

BROKEN

Was Milton Buxtons Neck In Fall From Ladder

Mt. Vernon Boy Meets Instant Death At Akron

Where He Was Employed As Night Electrician

In The Plant Of The Goodrich Rubber Co.

The Remains To Be Brought To Mt. Vernon

Milton Buxton of Mt. Vernon, O., son of James Buxton of Newark, formerly of this city, was instantly killed about 5 o'clock Tuesday evening at the plant of the Goodrich Rubber Company, Akron, Ohio. The particulars of the accident are lacking but Buxton fell from the top of a step-ladder and broke his neck, which caused instant death.

Buxton had been employed as night electrician for the Goodrich company for three months past and went to work in the evenings at 5 o'clock. Shortly after that hour Tuesday evening he mounted a step-ladder and was in the act of adjusting some electrical wires when he received a shock and was thrown from the top of the ladder, alighting on his head and shoulders on a cement floor. His neck was broken and physicians stated that death came instantly.

The deceased was 22 years of age and learned his trade as electrician at the C. & G. Cooper works in this city. He was employed by several electrical companies in Mt. Vernon and at the time of his going to Akron he was employed by Mr. Mac F. Stephens.

A pathetic incident in connection with his untimely death was the fact that the young man was engaged to Miss Clara Ardner of Mt. Vernon and the wedding ceremony was to have been performed in this city on Thanksgiving day. Miss Ardner left at 2:20 Wednesday morning for Akron and will accompany the remains to Mt. Vernon.

The body will arrive in this city at 5:10 this evening over the C., A. & C. railroad. Funeral announcement later.

SMOTHERED

High School Girl With Kisses And Supt. Lost His Job

Sheldon, Ia., Nov. 2—Caught making love to one of his high school pupils Superintendent J. T. White, of the Sheldon schools, was given a speedy trial by the Board of Education, and dismissed from his position with a warning that he had better leave town. He followed the advice.

The janitor of the building surprised White in the act of loving pretty Mary Bland, 18 years old. He says White held her in his arms and smothered her with kisses.

The city marshal arrested White and took him before the mayor. No charges were placed against him, but he was turned over to the Board of Education.

FRATERNITY

Men Of Coshocton To Battle Against Mt. Vernon Men

The Phi Sigma Chi fraternity football team which will meet the Mt. Vernon chapter of the fraternity on the local gridiron Thanksgiving morning, held its first practice on the high school campus Monday night and from the way they jumped into the work there are prospects of a good team. Practice will be held from now on nearly every evening and a few scrimmages may probably be played with the high school team some evening.

The fraternity line contains some old high school football stars and some who have played on college elevens. While it has been years since these men have played they are equal to the game and are anxious for a contest. Lee Williams, who is the captain of the team thinks that the local team stands a good chance for winning the game Thanksgiving.—Coshocton Age.

LAW SUIT

In Connection With A Hotel At Bellville

John L. Barr Files A Substantial Suit

Notes From The Knox County Court House

(Mansfield Shield)

John L. Barr, through Attorneys L. H. Beam and C. B. Hines, has filed suit in common pleas court against Lugarda Shafer and Charles C. Shafer for \$1,500 damages.

Barr says he purchased the Hotel Shafer in Bellville, real estate and personal property, and that possession of the property was delivered July 1, 1910. He says the defendants removed from the premises on July 19, and wrongfully removed \$500 worth of certain furniture, beds, bedding, bed linen, carpets, dining tables, dining chairs, table ware, silver ware dishes and other furnishings and fixtures.

The plaintiff says for a second cause of action that the business of conducting the hotel as a "going and the trade and good will of the hotel," have been seriously impaired, hotel property and business have been greatly damaged. He says he has been at great trouble and has been greatly annoyed in replacing the items of personal property. He says value of property as a hotel property has been greatly depreciated and the rental income has been seriously impaired.

DISTRESSING

Case Of Infantile Paralysis At Coshocton

The most agonizing case of infantile paralysis to have been reported to local physicians up to the present time is that of the seven-year-old daughter of Mr. and Mrs. Charles Clarke, who recently came to Coshocton from Sebring, Ohio. The child is absolutely unable to move herself; limbs, body and head are all paralyzed and for two days she lost the power of speech. The fact that she has regained the use of her vocal organs is the only encouraging symptoms the physicians have to build upon.

The situation is particularly distressing owing to the fact that the parents, being new residents of Coshocton, have very few acquaintances here and were it not for the kindness of the relatives with whom they are staying they would be absolutely alone in their sorrow.—Coshocton Times.

MISS ELSA STRAUSS

Sings At Her Old Home In Connellsville, Pa.

The Banner is in receipt of a copy of a Connellsville, Pa., paper which gives an account of the singing of Miss Elsa Strauss of Mt. Vernon at the annual county convention of the Fayette County Sunday school convention. The paper states that Miss Strauss is a former resident of Connellsville and a great favorite in the musical circles there. The paper further states that Miss Strauss sang last Sunday both morning and evening in the Methodist Episcopal church choir at Dawson, Pa.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. Cheney & Co., Toledo, Ohio.

Sold by druggists, 75c.

A HOPELESS PLEA

A woman who has reached the age of 90 advises her less mature sisters in order to enjoy longevity to "swim and avoid corsets." The softer sex will consent to swim or dive opportunely, but as to avoiding corsets or being out of the fashion, it would not do that even if it enables them to attain the age of 190.—Pittsburg Dispatch.

