

ANECDOTE OF S. S. PRESTISS.—The anecdote is from "Ten Years of a Preacher's Life."

The popular assembly was the place of his proudest exhibitions. To the multitude he was a trumpet. He said, "Fellow-citizens!" and, *aribus erectis*, the people stood still or swayed to and fro; or shouted, or were sad, smiled or frowned at his magic will.

FLORIDA COURTHOUSE BURNED. The courthouse at Lake City, Fla., was entirely destroyed by fire on the morning of the 21st.

It was evidently the work of an incendiary, and from the circumstances given us, a quantity of camphene, or some kind of burning fluid must have been used.

GIN-HOUSE BURNED.—The gin-house of Dr. Joseph Dunbar, of Tenness parish, was burnt one night last week. A large lot of new cotton was destroyed.

Just So.—The Cincinnati Enquirer gets off the following: Two Cocksneys from Canada, with the usual weak-at-the-knees indications, and sprawling feet coming down hard on the heel, were looking at the splendid suite of rooms prepared for the Prince of Wales at the Burnet House.

As the visitor came up, the democrats of the crowd, not having the fear of royalty before their eyes cried: "There they come!"

CHRISTIAN PERSECUTIONS IN MADAGASCAR.—Another dismal record of persecutions of the native Christians of Madagascar has reached us. The bloodthirsty Queen, who has been the scourge of the island for thirty years past, and has in vain put forth all her power to root out Christianity from its soil, seems to have renewed her energies in that bad cause within the last few years, still without success.

TELEGRAPH SUIT AWARD.—It is stated in the case F. O. J. Smith vs. Professor Morse, heard in Boston last week, the referees have awarded to Mr. Smith five-sixteenths of the 400,000 francs paid and to be paid to Professor Morse by the French and European governments for the use of the Morse telegraph; the award subject to the proportional part of Professor Morse's expenditure in obtaining the government grants.
