## PROSPERITY MEN TO URGE MERCHANTS "LET'S GET GOING"

Declare This Country Is 50 Years Ahead of Any Other Nation In The World

### TO TRAVEL IN SPECIAL TRAIN

"Get the brakes off business" is to be the watchword of about 150 prominent Pittsburgh bankers, wholesalers, jobbers and manufacturers who are coming here the week of May 29

recognizing the importance of the resources of this district, to confer with our business men regarding the future prosperity of this nation, in which they have unbounded faith. They will travel by special train, which will be their headquarters during a 500 mile tour to 17 or 18 towns, to urge business men everywhere to "let's get going." This can be done, it is assured, by starting the building of good roads, public structures, canals, reclamation projects and other improvements. The Pittsburgh business men who will comprise this party believe that the darkest pessimist must admit if he has caught the faintest glimpse of what is going on, that this country is 50 years ahead, when contrasted with the rest of the world. The Pittsburghers want to become better acquainted here. The details of the tour are being

arranged by Harry W. Neely, chairman of the trade extension committee, having the trip in charge. He has officiated in that capacity on all of the previous 17 tours made by this association. He is the vice president and general manager of the Pittsburgh Dry Goods Company, one of the largest wholesale houses in the country. He will be assisted by George A. Buse of Buse & Caldwell and by Harry Dangerfield of Reymor & Bros., Inc., one of the largest cutlery manufacturing concerns in the world. The itinerary is as follows: New Castle, Sharon, Youngstown, Warren, May 29; Akron, Alliance, Canton, Massillon, May 31; Mansfield, Mt. Vernon, Newark, Zanesville, May 32; Coshocton, Urichville, Dennison, Steubenville, Wellsville, East Liverpool, May 23.

Willis Webb, commenced a series of meetings at the Baptist church on Monday evening of this week.

### Do You Sleep Well.

To be at his best a man must have sound, refreshing sleep. When wakeful and restless at night he is in no condition for work or business during the day. Wakefulness is often caused by indigestion and constipation, and is quickly relieved by Chamberlain's Tablets. Try a dose of these tablets and see how much better you feel with a clear head and good digestion.
