He was operating the cleaning machine when a long pipe, which had been leaning against the derrick, fell and struck him squarely on top of the head. Mr. Chaper was knocked to the ground, but was not rendered unconscious. A long gash was inflicted in the scalp and Dr. W. E. Shroetz was called to render surgical attention.

# SMALL BLAZE At The Camp Factory Called Out The Department

Fire broke out in the sand bin at the Camp glass factory at about 11:30 o'clock Tuesday morning. The blaze was discovered by workmen, who immediately began to use the plant's fire hose. The fire department was called to the scene but their services were not necessary as the fire was almost extinguished when they arrived. The damage was small.

# ENROUTE

### Here When "Pinched" By Police At Mansfield

(Mansfield News)  
 The mayor had a busy time of it in police court Monday morning more than a dozen arrests having been made by the officers over Saturday and Sunday. One mess of four cases of trouble came from Ashland. The officers say that a bunch of men came over here Saturday night, purchased whisky in quart bottles, took it to Ashland for use over Sunday. Several of these fellows came back here Sunday enroute to Mt. Vernon and proceeded to tap some of their supplies on the street. The result was that Officers Beam and Lurz arrested all the offenders they could lay their hands on and locked them up.

# CENTERBURG

### Girl Lost In Crowd At Circus In Columbus

### Police Notified But Girl Cannot Be Found

(Columbus Journal)  
 Separated from her father in the crowd which surged from the afternoon performance of the Barnum & Bailey Circus, Miss Nellie Spicer, aged 16 of Centerburg, had not been found early this morning. Residents of the vicinity reported that they had seen her about 7 o'clock in the evening. Efforts of the police to find her were without avail. Miss Spicer is described as a pronounced blonde of medium height.

The Spicers came to Columbus at 10 o'clock yesterday morning. Everything went well until after the show, when, as they were hurrying along in order to catch the 4:30 train, the girl was suddenly lost in the crowd. Spicer continued on his way to the Union Station, to which he thought his daughter probably had gone. Unable to find her there, he continued his search and finally, at 6 o'clock, reported the disappearance to the police. Spicer said last night that he thought his daughter had taken refuge in one of the houses near the circus grounds. The girl had no money at the time of her disappearance. She wore a straw hat, white waist and blue skirt. Her hair was unusually short, having been cut, owing to severe illness, about a year ago.

# YOUNG BOY IS INJURED

Ralph, the three-year-old son of Mr. and Mrs. Robert Body of North Braddock street, sustained a bad fall on Monday afternoon. His father was pulling him in a little express wagon when he fell out backward, striking the top of his head on the cement side walk. The child was rendered unconscious for several hours. Dr. H. W. Blair was called in attendance. It is not thought that the injury will result seriously.

# BIRTHS

A daughter was born Tuesday morning to Mr. and Mrs. Cecil Hazette of North Liberty.

# SMALL BLAZE At The Camp Factory Called Out The Department

Fire broke out in the sand bin at the Camp glass factory at about 11:30 o'clock Tuesday morning. The blaze was discovered by workmen, who immediately began to use the plant's fire hose. A committee upon revised rules and regulations, appointed by the board some weeks ago, made their report and after some discussion and changes to the report, it was voted to place the rules on file for one year and to vote upon the same at the next annual meeting, May, 1912, with a view to making the same the working laws of the association. These rules and regulations are much briefer and workable than the present constitution.

During the evening Mr. Geo. Kelly, assisted by Miss Shireman, sang a solo and Mr. Curtis Meltzer rendered a selection on the violin. Messrs. McNabb and Walker played a mandolin duet. The regular Y. M. C. A. orchestra played a number of pieces.

A lively encounter took place in Four Bros' pool room on West Vine street Monday evening when one of the firm attempted to eject an unwelcome patron from the room. A boy by the name of Earl Stoyke engaged in an argument with Jocko Ghost and soon the two were a fist fight. Officer McElroy was attracted to the spot by the noise and arrested both men who participated in the fight. On Tuesday morning they were arraigned before Mayor Mitchell and each entered a plea of guilty to the charge of fighting, which was made against them. A fine of \$5 and costs was given each.

# GOING AFTER

### The Bremen Co. Are Loshoc-ton Stockholders

### The Claim Is Made That Stock Is Worthless

Coshocton, O., May 23—Coshocton holders of stock in the Union Associated Oil Co. of Bremen, are placing their certificates in the hands of Attorney James Glenn who has been instructed to take the affairs of the company into the courts if necessary, to recover at least a per cent of the investments.

About two years ago, thousands of dollars worth of Coshocton and Coshocton county money was turned over for stock in what was proclaimed a "Gilt Edged" proposition, and what in fact did look exceedingly rosy, but what is now alleged to be a bogus concern. As a rule the local stockholders look upon their shares as not worth the paper in the certificates.

Feeling is high and stockholders are flocking in to Attorney Glenn with their "prize packages" especially since the report has gone out that a few men in the Trinway vicinity, who became aware that their stock was worthless had placed the affair in the hands of a lawyer and had received the face value for their certificates.

From what can be learned something like \$10,000 was invested by Coshocton men, many experienced in the oil business. Attorney Glenn will proceed with the matter as soon as all the certificates are in. One man is in Linton township where much of the paper was sold, collecting the certificates this afternoon. Business men all along Main street are stockholders.

# INSTITUTE

### Of The W. C. T. U. Is Held At Amity

The W. C. T. U. held an institute in the Baptist church at Amity Thursday, May 18.

Three sessions were held and although various hindrances kept many from attending, the day was very profitably spent enjoying the companionship of Mrs. Sheldon, state worker, and Miss Flora Farquhar, county president.

The morning session was opened by devotional service in which Mrs. Sheldon told the story of "Mary and Martha."

Prayer by Miss Farquhar. Greeting by the local president, Mrs. Parsons. Response by Mrs. Sheldon, who also introduced the work of the L. T. L.

At the close of the discussion which followed this subject, dinner was served in the church.

At 1:30 devotional services were again led by Mrs. Sheldon who afterwards tied the White Ribbon on Master Paul Davis.

This department of the work is called "White Ribbon Recruits."

The state paper "Problems in Politics" was read by Miss Farquhar.

The department of "Scientific Temperance Instruction" and "Literature" occupied most of this session, emphasizing the necessity of interesting school board and teachers.

Symposium: "Why I am a W. C. T. U." was answered by many of the ladies and while different reasons were given the chief object seemed to be a desire for "Christian service."

Music throughout the program was from the Songster and furnished by the union.

In the evening Mrs. Sheldon again spoke, this being the largest crowd attending either session.

At the close of the service a silver offering was taken.

# S.S.S. RIDES THE SYSTEM OF CATARRH

Catarrh usually begins with irritated, inflamed membranes of the head, nose and throat, from which there is a constant and copious discharge of mucus matter. Nature intends that these membranes shall be nourished by the blood, but waste matters and impurities deposited into these delicate parts, sets up inflammation and the discharge is a natural result. There is only one way to cure Catarrh, and that is to remove the cause by purifying the blood. Washes, sprays, inhalations, etc., do not reach the circulation, and therefore can only afford temporary relief. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter, and at the same time building up the system by its unequalled tonic effects. In other words S. S. S. cures Catarrh by purifying the blood so that the mucous surfaces and linings of the body are supplied with healthy nourishment instead of being continually irritated from the catarrhal impurities. Then the inflamed membranes heal, the discharge is checked, head noises cease, the stomach is toned up, and the throat is no longer clogged with mucus. Book on Catarrh and any medical advice desired, free. S. S. S. is for sale at drug stores.
