TITANIC'S DEAD SENT TO HOMES

Forty Unidentified Bodies To Be Buried At Once

Memorial Service Planned--People Of Halifax Will Honor Memories Of Those Who Went Down In Wreck--Bodies Will Be Photographed Before Being Consigned To Mother Earth--Astor Funeral Will Take Place At Rhinebeck-on-Hudson Saturday

Halifax, N. S., May 2.—All of the bodies landed by the Mackay-Bennett have not yet been embalmed, but the work has progressed so far that 27 have been shipped to their homes. It is expected that today it will be possible to send as many more, and that by tomorrow the number thus disposed of will reach nearly 100. It was decided that about 40 of the unidentified dead must be buried without further delay, owing to the advanced stage of decomposition, and a funeral was decided on for tomorrow afternoon at 3 o'clock. In the forenoon a memorial service will be held in Brunswick Street church, one of the largest in the city. It will be conducted by the Evangelical Alliance, and the band of the Royal Celebration regiment will be present. "Nearer, My God, to Thee," will be one of the hymns to be played by the band, and the service will conclude with "The Dead March from Saul."

The Roman Catholic church will also hold a service on the same day. It is believed that the unclaimed dead will reach about 75 bodies, but in the meantime interment will be made of 40.

A complete description has been made of the bodies to be buried, and where this would be of any value at all photographs have been taken. In some cases disfigurement is so great that photographs would be useless.

year-old daughter, Muriel, arrived from Europe by the Kaiser Wilhelm der Grosse. They were met at the pier by Mrs. Astor's brother, J. R. Barton, of Philadelphia. Mrs. Astor said her future movements were unsettled, but that she had come over to be with her son Vincent, who is due here with the body of his father.

Astor Funeral Saturday.
New York, May 2.—The funeral of John J. Astor will occur at Rhinebeck on the Hudson next Saturday at 12 o'clock. It was said at his house that his body is expected to arrive at Rhinebeck at 4 o'clock this afternoon. A special train will leave New York for Rhinebeck Saturday morning, conveying his relatives and close friends.

Waited Until Titanic Sank.
Washington, May 2.—That the steamer Mt. Temple was within sight of the sinking Titanic, hove to, put out its lights and waited until the leviathan sank before approaching, are the charges made in a sworn statement received by Senator Smith from Dr. F. C. Quitzrau of Toronto, a Mt. Temple passenger.

WANT ROOSEVELT TO RIDE IN SUFFRAGETTE PARADE

New York, May 2.—Colonel Theodore Roosevelt has been asked by the Men's League for Women Suffrage to head the division of men who will march in the big parade of May 4. The colonel hasn't replied to the letter of invitation.

Meanwhile, it was said that hundreds of acceptances are coming in from men who have been asked if they would like to march. It is now

certain that there will be not less than 1,200 men in line.

A league officer stated that of 1,000 letters to men sent out, only one had been answered with a refusal. The refusal came from the man's wife. She said she was so angered by the invitation that she could not reply to it, so she wrote only three pages telling what she thought of the league and of woman suffrage.

ANTIS TO OPEN SCHOOL

Dayton, O., May 2.—Plans for opening the proposed independent school for unvaccinated children are being pushed by the committee named at an anti-vaccination indignation meeting. DROPS BABY IN COAL CAR

Chicago Junction, O., May 2.—Freight Conductor L. G. Meyer, while going over his train between Homer and Nova, discovered an 11-pound baby girl which had been thrown into a gondola car. PARADE OF WOMEN IN NEW YORK SATURDAY, MAY 4, WILL BREAK RECORD FOR NUMBER IN LINE

New York, May 2.—It is expected that at least 15,000 women and girls will take part in the "votes for women" parade here Saturday, May 4. The parade will start from Washington square at 5 p. m. and will march up Fifth avenue to Central park at Fifty-ninth street, where the women will turn west to Seventh avenue and then two blocks south to Carnegie hall, where a mass meeting will be addressed by leaders in the suffragist movement. The paraders will be in several divisions, one being on horseback. Miss Inez Milholland and

Miss Mabel Lee will be in this division. Miss Lee is a daughter of Mrs. Lee Towe, who is also a suffragist, and is a Columbia university student. Dr. Anna Shaw will be one of the speakers, and Mrs. Harriot Blatch will also speak. The paraders have adopted a white straw hat with a black band as the official headgear. The women shown in the picture are: 1, Mrs. Harriot Stanton Blatch; 2, Dr. Anna Shaw; 3, Miss Mabel Lee; 4, Miss Grace Stratton; 5, Mrs. Lee Towe; 6, Miss Roberta Hill; 7, Miss Inez Milholland.

