

DIVORCE

Suit Filed By Mrs. Sylvia McIntosh

Against Dr. R. L. McIntosh Of This City

Other Items Of Interest From Temple Of Justice

Sylvia M. McIntosh has commenced suit in common pleas court against Robert L. McIntosh, asking for divorce, restoration to her maiden name and support for their fifteen-year-old son, Harold. They were married Oct. 26, 1892, and have one child. Plaintiff charges her husband with extreme cruelty in that he refused to cohabit with her or live with her as man and wife. Mrs. McIntosh says that while she has a legal residence in Knox county, Ohio, she is making her home temporarily with her mother at Hamilton, N. Y. W. H. Thompson for the plaintiff.

Sarah A. Kime Will—The last will and testament of Sarah A. Kime has been filed for probate. She gives to her husband, Adam, Kime, the homestead property during his lifetime, and at his death the same is to be converted into money and divided equally among her brother and two sisters, Robert J. Hill of St. Louis, Mo., Mary Clogren of Oklahoma City, Oklahoma; and Rumania Weeks of Milton, Florida. The will was executed Dec. 24, 1891, in the presence of F. V. Owen, and Frank O. Levering. She nominates her husband, Adam Kime, to be executor of the will.

The Zelsloft Estate—An inventory and appraisal of the estate of the late Daniel Zelsloft of Mt. Vernon has been filed. It shows \$501.68 in money and \$1,500 in claims and accounts.

Deeds Filed—Mary R. Jones et al. to Anna T. Colville, part lot 10, Eastern add. to Mt. Vernon, \$3,500. J. B. Foote Co. to Henry Hoeflick, lot 121, Foote's add. to Fredericktown, \$100. John L. Loveridge et al. to Chas. G. Dermott, 34 acres in Morris, \$2,312.

INSTANTLY KILLED

Was W. B. Campbell A Former Resident Of Loudonville

W. B. Campbell formerly of Loudonville, was instantly killed Friday at about eleven o'clock at a grade crossing two miles south of Bucyrus by a Toledo and Ohio Central passenger train. Campbell was driving a team hitched to a closed buggy and failed to notice the approach of the train until upon the tracks. The engineer had applied the brakes but the train struck the buggy instantly killing Campbell who was thrown some feet distant from the track. He is survived by his wife and four children. Mr. George Mochwart made a business trip to Utica Saturday noon.

RABID

Dog Bites Three People Friday Afternoon

And Victims Go To Pasteur Institute

Wm Mower, Wife And Son Were Bitten

A genuine mad dog scare, for which there is considerable alarm, occurred on North Sandusky street Friday afternoon when it was found that a small dog had bitten a number of persons in the family which owned it. On Wednesday afternoon, a small black dog belonging to Mr. William Mower, who resides on North Sandusky street, apparently became suddenly ill and as the exact cause was not known, Mr. Mower attempted to administer a dose of medicine. He failed in this and received a laceration on the back of his hand from the sharp point of one of the animal's teeth. Mrs. Mower attempted to administer the medicine after her husband had fallen and she met with the same results and sustained a scratch on her hand made by one of the dog's teeth. The small son, unobserved by his parents, attempted to pick the animal up in his arms and was severely bitten about the hands and wrists. After the unsuccessful attempts to doctor the dog, Mr. Mower called Dr. Limbaugh in attendance and after a careful examination of the animal, Dr. Limbaugh pronounced it a genuine case of rabies in its advanced form. This was very unwelcome news to those who had sustained lacerations and bites from the animal's teeth as in each case a quantity of the saliva from the animal's mouth had been deposited in the bites at the time when they were made. Dr. C. K. Conard was called to make an examination and it was found that the people were really in a very dangerous position and quick action would be necessary in order to check the disease before it would have the proper amount of time to develop. Each one of the family who sustained bites from the rabid animal left Saturday for Chicago, where they will enter the Pasteur institution for treatment. It is not known whether or not, the dog had bitten any other animals in the neighborhood before the disease was discovered, but it is thought not as the queer actions of the animal had not been apparent for only a short time before the discovery was made and it had been either tied or kept in the house most of the time before. No other cases have been reported in the city.

