

## MT. VERNON HI WINS CONTEST

Takes First Game On Home Grounds By A Close Score Of 7 To 6

## PLAY IN HEAVY RAIN

Millersburg Starts Out Well, But Failed To Make A Good Finish

In a slow game, the local high school football team defeated Millersburg high school by a score of 7 to 6 Saturday afternoon at the athletic park.

Throughout the contest a heavy rain fell, but despite this a number of rooters huddled along the lines with umbrellas.

Millersburg scored a touchdown several minutes after play had started. It was thought then that they would keep the locals busy, but the visitors' good work ceased almost immediately.

Shortly after this, "Brownie" Corcoran received a forward pass, making the touchdown for Mt. Vernon. Hunt then kicked goal, making the score one point better than a tie.

The last half was slow, a number of fumbles being made because of the thick mud and the rain.

In the second quarter, when the ball was near Millersburg's goal, Corcoran made a pretty run, but was hit on the head, and it was necessary to substitute McRoom for the remainder of the quarter.

Line-up:

Mt. Vernon 7	Millersburg 6
Bricker	L.E. Reed
Stream	L.T. Workman
Bishop	L.G. Miller
Culver	C. Weigand
Stadler	R.G. Martin
Lord	R.T. Gindelsburg
Hunt	R.E. White
McRoom	Q. Manvel
Hildebrand	L.H. Frank
Condon	R.H. Cole
Corcoran	F.B. Nowels

## JEFFERSON IS SOLID FOR MEMORIAL BLDG

"Jefferson township is being annexed to Ashland and Coshocton counties," said Squire J. F. Beatty on Saturday afternoon at the Chamber of Commerce. "Because of the difficulties of travel all our people seem to be going to Loudonville and Coshocton." But in spite of this fact, he said, Jefferson could be counted solidly for the memorial building. "Our boys went to war as Knox county boys, and we're going to see, so far as its in our power, that Knox county does honor to them."

## MAKES INSPECTION OF GRAVEL PIKE

### County Surveyor Issues Few Words Of Warning To Auto Drivers

County Surveyor Van Voorhis has just completed an inspection of the new gravel pike from Gambier to the Coshocton road.

"It is one of the best roads in the county," said the county surveyor this morning. However he added that the road would not remain in good condition if automobile drivers continue to use the same tracks in the road. According to the surveyor, the road is starting to cut out in several places. He therefore urges auto driver to keep out of the present tracks and travel over another portion of the road.

### UNDERGOES OPERATION

Mr. Richard Creedon of North Jefferson street went to Columbus Monday where he will undergo treatment for his eyes at St. Clair hospital.

## PLAY EQUIPMENT TO BE DISPLAYED

Showing Will Be Feature of Luncheon Wednesday

### A. E. F. CHAPLAIN SPEAKS

Rev. John S. Banks To Discuss Home Service of Red Cross

A display of playground equipment, full set-up, will be the feature of the noon-day luncheon Wednesday of the Chamber of Commerce, of which Mr. H. K. Walker, chairman of the public service committee, is in charge.

This equipment, which was purchased from the Methodist centenary committee in Columbus, will later be installed in Riverside park.

As a speaker for the luncheon, there will be present the Rev. John S. Banks, who served during the war with the Red Cross and later as a chaplain with the A. E. F. Rev. Mr. Banks will talk on the home service work which the Red Cross organization is now doing.

The luncheon will be served by the ladies of the A. M. E. church with Mrs. M. E. Simmons as chairman.

## POSTPONE MEETING ON SCHOOL QUESTION

A mass meeting was called for Saturday evening in the grange hall at Ankenytown to consider the advisability of centralizing the schools of Berlin township, but owing to the bad weather the meeting was postponed until Saturday evening, October 18. All the electors of the township are requested to attend this meeting.

Not insinuations, but news, in THE BANNER.

## PROPERTY IS SOLD AT SHERIFF'S SALE

In the case of the United States Fidelity & Guaranty Co. vs. Frank Miller, two lots in South Vernon were sold at sheriff's sale Saturday afternoon to James France for \$400. The sale was the result of a foreclosure suit in the court of common pleas.

"Let's put this country back to pre-war days in expenditures," declared Senator Harding early this year. Now the senator is a part of a congress that has already voted over \$7,000,000,000 and the end is not yet.

Probably because the Republicans have been out of power so long, they cannot resist the temptation to empty the money barrels in wild expenditures. That's one reason why the taxes will not be reduced in this session.

## A Word as to Values

Several times this fall customers have said to us there is no need of looking at coats and suits, we have seen them in several of the near by cities and they are too high in price. Now these same people upon, being urged to investigate our price have in every case bought either a new coat or a suit.

### THERE MUST BE A REASON!

When war stopped and there seemed to be assurance of more ample supplies of wools, silks and cottons for manufacture, many mills with more confidence than has since been justified, began accepting orders on very thin margins of profit.

Foresighted manufacturers promptly gave heavy orders, those who enjoyed particularly close relations being able to place the biggest orders on the most favorable terms. Among them our makers.

Then the situation altered. Raw stocks were not adequate and prices became firmer; labor advanced; and numerous other factors contributed to boosting mill prices so that manufacturers who delayed have been obliged to pay more for their goods.

In a few words that is the situation affecting fall and winter clothing and explains why you are likely to see, in various stores, garments of equal quality of material and workmanship at widely differing prices—and it explains why our values will be found beyond real competition.

Our prices on Coats Start at \$20.

Our prices on Suits start at \$30

Now we don't claim that these coats or suits at \$20 or \$30 are made of the very best of materials nor do they show the finest hand tailoring, but—they are good, warm, serviceable garments. They will keep out winter's cold blasts and look well enough to wear any where.

Then at \$35 to \$50 there are coats of fine materials and workmanship that any one would be proud to own. Of course you may go much higher if you choose, but this is the case even in normal times.

Don't let the fear of higher prices keep you from having a new coat or suit. In comparison with the prices of other commodities, labor included, these are very, very cheap.

May we show you the new styles soon?