WHITE RIBBON COLUMN

Edited by Mrs. Thos. Weir

Motto—"O woman, great is thy faith, be it unto thee even as thou wilt."

If as much liquor is sold in our town as ever why do the wet element fight for wet administration, why not let the drys have it always?

The Prohibition law of Kansas was adopted in 1881 and has been enforced ever since. The state never was as clean as it is today. There is not an able-bodied man or woman in the poor house. One town (Emporia) is being paved from one end to the other with brick and asphalt without a dollar's worth of liquor money in it. The revenues of Kansas for nearly thirty years have been raised without liquor licenses and they have built the best system of schools in the world. Taxes are low and the average working man own his own home.

One of the biggest events of the week at Lorain, O., was the speaking of Anna Gordon, world's secretary of the W. C. T. U. when she spoke to the newboys in Newsboy hall. She seems to have a faculty of getting hold of boys and the Times-Herald carriers are fortunate in securing the speaker tonight. The hall is not expected to hold all who will come. She is held one of the world-famous women near to Frances E. Willard.—Lorain Times-Herald.

A cheap way for women who are fat to live and at the same time get graceful figures:

Abstain from all meats—Cheap.

Abstain from all liquors—Cheaper.

Live on spinach and take long walks before and after meals—Cheapest.

But don't keep it up too long.

Broad assertions made by Gov. W. R. Stubbs of Kansas: "If any brewer or distiller can show me an open saloon in Kansas, I will close it or resign."

Keep your eye on Missouri. Missouri is going dry.

Each remember her own particular duty—help, lift up, keeping sweet charity first. Each one is to keep sweet and help keep others sweet.

How many of us, remember the Golden rule? Stop, think and judge not. Ere you are certain for how soon may the judgment. Come back on our own heads. Remember just this: God is just. He will give you mercy for mercy.

W. C. T. U. held its regular meeting in the parlors of the Congregational church Tuesday afternoon. The church was beautifully decorated for the occasion and looked very pretty.

Mottos and pennants and banners. Meeting opened with Mrs. Nixon in the chair. Scripture lesson by Mrs. H. Stephens. Crusade song. Minutes of the last meeting read and approved.

Business.

Two poor cases were represented and taken up by superintendent. One case desertion, the other husband dead. Sad enough. Let all who have to spare send articles of any description to committee or Mrs. Nixon and they will be attended to.

Calendars have come and each one is requested to buy one and sell to your friends. See how many can sell five beautiful, scripture texts for every day.

Vice president at large was discussed and owing to our president's illness, it was decided to have a vice president to take charge when she is not able to be with us, and was finally decided the president to select her vice and be ratified by Union.

Next meeting programs ready for next meeting. Next meeting to be held at the home of Mrs. Carrie Tilton, North Main street; subject, "Showers from Conventions." The one shower we had was such a good one that the smaller showers would come at intervals next meeting. The convention yells were given by delegates.

Sick were reported as follows: Pres. Mrs. Spitzer was brought home first of the week, Mrs. Minard, Mrs. Bartlett, Mrs. Mercer. Sympathy was expressed and a request that flowers be sent to each. A good attendance.

After some talk for good of the Union, they adjourned into the social hour when the committee in charge served delicious refreshments.

Don't forget to come and wear the ribbon white.

W. C. T. U. post cards can be had at any W. C. T. U. worker's home. Please help out on this deal.

CHECK FOR \$6,550,000

(Manchester Guardian)

The Royal Mail Steamship Packet Company's check for £1,347,825 for the shares of the Pacific Steam Navigation company is not by any means the largest that has ever been drawn. The Manchester Ship Canal Company on acquiring the Bridgewater Canal in 1887 drew a check for £1,710,000, and will be remembered that it was exhibited in the city as the biggest that had been drawn up to that time.

Mrs. W. F. Sentz of Buckeye City went to Lock Wednesday evening to attend the funeral of Mrs. Ella Carver on Thursday afternoon.

SHEEP

Being Killed By Dogs South Of The City

A great deal of trouble is being experienced by the farmers residing just south of Mt. Vernon, especially those who own sheep. For the past several mornings, dead sheep have been found on various farms by the farmers, who seem to be entirely unable to stop the loss, which is undoubtedly caused by dogs that have a mania for killing sheep. On Monday night Mr. Fred Martin, who resides a short distance from the city on the Brandon road, suffered the greatest loss yet reported. Early in the morning, he went out to the field where the sheep were kept, to feed them when he found that the dogs had killed nine of his choice lambs and wounded three more. No trace of dogs was found, but a strict watch will be kept and if they are apprehended in their work of destruction, immediate action will probably be brought against their owners.

A STRAW VOTE

YOU DON'T HAVE TO LEAVE HOME

to get the best business education.

One year of performance is better than ten years of promise. The Mt. Vernon Business College has made good.

We weren't experimenting on Mt. Vernon the past three years with our local Branch School. We knew just what we were doing. Business men had pledged enough students for a fine class before even the first announcement, and each year was a grand success—this one will be even better.

Your money couldn't secure you a better education—no matter where you want. There is only one BEST—and in College Systems, and methods we control them absolutely. We pay large salaries to instructors who know their business and graduates of this school never be out of a position—we guarantee that.

Stay at home with your family and go to business college in your home town—what can you ask better than that—especially when you have everything that the big city college can offer—nothing different but the size of the school, and that can certainly be no disadvantage.
