

MOVE FOR NEW TRIAL

Attorneys Claim Errors In Blair's Finding

In Chisholm vs Hull And Lumber Co. Actions

Five Grounds Given By Defendants' Legal Advisers

Growth Of Johnstown Is Temporarily Stopped

Other Items Of Interest From The Court House

Motions for new trials have been filed by F. O. Levering and Greer, Greer & Cromley, attorneys for R. S. Hull and the Sun Lumber company in the actions brought against them by George William Chisholm to obtain property on East Gambier street, now occupied by defendants. Plaintiff was victorious in an opinion handed down last Friday by Judge Park B. Blair.

The grounds for the motion are given as follows:

1. The finding and judgment of the court is against the weight of the evidence and the law.
2. The court erred in rejecting evidence offered by the defendant.
3. The finding and judgment of the court is not supported by the evidence.
4. The finding and judgment of the court is contrary to law.
5. For other errors appearing of record.

Hearing Set—

In the application filed by Alexander H. Bumpus to establish the contents of the will of Alice J. Bumpus, the waivers of the widow and certain next of kin have been filed, notice issued to the sheriff for Cora E. Harry and hearing, set for Aug. 7 at 1 o'clock.

Growth Stopped—

Suit was filed Saturday morning by the legal firms of Fitzgibbon, Montgomery & Black and Kibler & Kibler, which prevents for the time the growth of Johnstown, says the Newark American Tribune.

The style of the case is Ethel Pratt Simpson versus the village of Johnstown. To prevent a multiplicity of suits the plaintiff represents a number of Johnstown people, H. E. Lake, C. M. Ross, W. C. Pierson, C. E. Green, W. F. Taylor, R. L. Patton, H. B. Ruster, J. J. Hill and W. A. Ashbrook. It grows out of an effort of the village council to extend the streets.

It is recited that on June 20 last the council passed ordinances to extend Kasson street from Maple street to the corporation line, Oregon street from Maple street to the corporation line; Cross street from Oregon to Kasson street. Following the action by the village council the clerk of that body on July 6th last notified the parties named to clear away the obstructions on their lands along the sites of the proposed extensions. No immediate action was taken and the suit of Saturday is the result of an agreement of the parties to resist the action.

The matter was called before Judge Hunter and he allowed a temporary injunction to be heard on its merits later. Plaintiffs gave bonds in the sum of \$200.

Registered Nurse—

The certificate of Lottie Mabel Stearns, a registered nurse, has been filed.

Sixth and Final—

A sixth and final account has been filed by Frank L. Wolfe, administrator of Eli A. Wolfe, who was guardian of William B. Hayes, insane, showing receipts \$375, disbursements \$674.62, leaving a balance of \$299.62 due guardian.

Marriage License—

Earl Clendon Murphy, farmer, Wayne township, and Bertha May Raymond, Fredericktown, Rev. J. A. Long.

Deed Filed—

Martin Hammond to R. H. Hammond, lot 10, Howard, \$1,200.

\$3,000 IN DAMAGES

SOUGHT BY MARY L. BARKER, CLAIMING WILBER F. BARR STRUCK HER IN LEFT SIDE WITH A RAKE HANDLE.

Alleging that she was struck in the left side with the handle of a rake in the hands of Wilber F. Barr, an action for damages has been instituted in common pleas by Mary L. Barker seeking damages.

The amount wanted is \$3,000, the plaintiff claiming she was damaged to this extent, having been compelled to incur a medical bill of \$35 on account of the great bodily pain she claims to have suffered since the incident.

The plaintiff states, through P. A. Berry, her attorney, that defendant struck her with the rake on May 2, 1916, with such force and violence that she was injured internally and was confined to her bed for a period of two weeks.

HIGH PRAISE FOR THE OBERLIN BUSINESS COLLEGE. INSPECTED BY STATE DEPARTMENT OF PUBLIC INSTRUCTION.

Prof. C. E. Oliver of the state department of Public Instruction of Columbus was in Oberlin last Friday and spent the entire day inspecting the Oberlin Business college. In addressing the normal students he congratulated them upon attending what is everywhere regarded as the best business college in Ohio and he did not know how much farther.

Prof. Oliver was greatly pleased with the school equipment, the courses of training offered and particularly with the fine class of mature young men and women enrolled. He also made suggestions as to how to still further improve the school.

The Oberlin Business College was the first business college in Ohio to be placed upon the Accredited List of Ohio Colleges by the state school department and is the only one thus far which has been inspected by the state. The business college at Oberlin has made wonderful advancement during recent years and is now regarded as one of the best schools of its kind in the U. S.

PAUL BARBER HUGE SUCCESS

Dairying Work In New Mexico Has Startling Results

REVIEWED BY A MAGAZINE

Brought Region From State Of Unproductiveness To Wealth—Farsightedness And Marked Ability Win Community—Kenyon Graduate

The work of Paul B. Barber, graduate of Kenyon college and a native of Knox county, in developing the dairying possibilities of Donna Ana county, New Mexico, is made the basis of an interesting article, "Consider The Cow," published in last week's edition of The Country Gentleman.

The author, H. B. Link, tells of Barber's arrival in the Mesilla valley and his survey of the conditions there—a survey which convinced the former Knox county youth that in dairying lay the greatest opportunity of the southwestern portion of the Rio Grande valley.

The proposition was a hard one on account of antiquated and out-of-date methods to which the farmers of the vicinity clung. Laziness prevailed on all sides. Fields of alfalfa, the big crop, had not been reseeded or renovated for twenty years and few farmers possessed any live-stock at all, relying entirely on the sale of alfalfa which went down in value.