OBITUARY

William Anderson died Thursday, October 13, in his home, No. 257 N. Fourth street, at the advanced age of 81 years. A good part of his life has been spent in Licking county, and he was well known. His death was due to the infirmities of advancing years, and he leaves five descendants, Mrs. Frank Baker of Gambier, Mrs. Hannah Crooks of Mt. Vernon, D. C. Anderson and Mary Ann township, Etta Anderson of the home and Mrs. Olive Her of Elmwood avenue.—Newark American Tribune.

Mrs. Harry St. John Mrs. Harry St. John of Utica died Thursday evening in the Newark City hospital, where she had been brought a few hours before. She was critically ill when she arrived there, and lived but a short time. The remains were taken to the Criss Brothers & Jones morgue, where they were prepared for interment, and Friday morning they were sent to Utica. It is possible that they will be interred there, but they may be sent to her former home in West Virginia for their final resting place.—Newark American Tribune.

EARNEST

Plea For Increased Membership Of Y. M. C. A.

600 Members Wanted For Local Association

And Must Be Secured In Seven Days

(By the Secretary) To the father contemplating the physical expression and the local environment of his boy, to the boy and the young man needing a physical expression and social environment, that is wholesome and strengthening, to the churches in need of the best all around leadership and to the community and state needing sturdy and noble manhood is the call for cooperation along membership lines by the Young Men's Christian Association not of very great concern and interest. Since a community's greatest asset is her young men, should not the community's and state's greatest concern be as to where and how her young men are trained and spend the hours when not under the home influences. Mr. Leonard, superintendent of the Mansfield reformatory, said that seven-eighths of what a boy is, is due to influence outside the home church and school. It is urged that a saloon's raw material is young men and her finished product a wasted life, that a Y. M. C. A. as raw material also are young men, but that the finished product in this case is noble manhood. This is not the appeal for co-operation on the part of all parents—the entire community interested in the very best development of the city and every young man and boy in the county desiring the greatest efficiency, a vital and personal one? With splendid association, backed up by the enthusiastic endorsement of all the pastors, the leading business and professional men, heads of all the shops, factories and schools, newspapers and all public institutions and with the call for strong young men of the greatest ever in history, should there not be concentration of effort and attention toward the membership campaign of the Y. M. C. A. for the next seven days that will identify at least the 600 young men and boys with the work as members?

The Knox county board of elections met in regular session Monday morning at 10 o'clock with all members in attendance. Business pertaining to the November election was transacted. The judges and clerks to serve at the election on November 8, were appointed. At 12 o'clock, noon, the hour of receiving the bids for the printing of the ballots for the November election, but one bid was received—that of the Republic Publishing Co., in the sum of \$108.50. Upon motion the contract for the printing of the ballots was awarded the above named company. Adjourned to meet at the call of the chief deputy.

FIRE STARTED

Under Tanks At Camp Glass Factory Saturday Morning

The fire was started in the tanks at the Camp Glass Co.'s factory on Saturday morning in preparation for the winter's work, which will begin in about two weeks, as it will require that length of time in order to get everything in readiness and to heat the glass sufficiently. William Riggall, son of John Riggall, lit the fire, and is to be the mascot. The factory will have an increased capacity, as 54 blowers will be at work.

CHURCH ENTERTAINS

The Millwood Presbyterian church entertained the three other churches of the same denomination which are on the circuit of Rev. Newcomb, their pastor. The entertainment was in progress all day Saturday and a large number of people were present to enjoy the event.

BURIED

Under A Load Of Hay When Wagon Upset

And Millwood Man Receives Serious Injuries

William Darling, residing in Millwood, was the victim of a very unfortunate accident at about four o'clock Friday afternoon while hauling hay in a field about two miles south of Millwood. Mr. Darling, in company with his son, was taking a large load of hay to a barn from the field and the wagon was being taken down the side of a steep bank. The hay was loaded on the wagon in an uneven manner and as a result, the entire load upset throwing Mr. Darling to the ground in a very forcible manner and the side of the wagon alighted on top of him. The unfortunate man was rendered unconscious and remained in that condition for several hours. He was taken from under the load by his son, and as soon as possible was taken to his home in Millwood, where Dr. E. L. Porter of Danville was summoned in attendance. After an examination, it was found that the injured man sustained no broken bones, but that his head and shoulders had been terribly bruised and his eyes injured by the heavy weight which had rested on his head, the optic nerves probably being injured. In addition to this, he was badly bruised about the body and his condition is critical. On Saturday another examination was made, but it is impossible to ascertain the exact extent of the injuries as it is not known whether or not internal injuries exist.

