

ABSENCE

Of Her Husband For Over 25 Years

Is The Cause For An Action For Divorce

Being Brought Tuesday By Mrs. Sarah E. Davis

Land In Vernon Estate Sold At Public Auction

Other Items Of Interest At The Court House

Sarah E. Davis has commenced suit in common pleas court against Wm. E. Davis, asking for divorce. She also desires to be restored to her maiden name, that of Varner.

Mrs. Davis states in her petition that she married the defendant on Oct. 8, 1877, and that two children were born to them, Septimus J. Davis and Bertha J. Funk. She alleges that her husband has been absent for more than twenty-five years and that during all these years he has not contributed towards the support of herself or their children. Plaintiff also says that she does not know where the defendant resides. C. V. Trott represents Mrs. Davis.

Case Appealed—

The case of Clement L. King vs. Thos. King has been brought into common pleas court on appeal from the court of Squire Welker of Howard, where the plaintiff recovered judgment for \$121.80 and costs. D. F. Adams for the plaintiff and B. B. Ferenbaugh for the defendant.

Sale of Land—

In the matter of H. H. Greer, as executor of the Eli Vernon estate, two pieces of property were sold Saturday by Patrick Purcell at the court house. The tracts contain 90 acres and 69 acres respectively, and had been appraised at \$7,300. They were sold as a whole to George and Andrew Layman for \$6,600.

The Sharpe Estate—

An inventory and appraisal of the estate of the late Warner T. Sharp of Mt. Vernon has been filed. It shows \$9,757.11 in personal goods, \$319.74 in moneys and \$1,563.33 in claims and accounts. The widow, Eva M. Sharp, has elected to take the whole of the personal property at appraised value.

Is Granted Divorce—

Mrs. William Shaw has been granted a divorce in the common pleas court of Montgomery county and restored to her maiden name of Clara Rudolph. She married Shaw, former Delaware agent of the Wells Fargo Express, not knowing of his troubles with the finances of the company until their return from California. Shaw is now serving a term at Mansfield. —Delaware Gazette.

Marriage License—

James T. Moran, 34 years, and Edna Durbin, both of Mt. Vernon. The Rev. John T. Black.

Real Estate Transfers—

Jacob H. Harner to Wm. C. Bent, 10 lots in Fairview, \$1.
Eva Arnholt et al. to P. P. Shrimplin, 50 acres in Brown, \$2,200.

COXEY

Arrested At Massillon For Trespassing

Massillon, O., Aug. 23—General J. S. Coxe, who led the army of the unemployed from this city to Washington in 1894 and was jailed at the federal capital for alleged trespassing on the government front yard, was arrested today on the charge of trespassing on the land of Thomas Welsh, a neighbor.

Welsh declares that Coxe is preparing to remove stone from his quarry. Coxe pleaded not guilty and released in \$200 bail to appear for a hearing before Justice of the Peace H. B. Sibila next Monday morning.

ONION CROP

Of Huge Size Being Harvested At Orrville

(Orrville Crescent)
The harvest of Orrville's big onion crop is now on and over one hundred persons are daily at work in the swamp. Many acres have been pulled and the onions placed in long rows across the fields. The onions are hauled in wagons to the topping machine, which cuts off the tops and roots and prepares the onion for the market. Thousands of bushels are thus hauled in a day.

The crop this year is a big one. Manager E. M. Tanner estimates the crop to be much more than the hundred thousand bushels. The yield is better than was looked for in the spring when snow and ice covered the seed and cool weather prevailed for weeks.

The crop is being stored in the company's barn east of Orrville. A small percentage of the crop is sold at this time of the year. The heavy shipping season is during early winter.

NEWARK INVENTOR

To Fly His Machine At Parkersburg Next Week

(Newark Advocate)
Russell Shaw, who formerly lived on High street and who is the son of Mr. and Mrs. B. L. Shaw, and who invented and constructed an aeroplane while a resident of this city, will make his initial flight at Parkersburg, W. Va., next week. The boy is but 16 years old and the machine he constructed is 30 feet from tip to tip of wing.

