

REED

The Republican Candidate Wins Out For Coroner

By A Margin Of 3 According To Official Count

The Socialists Cast 372 Votes In Knox County

The Total Vote In The County Was 7,878

Some Figures Obtained From The Official Count

It was 12:20 Friday morning when the Knox county board of elections completed the official canvass of the vote cast in Knox county at the general election held on November 8, after having been in session since 9 o'clock Thursday morning.

The changes in the official count from those furnished on the night of the election were few and were of but little consequence so far as results were concerned.

The only close race was between Dr. Winterringer, Democrat, and Dr. Reed, Republican, the two candidates for coroner. The official count shows that Dr. Reed won out by 3 votes.

The Socialists showed considerable strength in Knox county this fall, as the official count shows there were 372 votes cast. A greater portion of these were in Mt. Vernon.

The Prohibition party only cast 70 votes, which is a great falling off in the county.

The Socialist Labor party cast 16 votes. The total vote in Knox county was 7,878.

The proposition to call a constitutional convention in the state of Ohio was almost unanimous in Knox county—5,572 votes being cast "yes" and only 1,596 "no."

The official count shows that Governor Harmon carried Knox county by 493. All candidates on the state ticket carried the county, but by small pluralities.

The following figures from the official vote on each candidate:

Table listing candidates and their vote counts for various offices including Governor, Lieutenant Governor, Secretary of State, and Judges of Supreme Court.

Table listing candidates and their vote counts for various offices including Circuit Judge, State Senator, Representative, and Clerk of Courts.

Has Been The Presbyterian Church At Martinsburg

For All Large Gatherings So Plans Are Made

For The Construction Of A Large Banquet Hall

To Accommodate The People At All Gatherings

Which Are Of A Public Nature --Plan Outlined

(By Rev. O. R. Newcomb) The Presbyterian church of Martinsburg, so long the community church of the village, must go to the dry-dock for repairs.

The only large audience room in the village is out of commission, save as a small band of Presbyterians are able to meet there for Sunday school and preaching services.

It is hoped to combine through the community the motives of gratitude for the past with hope for the future. By a united effort we can save the old church for community uses and also secure a banquet hall and kitchen for the village, to be used as freely by the community as the church has always been.

We can have this banquet hall and kitchen, if— First. If we realize the advantage it would be to the community.

We need just this thing in the village. We owe it to ourselves and to our young people to provide for social self development in healthful ways. We need it when conventions and conferences require the entertainment at dinner of a number of guests from abroad.

The demands of a gracious and self-respecting hospitality require something better than the old town hall to which we have often been driven and which is most unattractive, to say the least, most inconveniently situated and most miserably unequipped.

We need such a hall, too, many times a year for our distinctively home affairs, social functions, etc.

Second. If we will give the money. The new floor and banquet hall equipment will cost about \$1,000.

The Presbyterians have pledged \$500. It is proposed to invite the three other churches of the village, the alumni association and other organizations of the village to raise the other \$500.

The possession by the people of Martinsburg of a community banquet hall depends upon the response given to this invitation. No heavy burdens will be laid upon any one and in the end we shall supply one of the great needs of the village.

Third. If we recognize our opportunity. The trustees of the Presbyterian church will guarantee the use of the completed banquet hall and equipment to the churches and other organizations raising the \$500 for the consideration of a rental merely sufficient to pay for gas and wear and tear for the time it was actually used or what it would cost them if it were their own.

Every church in the village will practically own a dining hall. For a fraction of the cost each church will secure just what it so often needs. How else can a church get a \$500 dining hall for \$100? One dollar will now do the work of five. And further if this chance is lost, it will be the old town hall or nothing for a long time to come.

The other three churches have recently been repaired and no one is going to overhaul them again right away to put in a kitchen or basement.

The progress of civilization is but the progress of cooperation. If a mutual confidence and an aggressive public spirit once more assert themselves in united action, Martinsburg will have another achievement to crown the many that signalize her progressive people.

Questions and Answers Question:—Is not this just a Presbyterian scheme to work the community? Answer:—No. It will be practical by a Methodist or Baptist or Disciple

Good Home Training

When you teach a child to save, you are training him in self-denial, self-restraint, thoughtfulness, foresight, and many other moral qualities, as well as thrift. For you know that "spending" usually means giving way to the appetites of the moment. "Saving" means resisting them.

Encourage your child to open an account with this strong bank, where his savings are absolutely secure, and where they go on day and night earning 3 per cent interest.

In our commercial as well as our savings department, we want every depositor to feel that anything we can do for him will be considered a pleasure.

Have You Tried?

Lydia E. Pinkham's Vegetable Compound? We can furnish positive proof that it has made many remarkable cures after all other means had failed.

Women who are suffering with some form of female illness should consider this. As such evidence read these two unsolicited testimonial letters. We guarantee they are genuine and honest statements of facts.

Cresson, Pa.—"Five years ago I had a bad fall, and hurt myself inwardly. I was under a doctor's care for nine weeks, and when I stopped I grew worse again. I sent for a bottle of Lydia E. Pinkham's Vegetable Compound, took it as directed, and now I am a stout, hearty woman."—Mrs. Ella E. Alkey, Cresson, Pa.

Baird, Wash.—"A year ago I was sick with kidney and bladder troubles and female weakness. The doctors gave me up. All they could do was to just let me go as easily as possible. I was advised by friends to take Lydia E. Pinkham's Vegetable Compound and Blood Purifier. I am completely cured of my ills, and I am nearly sixty years old."—Mrs. Sarah Leighton, Baird, Wash.

Evidence like the above is abundant showing that the derangements of the female organism which breed all kinds of miserable feelings and which ordinary practice does not cure, are the very disorders that give way to Lydia E. Pinkham's Vegetable Compound.

Women who are afflicted with similar troubles, after reading two such letters as the above, should be encouraged to try this wonderfully helpful remedy.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

YOU DON'T HAVE TO LEAVE HOME

to get the best business education. One year of performance is better than ten years of promise. The Mt. Vernon Business College has made good.

We weren't experimenting on Mt. Vernon the past three years with our local Branch School. We knew just what we were doing. Business men had pledged enough students for a fine class before even the first announcement, and each year was a grand success—this one will be even better.

Your money couldn't secure you a better education—no matter where you want. There is only one BEST—and in College Systems, and methods we control them absolutely. We pay large salaries to instructors who know their business and graduates of this school never be out of a position—we guarantee that.

Stay at home with your family and go to business college in your home town—what can you ask better than that—especially when you have everything that the big city college can offer—nothing different but the size of the school, and that can certainly be no disadvantage.

WE POSITIVELY GUARANTEE POSITIONS UPON GRADUATION OR REFUND EVERY CENT OF TUITION PAID. HOW CAN YOU LOSE?