The article states that Barber had visions of wonderful opportunities in dairying, perceiving the splendid market close at hand and also paying attention to the prices, high as compared with those of Ohio, paid for milk and butter-fat. Accordingly, he organized a series of meetings, covering a wide scope of the Mesilla valley, advertised these thoroughly and then presented hard facts to those who attended which demonstrated conclusively that dairy and not alfalfa raising should be their specialty.

The question of cow-purchase and also the wherewithal to make the investment was the stumbling block. Ninety per cent of the men were forced to borrow the money, out this was accomplished and splendid Holsteins, Jerseys and Guernseys were purchased from dealers in Wisconsin.

The Rio Grande Cooperative Dairy association was formed with a capital stock of \$25,000. A contract was immediately entered into to dispose of 1,000 gallons of milk a day in El Paso. A depot with 2,000 gallons a day capacity is now being installed.

The commissioners' court of Dona Ana county took under advisement, early in the present year, the matter of continuing the \$1,600 appropriation which, when duplicated by a like amount from the government, pays the expenses of the county agent. Farmers joined with business men in urging that the appropriation be continued, stating that Barber's work in the county had been worth ten times \$1,600.

TELEPHONE CO. INSTRUCTS ABOUT INTERMITTENT SYSTEM

Subscribers Informed Of Method Now In Use—Calls And Recalls Made Automatically

Relative to the new intermittent ringing system which has been installed by the Mt. Vernon Telephone Company, the following letter has been sent out to all subscribers:

During the past few months the Mt. Vernon switchboard has been entirely rebuilt at a large cost, in order to provide our patrons with the latest and best kind of telephone service.

The changes made provide certain mechanical appliances, to do what has formerly been done by operators, in order to provide more accurate and more speedy service, but this will also require more accuracy on the part of the subscriber in order to get the desired results.

Every telephone user should have the following information and these instructions should be carefully observed:

Automatic Ringing—The operator will answer your calls as heretofore. Upon getting the desired number from you she has one plug to insert and one key to press. This completes the operator's duty. This automatically starts a machine which will cause the bells on the telephone called for to

ring intermittently (ringing 1½ seconds then silent 5 seconds). This intermittent ringing will continue indefinitely, or until the called party takes down the receiver to answer or the calling party hangs up the receiver. A slight tone in the receiver of the calling party will indicate that the bells on the telephone called for should be ringing. The calling party may then wait for the called party as long as he thinks desirable, (the intermittent ringing continuing) as the operator has done all that she can do for this connection.

Calls from long distance and rural lines will not have the automatic ringing.

Automatic recalls—Parties desiring to make two or more calls in succession will find the operation more speedy. One move of the receiver hook mechanically sets in operation a flashing signal for the operator.

Information calls—After obtaining a number from "Information" it will be necessary to give one movement of the receiver hook to get the operator back on the line.

Troubles—Should be reported to the "Trouble Clerk" in place of the chief operators. Improper replies or rudeness of any sort, on the part of an operator, please report to the chief operator.

EXCEPTIONAL

FEATURES WILL ATTEND THE WORKMAN REUNION—SPEAKING PROGRAM OF UNUSUAL WORTH PREPARED FOR THE DAY.

The Workman reunion to be held at Horn's grove, north of Danville on the 12th of August, promise to be one of the most successful reunions held by this family thus far. Besides music and two or three recitations, the following program will be rendered:

At 10:30 a. m. George Stauffer of the state agricultural department, will speak on "Progressive Farming."

At 2 p. m., Prof. A. C. Workman of Bethany college will deliver an address on "Community improvement."

At 2:45 p. m., C. E. Workman, druggist at Columbus, Ohio, and for ten years U. S. government drug inspector in Asiatic and European countries, will give a talk on "Reunions As Seen In The Old World."

The management this year is very anxious to make this an all-day reunion, beginning at 9:30 a. m.

PROCEEDS

From Sale Of Old Packages Exceeds By \$42 Revenue From Any Other Adams Express Sale In State—Purcell Is Praised

The "old horse" sale conducted by the Adams Express company in this city Saturday is said by officials of the company to have been one of the most successful ever held in Ohio.

The proceeds of the sale amounted to approximately \$800. This is about \$42 more than has ever been realized from like sales in the past. Juvenile Officer Purcell was highly complimented by the men in charge of his work as an auctioneer.

The sale was conducted by J. D. Ross, division agent, of Columbus, assisted by Mr. Trotman and Mr. Deer of Marion, Ind.

BEER

In Machine Sufficient Evidence For Buckeye Lake Officials Who Take Into Custody Former Resident of this City

Charles Clayton of Zanesville, formerly of this city, innocently got in bad at Buckeye Lake Sunday, according to stories told by local people who witnessed the affair.

Clayton drives for a Zanesville taxi-cab company and had driven four or five Zanesville men to the lake for the day. In the machine was contained some beer which the men had brought along.

The rules of the lake, under the new management, prohibit any liquor being brought there. Clayton was accordingly taken into custody, as driver of the machine, although he had nothing to do with the beer.

Society News

Musician Is Entertained

Mrs. E. L. Porter of Danville was hostess Friday evening at a delightful porch party at her home in Danville. The affair was given in honor of Miss Helen McFarland of Coshocton, who is spending a few days with Mrs. Porter. About 16 guests were present and the evening was very pleasantly spent. Miss McFarland, who is an accomplished musician entertained with several selections of vocal and instrumental music. Refreshments were served.

BRANIGAN HEARING IS CONTINUED

Owing to the sickness of Mayor Mitchell, the lack of desire on the part of Barney Galloway, state liquor license inspector, to preside and the inability to obtain certain witnesses at the present time, the case of the State of Ohio vs. Lawrence J. Branigan on a charge of illegal selling of intoxicants was on Monday morning continued until August 14.
