Sheriff Woolson arrested Warner Morton of No. 14 East Chestnut street Friday afternoon on a paternity charge. The affidavit was made by Maudie Dudgeon of Mt. Vernon before Squire Harter. After his arrest, Morton was taken before Justice Harter where he pleaded not guilty and the date of the preliminary examination was set for Monday, October 12. His bond was fixed at \$500 and in default of the same he was sent to the county jail.

"THE RUN"

Given A Young Dry Goods Clerk On Friday Evening

The "run" is not dead after all, and Friday night the victim, according to the stor, was of the type that boasts he will not run.

The scene of the performance was transferred from North Main street to East Vine street for the purpose of deception and the victim was a young dry goods clerk. The "run" occurred Friday evening. Though the victim was perfectly familiar with the usual procedure of "runs" the changing of the scene of action was a complete surprise and, when told to "beat it," a few missiles being hurled to hasten his flight, "beat it" he naturally did, despite his former statement that he would not "run."

It is said that, after the performance was over, the victim came up to several of the ring-leaders and desired to fight, on the grounds that rocks had been hurled at him. Peace was soon restored, however, and the evening ended happily for all concerned.

PROMINENT

Republican Comes To Support Of Gov. Cox

Columbus, O., Oct. 3.—Democratic state headquarters on Friday was preparing to make out a speaking program for Harry R. Probasco, of Cincinnati, who was once candidate on the Republican ticket for United States senator, but who has come out for Cox for governor and has offered to speak in the latter's behalf. In a statement volunteering his services to the Democrats, Mr. Probasco, who calls himself "an independent Republican," declares Governor Cox to rank high as a statesman and to have made an admirable governor. His statement says in part:

"The main issue in this campaign is whether the many legislative plans Cox has advocated, which involve business principles pure and simple, that even in their incipency have demonstrated their wisdom, shall be continued, or turned topsy-turvy by a new administration, whose advocates have been challenged over and over again to name any of these laws which they would materially amend or repeal, but are stricken dumb with fear lest they excite universal hostility of the people of the state.

"The Republican party is not the grand old party of Sherman, Matthews, Hayes, McKinley, Garfield, Mark Hanna nor of Foraker, who gave wisdom and direction to the party. In the places of these distinguished Republicans have sprung up small men, much-rooms, politicians who have neither creative nor originality in them."

SCHOOL NOTES

The Forum staff at high school is working hard in preparation for the first issue of the Forum. Ever since the staff was announced, it has been working and planning to make its first attempt at a Forum a good one. The first number will be called the Freshmen-Faculty number and will contain stories written by members of the faculty and Freshmen class. It will be issued about the fourteenth of this month.

A representative from the D. L. Auld company of Columbus was in this city Wednesday and Thursday and met several of the classes at high school. He took an order from some of the seniors for some rings and also took their order for commencement invitations. He also met the Junior class and received an order from it for its class pin and ring.

The chapel exercises held in the high school auditorium Monday morning were exceedingly interesting. A very good talk was given by Coach Hagerman on the chances for a winning team this year. According to his statements, things look very bright, and with some hard work an exceedingly fast team should be turned out. Even this early in the season the men are showing signs of mid-season form. He also stated that his convictions were that a team could be built up that would vanquish any of the Columbus elevens, with the possible exception of East. Having seen both North and Aquinas in action this season, his statements are not mere day-dreams. Mr. Doherty also gave a short talk and urged the students to come down in a body and help cheer their team on to victory.

Friday morning the singing class was given its initial lesson on Cowens' "Bridal Chorus." The class did very creditably for the first time and the prospects are exceedingly bright for a very fine chorus to be turned out. The accompaniment to the Bridal Chorus is very beautiful and when the chorus is worked up, a selection well worth hearing can be given. The basses were aided considerably by the presence of Mr. Lawrence Sperry, who kindly consented to help out some on the work.

Wednesday afternoon at the close of school a rally was held in the auditorium for the purpose of working up more enthusiasm for the game here today. Several good speeches were made by various members of the faculty, and yells, etc., were given till the old building fairly rocked with the volume of noise made. Afterward the students watched a signal practice and scrimmage at the enclosed park.

A Penny Social will be given by the Junior class at the high school building next Friday evening. A committee is working hard in preparation for it and hopes to make it a grand success. Remember the date—Friday, October ninth.

