BIG AUTO GOES INTO RIVER

[By Associated Press to The Banner] CHICAGO, Jan. 21—A big black automobile, which is believed to have held six persons when it plunged into the south branch of the Chicago river Saturday night, was the object sought by police equipped with grappling hooks today.

Thomas Hanson, watchman for an engineering company near by, told the police he watched the automobile traveling at a high speed when it swerved off 22nd street and plunged into 18 feet of water, but delayed reporting it for 24 hours because of fatigue.

Police reported grappling an object too heavy to be lifted without a derrick.

HOOSIER

—The Kitchen Cabinet that saves miles of steps

The Cabinet of Proved Improvements

The reason two million women use and endorse the Hoosier Kitchen Cabinet is because they know that the Hoosier excels—point by point. They know that every feature of Hoosier construction has been proved right by test before it was adopted.

They know that it is impossible to build a better or more useful kitchen convenience than the Hoosier, because Hoosier's makers have tested every suggestion that was ever made for improvement of a kitchen cabinet.

Why do without the Hoosier any longer when our Club Plan sends a Hoosier to your home on payment of \$1.00.