MUSICAL RECITAL

At The M. P. Church Friday Evening Was A Grand Success

One of the finest recitals ever given in Mt. Vernon was enjoyed Friday night by a large and fashionable audience. The seating capacity of the M. P. church was taxed to its utmost and many were obliged to stand. The artists of the evening, Miss Helene Pugh and Mr. Claude Saner, presented a program that was heartily endorsed after each number, Miss Pugh giving Moszkowski's beautiful valse in E as an extra number after the Chopin group, and Mr. Saner graciously complying with two extra songs. Miss Pugh displays a beautiful tone, her technique is equal to all demands and she has a fine sense of interpretation. That she commanded the closest attention was shown in the pianissimo passages when the audience hardly seemed to breathe. Mr. Saner is one of the brilliant young tenors of the day of whom great things may be expected in the future. He has a voice of wonderful power, and great beauty of tone and was equal to all the demands made upon his gifts in the two difficult arias. One of the pleasant features of his singing is his distinct enunciation. After his audience had reluctantly departed an impromptu reception was tendered the young artists, many music students and others remaining to offer congratulations. The church was beautifully decorated for the occasion, and it will be long remembered as a distinct social, artistic and financial success.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

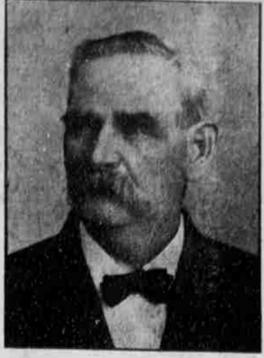

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

FOR BOARD OF COUNTY COMMISSIONERS

WILLIAM LEWIS

LEGRAND BRITTON

THEODORE M. DILL

The character of the men composing the Democratic nominees to constitute the board of county commissioners is an assurance to the taxpayers that the varied and important duties that devolve upon the commissioners will be carefully, honestly and economically discharged. Only one of

the three nominees is a candidate for re-election—William Lewis. He has been a very efficient member of the present board and the experience he has had will be of much value when the new board goes into office. Legrand Britton of Howard township and Theodore M. Dill of Wayne township,

the other two nominees, are, like Mr. Lewis, men of the greatest probity. It is indeed fortunate that the taxpayers of Knox county have the opportunity of securing the services of such excellent men, as Messrs. Lewis, Britton and Dill in the office of county commissioner.

WON

His Fair Bride With A Violin Bow

Akron, O., Oct. 15—With his violin bow for a lance, Carl Glover, a young musician, stormed the palatial residence of W. B. Miller, wealthy rubber manufacturer, and won for his bride Miss Gladys Miller, twenty. Glover, the leading of the orchestra in the Norka vaudeville theatre and owner of a music shop, was not regarded with favor by Miller, the secretary of the Diamond Rubber Co., as a suitor for his daughter's hand. When the youthful sweethearts were unable to overcome this attitude, they met at other places than Miss Miller's home.

Finally Glover faced the father. The result was a quiet wedding yesterday in the First Congregational church. The bride and groom were unattended and only immediate relatives of each were present. "I do not believe in making a splash," said the bride. After a honeymoon trip in the east, they will live in a flat in the Parkview apartments.

The soothing spray of Ely's Liquid Cream Balm, used in an atomizer, is an unspeakable relief to sufferers from Catarrh. Some of them describe it as a Godsend, and no wonder. The thick, foul discharge is dislodged and the patient breathes freely, perhaps for the first time in weeks. Liquid Cream Balm contains the healing purifying elements of the solid form, and it never fails to satisfy. Sold by all druggists for 75c, including tube, or mailed by Ely Bros., 56 Warren Street, New York.