The high school football team was certainly put through a week of stiff practice. The whole week, with the exception of one day, the practice consisted of first, booting the ball to get all stiffness out of the legs; next came a thorough practice of all the signals, then, to top the afternoon's work off, the coach sent his squad through a grueling scrimmage. Only one night were the players spared that scrimmage, and that was Friday when the coach thought it better to give all bumps a chance to get over their soreness before the game this afternoon. The game was staged at the enclosed ball park, where the Mt. Vernon baseball team has been playing, instead of at Riverside. At the time of going to press, the "dope" was slightly in favor of high school, although the Columbus papers stated that West was confident and expected to run with the game with a fairly large score. However, it was a determined set of twenty-two men that started the game today and the team that won was forced to fight hard for the victor's laurels. The high school was slightly weakened by the loss of Bonds at full-back, and Bell at guard.

The Senior class of the high school is now planning for a hay-ride, which will take place the coming Tuesday.

Mr. B. W. Williams of Shelby is the guest of his son, Mr. B. B. Williams of East Gambler street. Mr. Williams, who was operated upon five weeks ago in Cleveland, is quite well now.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases of tinnitus are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Sold by Druggists, 75c. F. J. CHENEY & CO., Toledo, Ohio. Take Hall's Family Pills for constipation.

BIG SHOW

Put On By A Woman Before Landed In Jail

An Affidavit In Lunacy May Be Filed

Tripping lightly up Main street and attracting a great deal of attention by her novel attire, Mrs. Goldie Dodd on Friday evening caused considerable excitement, when she attempted to outdistance Officer Alsord in a foot-race. That the woman was immodestly clad could not be questioned. In fact, so immodestly was she attired that she was leading a good-sized crowd of sight-seers.

As the procession advanced, Mrs. Dodd increased her speed and finally, on reaching the square, broke into a run. Officer Alsord spied the woman and gave chase. She headed down West High street and bade fair to win out, when she ran plump into Officer Taylor. Officer Alsord came running up and the two had quite a time handling her. A near-by automobile was summoned and they attempted to load Mrs. Dodd into it. She kicked, scratched, screamed and fought and it was only by dint of rough physical effort that the woman was finally loaded into the machine. On the way up to the jail, she still scrambled around and, it is said, endeavored to kick out the top covering of the car.

Arrived at the jail, she was bundled into the cell. It is stated that Mrs. Dodd was greatly lacking in necessary clothing, lingerie being her chief attire. However, she wore a large cloak. This had an unfortunate habit of flying open as she walked along the street and it was this that started the chase.

No formal charge has been placed against the woman as yet, but it is said that an affidavit in lunacy will probably be made in probate court. Mrs. Dodd resides on West High street.

All did but two and the story is that these were put off later. The majority of those that failed to catch the freight went up on the early morning train.

Fur and velvet coats are of voluminous proportions. The long fur coat is always more interesting in appearance than the short one. And the early models, with wide, flaring skirts, often edged with a contrasting fur, are especially luxurious looking.

Some of the new evening cloaks are made of velvet or velours and are cut on very generous lines.

HARMONIOUS COLOR SCHEMES

In Working These Out a Pretty Rug Gives Charm to the Barest Room.

Every room in the house should have a color scheme, walls, hangings, furniture, carpets or rugs so harmonizing as to give a delightful and restful effect. Whatever this color scheme may be, adding a charm to the barest room which nothing else can give.

Oriental rugs are most popular and wear better than any, the price varying according to size and design. And, though rather expensive, they are not out of reach of the average moderate income, for, once purchased, they will wear for years and years. Deal with a firm of good repute that can show selections of various kinds and guarantee the wear of each.

Japanese rugs can be bought in charming shades to tone with almost any color. For bedrooms they are particularly suitable, either in color combined with white or in the one tone color now so much in demand. The Japanese jute rugs come in handy for laying in front of washstands or for use out of doors. They are cheap, but do not wear as well, as the edges fray rather easily.

DOMESTIC SCIENCE.

To prevent a silk skirt from cracking press it all over with a hot iron before wearing it.

One of several ways of stiffening the bristles of brushes after washing is to dip them into a mixture of equal quantities of milk and water and then dry before the fire.

Always put scrubbing brushes to dry with the bristles face downward. This lengthens their lives considerably, as if dried the other way the water naturally soaks into the wood and rots the bristles.

To remove paper labels from old bottles easily wet the face of the label with water and hold it for an instant over any convenient flame. The steam formed penetrates the label at once and softens the paste.

Silk handkerchiefs should be washed in a warm lather, made with pure soap. This should be blue, as should the rinsing water. Roll up tightly in a cloth and iron the handkerchiefs between linen or they will turn yellow.

Destroy the smell of paint by placing pallfuls of cold water in the rooms which are being painted. Change the water night and morning, and, when possible, add a handful of hay to the water in each pail.
