty at once. The First regiment was recruited up to 1,000 men by drawing on the 7th 1 regiment, which has already been on strike duty here. The troops ordered out responded promptly and are today quartered in the statehouse grounds.

The First has companies as follows: A, Captain William F. Duhman; B, Captain Omar W. Clark; C, Captain Walter W. Schwab; E, Captain James A. West; G, Captain Bert Chumley; I, Captain H. Kuck, all of Cincinnati; D, Hillsboro, Captain Arthur W. Underwood; H, Lebanon, Captain William T. Wood, and K, Havana, Captain Homer B. Clancy. Major Frank Hendley and Lieutenants Leon G. Tedeche and Arthur C. Bauer of Cincinnati are the medical officers. William M. Sullivan of Middletown is lieutenant colonel and the majors are: Charles Becht, Columbus; Frank Ward, Cincinnati, and Arthur French, Lebanon.

Brigadier General John C. Speaks is in command of the provincial brigade.

### WHY TROOPS WERE CALLED

Governor Issues Proclamation Explaining His Action.

Columbus, O., Aug. 16.—Governor Harmon, after ordering troops to this city for strike duty, issued the following statement to the public:

"I have ordered a portion of the National Guard to report for duty at Columbus forthwith. I have done this of my own motion under my authority as governor. The police force of the city, which is entirely too small at best, has been reduced and demoralized by the open mutiny of many of its members. It has shown itself incapable, without help, of maintaining order. A continuance of this condition would disgrace the state and inflict grievous injuries on its capital city.

"Wherever the blame rests, for it surely rests somewhere, the menace of the situation is beyond question. And I am unwilling to let lawless violence run unchecked for the lack of sufficient force to put it down, while the police of the city is being recruited and reorganized and the sheriff is summoning the men of the county to uphold the public authority. It does not mend matters to say the local authorities should have taken steps sooner, though this is true. Let them be taken now without delay. Meanwhile the troops will render whatever assistance is needed.

**Expects Citizens to Be Loyal.**

"The state expects every citizen promptly to show his colors and lend his aid, so that the emergency which the guard is summoned to meet may speedily be brought to an end and Columbus and Franklin county prove themselves worthy of the right of self-government by meeting its responsibilities. The public interest now wholly overshadows the private controversy which is the occasion of the grave danger that, if permitted to continue, would threaten the foundations of the government, and the first care of all citizens must be to maintain law and order, because otherwise no man can enjoy his individual rights, whatever they may be."

It was useless to attempt to reason a man out of a thing he never reasoned into.—Swift.
