DELEGATES FROM ALL BIBLE CLASSES TO HOLD CONVENTION

Meeting Will Occur In Bellefontaine On December 3 And 4

The adult Bible class movement is an international power that still is growing at a rate of 500 classes per week in Sunday schools of all denominations. Ten years old in September, 1918, the membership is larger than all fraternal organizations combined. To harness these classes and make

them more efficient in meeting the demands upon all Christian workers, an efficiency and inspirational congress of delegates from all Bible classes, both men and women, of all Sunday schools of the state of Ohio will be held at Bellefontaine on Tuesday and Wednesday, Dec. 3 and 4, under the direction of the Ohio Sunday School association. The postponement was necessary on account of the "flu" epidemic.

Every Bible class is entitled to two delegates and it is urged that they be appointed and enrolled at once, that all arrangements be made for their proper entertainment. Leaders of world renown will be present and plans will be laid for more aggressive work during this trying time.

Address A. T. Arnold, general secretary, Columbus, Ohio, for program and enrollment blanks or Mrs. F. B. Sheffer, secretary of the Knox County Sunday School association.

RED CROSS WORK WILL CONTINUE AS DURING WAR

Only The Making Of Surgical Dressings Will Be Stopped Immediately

WILL START WORK ON PAJAMA SUITS

New Supply Of Yarn On Hand And Is Now Being Given Out At Headquarters

On every hand the question is being asked "Now that peace has been declared, will there be much more work for the Red Cross?"

The secretary of the local chapter is very glad to be able to answer this question with the following definite orders received Thursday from Lake division headquarters:

"First, that the making of surgical dressings must be stopped immediately.

"Second, that chapters are to hold until further notice, their unfinished supplies of surgical dressings.

"Chapters are assured that there are in the Red Cross storehouses in America and France, ample supplies of surgical dressings to meet all contingencies that may arise.

"All other forms of chapter production activity must be continued. Calls from Red Cross commissions in many parts of the world make known the unlimited need for civilian relief. The chapters, therefore, should finish at once, uncompleted orders of garments for refugees, so as to be prepared to take care of additional orders. Work on refugee garments at this time is all emergency work and should be stimulated to the utmost. The need for civilian relief for the winter is pressing and one garment now will be of infinitely greater service in saving a life than many garments in three or four months from now. Surgical dressings workers should be urged to enlist in the work of garment making. Chapter chairmen should hold meetings at once at their work rooms to explain the situation and organize this change in work."

Just as soon as the work of handling the Christmas parcels for the soldiers overseas has been completed the garment committee of the local chapter will begin work on the new quota of 600 pajama suits, and hopes to rush it through as rapidly as possible.

A nice, new supply of yarn arrived last week and members of the knitting committee are at headquarters each afternoon to distribute it. It is very necessary that the knitting be done as rapidly as possible in order to meet the needs of the coming winter.

EXPECT PENNSYLVANIA TO VOTE PROHIBITION

Philadelphia, Nov. 15—Practically a dry Pennsylvania is looked for some time in advance of July 1, 1919 the date set for national war-time prohibition. In Philadelphia the license to sell liquor expires on June 1. The privilege costs nearly \$1200 and the authorities do not anticipate that many saloon keepers will care to pay that much for the privilege of dispensing liquor for one month.

Similarly in the interior towns, where the present licenses expire on April 1, the feeling prevails that few liquor sellers will feel that they can afford to pay more than \$500 for the three months privilege.

Misses Julia Schappacasse, Veronica and Agnes Lee, Mrs. Frank Kroft and Fred Schappacasse motored to Columbus Friday.

LOCAL SHOPS WORK ON NEW SCHEDULE

Pennsy And Pittsburgh Plate Co. Men Go To Work An Hour Earlier

Two shops in the city are now working on what amounts to an Eastern time schedule. They are the Pittsburgh Plate Glass factory and the Pennsylvania railroad shops. The Pennsylvania company was the second to start on the new schedule, which brings the men to work an hour earlier in the morning and lets them away an hour earlier in the afternoon. The Pennsylvania shops started on the new schedule Thursday morning when the men reported for work at 5:30 o'clock instead of 6:30.

The plan was taken up some time ago by the Pittsburgh Plate Glass Co. and the men have been going to work there at 5:30 in the morning for some time.

The decision was made at the Pennsylvania shops to follow the new schedule by the employees themselves.

Although the new schedule amounts to work on Eastern time, the clocks were not turned ahead and will not be until the whole city changes to Eastern time, which is expected to be about Thanksgiving.