LATEST VERSION SAYS FORTS FIRED ON TEXAS

Smyrna, May 2.—It is now alleged that the steamer Texas, which sunk with considerable loss of life in the Dardanelles, was struck by a shell instead of having hit a submerged mine, as at first reported. This shell, it is claimed, was fired from one of the Turkish forts after the Texas had ignored two blank shots which

had been fired as a warning. The Texas had deviated from the proper channel.

Underwood of Alabama, Democratic floor leader in the national house, has carried Georgia over Governor Wilson of New Jersey by a substantial majority, and will be supported by a solid Georgia delegation at the Baltimore convention. Returns from the presidential preference primary indicate that Underwood's majority over Wilson will be at least 5,000.

Columbus, O., May 2.—The constitutional convention paused in its discussion of official matters long enough to adopt resolutions of congratulation for one of its members who, slyly and without announcement, slipped away and was married. The new benedict among the delegates is James M. Fluke of Ashland county. He was married in Mansfield to Miss Esther J. Griffin, a native of St. Marys, Ont., Canada. RESENT TEDDY'S INTERFERENCE

Bay State's Big Eight Will Vote As They Please

President's Manager Not Satisfied With Result On Delegates-At-Large--Colonel Roosevelt Declares That He Meant Every Word Of Message To Delegates Instructing Them To Vote For His Rival, And Will Use Every Endeavor To See They Obey

Boston, May 2.—Despite the orders issued from Oyster Bay that they vote for President Taft in the Chicago convention because the real will of the people as expressed in the preferential vote was that Taft delegates be chosen, the eight Massachusetts delegates-at-large chosen at the primary are going to stand pat and vote as they please. They are not going to act jointly although at first they decided to stand together by their pledge for Roosevelt. Later, when they heard of the colonel's demand that they support Taft, they tore up the agreement and each will go on his own hook.

A general recount of the votes will be asked by General Champlin on the ground that the real choice of the people is not expressed in the returns from the election officers, and that a second inspection of the ballots is necessary to determine the extent of the Seiberlich blunder. Returns from the primary dribbled in all during the day, and are complete with the exception of the vote in three small towns. They show Taft led Roosevelt by 3,973, while Clark led Wilson by 19,021 in the preferential vote of the people for their selections for the Republican and Democratic nominations for the presidency. The vote for Taft was 87,117; for Roosevelt, 83,144; for Clark, 33,491; for Wilson, 14,470. Eight delegates-at-large pledged to Roosevelt were chosen by about 8,300 plurality over the Taft slate.

Delegates Declare Themselves.
There is a big row on over the question of whether the eight delegates-at-large are morally if not legally bound to support Taft in the convention, and there is talk of their seats being contested at Chicago. Five of the eight delegates-at-large chosen as pledged to Roosevelt said that they would not accept the release from their pledge given by the colonel, and proposed to vote for him in the convention regardless of his request to follow the preferential choice of Taft.

Those who made this statement were Charles S. Baxter, James P. Magenis, George W. Coleman, Arthur L. Nason and Alvin G. Weeks. Octave LaRiviere, another delegate, said he might do what the colonel requested, and Frederick Fosdick said that he was willing to vote for Taft, but would not make his decision at this time. Professor Albert B. Hart is in the west and could not be reached.

Several of the delegates expressed their displeasure at the "butting in" on the part of the colonel.

MAKES IT EMPHATIC

Colonel Roosevelt Insists He Doesn't Want Bay State Votes.
Oyster Bay, N. Y., May 2.—Colonel Roosevelt heard that his eight Massachusetts delegates-at-large were in open rebellion against his bull of ex-communication and were all agreed that they'd stick.

"What are you going to do about it?" colonel.

"I have nothing to say," he replied, "except that I meant every word that I said and shall do everything possible to see that my request is heeded."

Controlled by Roosevelt.
Harrisburg, Pa., May 2.—The Republican state convention was dominated by delegates favoring Colonel Roosevelt, and it adopted a progressive platform which lauded Roosevelt and omitted mention of President Taft or the work of his administration.

S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually inflames and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.