The young aviator sits in the middle of the machine on a small seat and with his hands he controls the gasoline engine and operates the steering wheel. With his feet he operates the elevating planes by means of cords. There is an elevating and descending plane on the rear of the machine and balancing planes on each side.

The lad had his model on exhibition at the motordrome and speedway at Indianapolis during the recent carnival of aviation and such well-known critics as Wright and Curtiss are said to have predicted that the boy's machine would prove to be a success.

At the state fair to be held in Parkersburg next week, Shaw will attempt his initial flight. He is said to have signed a contract calling for \$1000 if he succeeds in leaving the ground for a distance of a mile each day.

SEVERE WINTER

Is Predicted By A Coshocton County Trapper

(Coshocton Age)
"Look out for an early winter and a good stiff one, too," remarked a Coshocton county man who spends much time in trapping. He says the animals are already getting their winter fur on, and that squirrels are already beginning to lay away stores of food—unusual so early. Woodchucks, he says, are already taking to their holes and they never do until September unless winter comes on early. According to his guess, winter will set in early in October, and stick right to the job in a good old-fashioned way.

SECOND CROP

Of Strawberries Raised By Coshocton County Man

(Coshocton Age)
Henry Meredith, of Nello, has demonstrated that he is somewhat of a magician when it comes to raising strawberries—a very remarkable sight for the 21st of August when it is considered that the regular crop has been gone for many weeks. Mr. Meredith by a series of experiments and by cutting off certain shoots from the plants and allowing the blossoms to come forth again succeeded in raising a second crop. As a result he has won the envy and admiration of all his neighbors, who say they would like to see the person who can duplicate the trick.

Chamberlain's Stomach and Liver Tablets gently stimulate the liver and bowels to expel poisonous matter, cleanse the system, cure constipation and sick headache. Sold by all dealers.

INCREASING

Interest Attaching To Teachers' Institute

And Much Benefit Derived From Instruction

The Monday afternoon session of the Knox County Teachers' Institute was opened by singing "America" by the audience, after which Mrs. Iva Sproule Baker sang a pretty solo.

Supt. Coughlin's subject for the afternoon was "Means and Ends in Education." The ends of education, he said, must first be determined and this is not easy to do. He reviewed the various definitions of the ends of education as given by many great thinkers and educators of the past. The great aim or end of education should be to fit the pupil for the physical and social environment of the time, he said. After deciding the ends of education then it must be determined what are the best means under the conditions to lead to these ends. This requires careful thought in order that the best possible means may be selected.

Prof. Barbour's talk was on "Teaching of English Grammar." He said that there is nothing in education that can take the place of grammar. There are three important reasons why the study of grammar is so necessary: (1)—It is disciplinary, being elementary logic; (2)—it is an aid to the interpretation of literature; (3)—it is an indirect but positive aid in the expression of thought. In finishing, Mr. Barbour made a plea for the restoration of a systematic training in grammar through the sixth, seventh and eighth grades of the schools.

Tuesday Morning

Devotional exercises Tuesday morning were in charge of Prof. Barbour. The music was in charge of Mrs. Iva Sproule Baker.

Supt. Borden of Fredericktown spoke of the Reading Circle books for the year, urging all teachers to study at least one, if not all, of the books of the course. Mr. C. G. Harris of Mt. Vernon was elected secretary of the Reading Circle for the coming year.

Prof. Barbour then talked on "The Problem in Teaching English Composition." He said that the problem in all grades and with all ages of pupils is to get the pupil to carry into his written work the same freedom, spontaneity and animation that he uses in talking. In order to accomplish this a child must be assigned a subject about which he knows something, and one in which he is interested. Added to this the teacher must be a sympathetic and kindly critic.

The second address of the afternoon was entitled "School Disciplines" and was given by Supt. Coughlin. Government, management and discipline, he said, are not the same. Government requires tact and a power to see and meet difficulties before they come. Discipline means more than either government or management. It requires the power of leadership and the ability to change the spirit of a school. A teacher who can discipline a school well needs a strong personality. The elements that make a strong personality are scholarship, clear and concise thinking, a profound sense of justice, decision of character, sympathy and self-knowledge.

