

A Traveling Man Cured

P. B. Counterman, a traveling man of Joplin, Mo., writes: "Twelve years ago I was a great sufferer from stomach trouble. I tried nearly every medicine I could hear of, among them I used fifteen bottles of one popular preparation, but never found anything that did me any permanent good until I took Chamberlain's Stomach and Liver Tablets, which have effected a permanent cure. It has now been five years since I took these tablets, and I have had no more stomach trouble during that time. I have recommended Chamberlain's Tablets to a great many sufferers with stomach trouble, and traveling salesmen, and have met many of the boys on the road that are afflicted with disorders of the stomach as they have to put up with all kinds of half cooked grub at the different country hotels, which is one cause of this dreadful disease."

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Stomach and Liver Tablets. I got a bottle of them and they soon helped my stomach; by their gentle action my bowels became more regular. Today I feel like praising them to all who suffer as I did, for me and made my life worth living."

LOCAL AND GENERAL NEWS

Trustees of Liberty township, Fairfield county, are enjoying the most pleasant surprise of their official careers, and at the same time are superintending the improvement of a poor piece of road, the material for which will not cost the people of the township one cent.

R. F. Wolfe of Columbus, proprietor of Columbus newspapers and manufacturer, owns a summer residence on Journal Island at Buckeye Lake, and goes back and forth between Columbus and the lake by automobile, almost daily, using the Refugee road leading into Millersport. About half a mile of this road, between Millersport and the Baltimore-Kirkersville pike, was in bad condition, and the trustees of Liberty township were preparing to improve it.

Mr. Wolfe wrote to the trustees offering to relieve the township of a greater part of the expense by personally paying for the crushed stone used in making the improvement, and the offer was gratefully accepted. The donor explained in his letter that he was a taxpayer in Fairfield county by reason of his holdings at Buckeye Lake, but in such small amount he felt he was indebted to the good people who build and maintain its roads. Hence the offer.

Speed must be exercised in this city if it is desired to organize a volunteer company and still have the same officially attached to the state troops.

In a conversation Monday with Adjutant General Hough of Columbus, Secretary Leopold of the chamber of commerce which, in conjunction with Julius W. Headington, has taken up the proposition of organizing a volunteer company here, was informed by Hough that while he could not officially sanction such a movement, at the same time he could personally advise that local people "get busy."

Headington wrote Monday to Col. Harry D. Knox of Marietta, who is organizing the Third Ohio Brigade which will be the first volunteer regiment, outlining the local situation. He received a telegram Tuesday from Col. Knox as follows: "Many applications. First companies to send list will be accepted. Get busy."

The new regiment, which Col. Knox is organizing, will not be offered to Gov. Willis until twelve companies of 7 men each have been organized. Sixteen cities of the state have already offered companies to Knox.

It is planned to have a big patriotic rally in this city before the week is over to stir up enthusiasm over the organization of some sort of a company here. It is pointed out that Knox is the only county in the state which has not some military organization. The matter will be discussed at the noon-day luncheon of the chamber of commerce Wednesday and it is expected that some activity will result.

New Castle, June 27—The condition of F. L. Rodeheaver of Pomerene, near here, is still critical.

On Tuesday evening about seven o'clock, Mr. Rodeheaver was repairing the roof of the corn crib on his farm, when a rung of the ladder on which he was standing broke, and he fell to the floor.

He was rendered unconscious by the fall, and lay on the floor for some time. The crib is some distance from the house, and members of the family, not knowing of the accident, did not come to the old gentleman's aid.

Upon regaining consciousness Mr. Rodeheaver was able to get to the house, and Dr. Cureton of New Castle was called. It was found that he had sustained a broken collarbone and several severe bruises.

A nasty wound was inflicted in the calf of his left leg by the dog before Mr. Baldwin could beat the canine off. The wound was cauterized at the M. & S. hospital.

where he attended the Mt. Vernon high school and was very prominent in athletic circles. Mr. and Mrs. Postle will be at home after July 15 at 1328 Fry avenue, Lakewood.

The Camp Fire Girls of Gambier enjoyed a gypsy picnic Tuesday. About 30 girls left Gambier Tuesday morning on a hay-wagon to spend the day driving in the country. They halted and cooked their dinner in the approved gypsy fashion when a satisfactory location was found. In the afternoon, the drive was resumed and at supper time the meal was prepared in the same way. The party was not expected to return to Gambier until a late hour.

The deceased was 59 years of age and is survived by her mother and one brother, Charles Bookman of North Liberty. The funeral at the home Wednesday morning at 9 o'clock, Rev. Beckholt officiating. Interment in the North Liberty cemetery.

William Kuhns, who was sentenced to the work-house Monday by Mayor Mitchell on a charge of assault and battery, preferred by Mrs. Florence Ginn, was taken to Dayton Monday by Officer Robert McElroy.

A joy ride late Saturday night in a stolen automobile had its aftermath in the probate court Tuesday afternoon when a sixteen-year-old boy was grilled concerning the event, which resulted in a smash-up of the car, the property of George Israel of Massillon, on the Newark road south of the city, and near injuries to all three of the occupants.

The lad admitted that he was under the influence of liquor when he stole the car. He accomplished the theft by taking a key from another car, entering the garage in which the Israel machine was quartered, noiselessly wheeling the automobile out and then using the stolen key to start the stolen car.

With him were two other youngsters about his age. All, it is said, had been imbibing too freely and

looked forward to the ride with zest. They started south on the Newark road and had not reached the end of the street car tracks when the smash-up occurred.

The driver of the car was decidedly wobbly and lost control of the machine, swerving it from side to side of the road and finally swinging against the car tracks with such a force that one of his companions was tossed out of the machine a distance of about fifteen feet.

The accident had a sobering effect and it was a party of three badly-frightened boys which returned back to Mt. Vernon to restore the car to its place in the garage.

When George Israel, owner of the machine, went to get it Sunday morning, he found the car in rather a bad shape. The spokes of two of the wheels were shattered, while two of the axles were broken. The rear wheels were very much askew and made zig-zag tracks.

The owner of the garage professed utter ignorance of the condition of the machine, stating that it had not been out of the garage to his knowledge.

Israel was unsatisfied with the idea of having the repair bill shouldered on him, so he started a quiet little investigation in the various garages of the city on his own account, and gradually pieced together the story of the accident, together with the names of the participants.

This information was imparted to

Mayor Mitchell who in turn summoned Juvenile Officer Purcell in the case, the persons concerned all being under age. Officer Purcell went to the lad who took the machine and ob-

tained a clean breast of the whole affair from him. The boy appeared to regret his rash trip and placed the blame for his actions on an over-indulgence in the cup that cheers.
