HAMILTON PLEASES DOUGLAS PEOPLE

Aviator Again Makes Flight to Mexico—Great Crowds See Him.

Douglas, Ariz., Feb. 28.—Hamilton, the man bird, made good here. Repeating his triumphal flights at El Paso, the New Yorker flew over the baseball park before a crowd which taxed the carrying capacity of the D. A. O'Donovan street railway.

Going away from the Arizona earth at 3 o'clock Saturday afternoon, Hamilton flew over the international boundary line, passing over an alien country for the second time during the week.

He was in the air about 15 minutes and his flight on the opening day were cheered enthusiastically by the crowds which saw the exhibition.

Douglas was decorated for the aviation meet and a large crowd arrived early Saturday from the camps in this country to see the aviator perform and they were more than satisfied by the performance of the Yankee cloud climber on the opening day.

Sunday they were equally well pleased.

Census Enumerators Are Recommended—Settlers Are Buying Pianos.

The large crowd was supplied with badges by the Courtland chamber of commerce and mines. Inscribed on the badges were the words, "For a better and greater Courtland."

A special meeting of the chamber of commerce and mines will be held Tuesday evening at which time action will be taken to properly advertise the many advantages of Courtland as a mining and agricultural center.

Over a dozen pianos have gone into the valley adjacent to Courtland this spring, which indicates the class of settlers who are making happy homes in the great Sulphur Springs valley.

Bald Heads Not Wanted Baldness Is Too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Almost 65 percent of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become grazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word or hesitate to put our remedy to an actual test.

We want every one suffering from any scalp or hair trouble, dandruff, falling hair or baldness, to try our "Rezell" Hair Tonic. We want them to use it regularly—say until three bottles have been used, and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid for the remedy for the mere asking. There is no formality expected and we exact no obligation from the user whatever.

We are established right here where you live, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer except that we are certain that we can substantiate it in every particular. Rezell "33" Hair Tonic comes in two sizes, 50 cents and \$1.00. Remember you can obtain Rezell Remedies in El Paso only at our stores.—The Rezell Store, People's Drug Store and Kelly & Pollard.

AMUSEMENTS

TEMPEST AND SUNSHINE

"Tempest and Sunshine," with plenty of both at 75 cents a throw, showed four times at the El Paso theater during the intermission between the time The Herald was printed Saturday and today. In other words, the company played a Saturday and Sunday matinee and gave a performance each night.

Some people who attended, seemed to give a good account of themselves.

For the production, special settings have been arranged and the moonlight scene, with the beams of the moon streaming through the window, elicited applause yesterday.

This was the first bill introduced under the new policy at the Crawford, with reduced prices and two vaudeville features added. The barrel hopping feat of "the Vaudevilleists" is very clever and entertaining and the act by Miss Fay Bainter is as sweet as her other one in which she scored such a hit as a baseball player. This week she sings "Rings on My Fingers," the song with which Bonita made her biggest hit at the El Paso theater last week. It is so catchy that the boys in the audience really whistle it.

The bill runs all the week.

C. M. Sawyer, who gave an exhibition at the El Paso theater on a recent Sunday night, has amused his audience with some simple tricks of legerdemain and some that were not so simple, and