At the noon recess 295 had enrolled.

BLINDNESS

May Be Prevented By Action At Birth

Columbus, O., Aug. 23—The State Board of Health today inaugurated an active campaign against blindness in children. A letter accompanying a sterilized dropper and a quantity of nitrate of silver was sent to each registered physician in Ohio, with instructions to use the material at birth. The Ohio Blind Commission, created by an act of the General Assembly, opines that much of the blindness in Ohio, and every other state for that matter, is caused by inattention at birth.

By using a quantity of nitrate of silver when a child is born, much of the misfortune can be obviated.

Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the free application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by all dealers.

PICNIC

Of Grand Army And Kindred Organizations Sept. 2

Committees from the Grand Army of the Republic, Sons of Veterans, Women's Relief Corps and the Ladies' Auxiliary met at the office of Col. L. G. Hunt on Monday evening and completed arrangements for a picnic of all the Grand Army and kindred organizations to be held at Hiawatha park on Friday, Sept. 2nd. All old soldiers in the county, together with their families are invited to be present. Everybody is requested to bring their baskets well filled. The committees from the different organizations will furnish pork, beans, coffee, tin cups and wooden plates. Good speakers will be on hand and the arrangement of the program and day's doings will be in charge of H. B. Banning Camp, Sons of Veterans.

STAR

In Big Production Will A Newark Girl

(Newark Advocate)

Twylla Smith of this city, is in Buffalo, rehearsing with B. M. Garfield's big musical production, "The Girl That's All the Candy," in which she is to be featured this season. The company carries a chorus of eighteen. As a prima donna Miss Smith's rise in musical circles has been rapid, and her many Newark friends are predicting a brilliant future for her. In home life she is the wife of A. C. Smith of the postoffice force. The show plays in Columbus this season, and no doubt many of Miss Smith's friends will take advantage of this opportunity of seeing and hearing her.

FOUL PLAY

Suspected On Body Recovered From River

Springfield, Ohio, Aug. 23—The body of Howard Gillespie was found in the Mad River this morning. The skull was fractured. Foul play is suspected.

BIRTHS

A son was born to Mr. and Mrs. William Underwood of near Hedding chapel on Sunday afternoon.

A son was born Monday afternoon to Mr. and Mrs. Clyde Coats, who reside in South Vernon.

A daughter was born Monday morning to Mr. and Mrs. Burton Hawkins, who reside near Lock.

LEG BREAKS

Unknown To Patient While Lying In Bed

(Orrville Courier)

Some weeks ago the Courier printed an account of a malady affecting the left leg of Elmer Stuckey, west of town, in which it stated that the young man would be an invalid for many months before the result of an operation performed at that time would be known. It seems that the disease, osteomyelitis, or decaying of the bone, had progressed much farther than was hoped and the young man is now doomed to further trouble with the limb.

The bone was snapped in two. This condition was discovered by Dr. Campbell on his visit to the young man Friday morning. Stuckey was entirely ignorant of such a condition and has no idea when the fracture occurred. The leg has been kept still and rigid on the bed, only disturbed for examination and dressing. The fracture occurred some time between Thursday and Friday morning between the visits of Dr. Campbell, who discovered the diseased leg had shortened two inches.

Stuckey experiences no pain from the limb, but realizes that the process of recovery will be exceedingly long. The bones have separated in the upper third on the left thigh.

SCAFFOLD

Gave Way And Workman Fell To Ground

Fred Breece, a workman employed at the Mt. Vernon Bridge Works, sustained an unfortunate injury while at work on Tuesday afternoon at about 1:30 o'clock. Breece was standing on a scaffold about twenty feet high when the braces suddenly gave way, precipitating him forcibly to the ground. He alighted on his left shoulder badly injuring the ligaments. In addition to the injured shoulder, his left ankle was severely sprained. He was taken to his home on East street where surgical attention was rendered by Dr. N. R. Eastman.

When the stomach fails to perform its functions, the bowels become deranged, the liver and kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective. Sold by all dealers.

OBITUARY

Mrs. William Harrod
Mrs. William Harrod died at her home in Columbus on Monday afternoon after a short illness caused by a complication of diseases. She was the wife of Dr. Harrod, a prominent physician of Columbus, and was well-known in the vicinity of Brandon, having resided there at one time. The remains will be brought to Mt. Vernon Wednesday noon over the C. A. & C. Ry. and will then be taken to Brandon, where the funeral and interment will occur.

ACCUSED OF COWARDICE

Marion, O., April 23—Patrolman Harry Fisher was dismissed from the Marion force last night. Fisher was charged with cowardice. Last Thursday night when Officer Hochstetter was assassinated by a thug in the Erie yards Fisher, it is alleged, was hiding under a car.

The world's most successful medicine for bowel complaints is Chamberlain's Colic, Cholera and Diarrhoea Remedy. It has relieved more pain and suffering, and saved more lives than any other medicine in use. Invaluable for children and adults. Sold by all dealers.

Society Notes

Whist Club Entertained
Miss Ethel McGugin entertained the Bridge Whist club at her home on North Mulberry street Monday night.

The evening was spent in playing bridge whist, at the conclusion of which the souvenir was awarded Miss Marie Miles of Dayton. Refreshments were served to the following: Misses Rhea Snow, Florence Huddle, Loma Arndt, Vera Salisbury, Jane Hilliar, Ruth Ralston, Madge Humbert, Marguerite Bedell, Ethel McGugin, Pauline Bedell, Edith Neal, Mamie Lane, Helen Porter, Helen Shireman, Lella Patterson, Mable Wythe, Louise Arndt, Mrs. Leslie Cotton, Irene Trick, Florence Clark of Troy, Ohio, Helen Wright of Gambier, Cleora Wilkinson of Pittsburg, Pa., and Marie Miles of Dayton.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all dealers.

FOR RENT—Excellent farm of 150 acres for cash; possession in fall. Address "A," Box 165.

Mrs. Grace Thompson of Minneapolis, who has been confined to the home of her sister in Martinsburg by a severe attack of typhoid fever, is somewhat improved.

John Brown's Memory Is Honored by Kansas Women

The women of Osawatomie, Kan., purchased the ground where the famed battle bearing the name of their town was fought fifty-four years ago under the leadership of John Brown and presented it to the public. On the battlefield stands the monument erected to the memory of the champion of the slaves, and near by is the cabin where Brown resided at the time of the battle. Vice President Fairbanks dedicated the monument four years ago, and former President Roosevelt was selected to make the dedicatory speech for the park on Aug. 31 of this year.

S. S. S. CURES OLD BLOOD TROUBLES

The only possible way to cure Contagious Blood poison is to remove the cause by purifying the blood. This is just what S. S. S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, and other strong minerals are often used in the hope that such powerful treatment will kill the germs, but this can not be done, and when the mineral medicines are left off the trouble always returns with its aggravating symptoms of ulcerated mouth and throat, skin eruptions, falling hair, yellow skin spots, swollen glands, and often running sores. The ability of S. S. S. to cure Contagious Blood Poison comes from its unflinching blood-purifying properties. It goes into the circulation and removes every trace of the infection, makes the blood rich and healthy, and leaves no drops of the virus to break out later on. S. S. S. does not contain a particle of mineral in any form, but is made entirely of roots, herbs and barks each of which has a direct and specific action in cleansing the blood. In addition it contains the extracts of certain botanical herbs which make it the finest of all tonics, which is a necessary quality for a medicine in curing Contagious Blood Poison. Home Treatment book, containing much valuable information and instruction to be found nowhere else, will be sent sealed and post paid, free to all who write and request it.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

Public Sale

On account of my infirmities I have sold my farm and will offer at public sale at my residence 6 miles west of Mt. Vernon on the Green Valley road on
