HEARING IN INTERNATIONAL WATER RECEIVERSHIP CASE BROUGHT TO END

(Continued From Page One.)

Otherwise, the papers must be received by the master not later than April 5. An agreement was also entered into this morning by attorneys Caldwell and Burgess and the defendant's objections shall not be acted upon on the regular ruling day during the April session of federal court, but taken up later in the term, provided the master is allowed until April 25 to file his report.

Routine Matters.

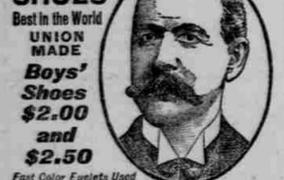

The conclusion of the case this morning was preceded by the consideration of numerous routine matters, the introduction of additional testimony relative to issues not heretofore considered, and the final orders of the court relative

Come to Tobin Sunday and see. Take any Fort Bliss car.

W. L. DOUGLAS

\$3.00, \$3.50, \$4.00 & \$5.00 SHOES

Best in the World UNION MADE Boys' Shoes \$2.00 and \$2.50

W. L. Douglas shoes are the lowest price, quality considered, in the world. Their excellent style, easy fitting and long wearing qualities excel those of other makes. If you have been paying high prices for your shoes, the next time you need a pair give W. L. Douglas shoes a trial. You can save money on your footwear and get shoes that are just as good in every way as those that have been costing you higher prices.

If you could visit our large factories at Brockton, Mass., and see for yourself how carefully W. L. Douglas shoes are made, you would then understand why they hold their shape, fit better and wear longer than other makes.

CAUTION—W. L. Douglas name and price is stamped on the bottom to protect the wearer against cheap imitations. Take No Substitutes. If W. L. Douglas shoes are not for sale in your locality, write for Mail Order Catalog, W. L. Douglas, Brockton, Mass.

FOR SALE BY E. C. PEW & SON 221 San Antonio St.

night, was recalled this morning and he stated that it would be possible to place additional water company bonds to the amount of \$577,000 through N. W. Harris & Co., Chicago, provided the company is able to show that it will be able to pay the interest. Under present conditions, however, it is impossible, he said.

Kiersted Recalled.

W. Kiersted, an expert in dealing with water problems, who has testified several times during the hearing, was recalled this morning by Judge Goggin for the intervenors, and he stated that it was more economical for a water company to supply large consumers than a number of small ones.

Superintendent Anderson of the water company was also recalled by Judge Goggin and in reference to the condition of mesa and Watts water, testified that the territory south of the T. & P. tracks and west of Campbell street was supplied with Watts water. This, however, is a matter that is subject to the plan of the condition of the Watts plant system, it was stated.

Pending the arrival yesterday afternoon of president H. J. Simmons from the east, considerable detail testimony and minor features of the case were taken up.

Anderson and Thatcher.

Among the witnesses were Dr. Anderson, city physician, and Dr. F. Thatcher, city chemist. Both have previously testified several times during the hearing, and at one time, owing to a misunderstanding as to the time of a certain analysis, the statements varied as to the quality of Watts well water. The mistake has since been rectified.

Dr. Anderson testifying yesterday afternoon, stated that he believed that by the installation of a proper irrigation plant for the Watts well water, it could be safely used. He advised, however, that an opinion of Prof. Newman, chemist at the University of Texas, at Austin, be secured as to the advisability of using Watts water for irrigation.

Dr. Thatcher, during his testimony, advised discontinuing the use of Watts well water for domestic purposes, stating that the danger of contamination was a constant menace. The increase of population and the summer visitors referred to and it has previously been stated by other witnesses that the sewage from the smelter district is carried away by the Rio Grande.

Peyton Recalled.

The Watts well is located near the river but about two and one-half miles down from the smelter.

J. C. Peyton, who was a witness yesterday morning for the water company, was recalled yesterday afternoon by ex-governor Sayers, who asked for an opinion as to the management of the water company's finances as determined by the citizens committee who conducted an investigation last year.

Mr. Peyton stated that the committee's decision was that the disbursements of the company's funds had been wise and economical.

Simmons on Stand.

H. J. Simmons, general manager of the E. P. & S. W. Water Company of the International Water company, was the chief witness last night for the company. He briefly recounted its early history in El Paso, leading up to the organization and incorporation of the International company.

The company, he stated, is incorporated under the laws of Texas, for \$1,000,000. At the time of the organization of the International company, he stated, he and several associates purchased stock to the amount of \$940,000. There is at present outstanding stock to the amount of \$708,374 for 445,374 shares, which was sold at \$1.60 and 50 cents, the total receipts of the 30 cent sale of stock being \$156,950. The sale of 50 cent stock netted \$35,194. In addition, Mr. Simmons stated that 10,000 shares of stock were issued to Turner & Burgess for legal services and 2000 shares to U. S. Stewart for floating the company's bonds.

Since the organization of the International, bonds have been sold to the amount of \$477,000.

Company's Revenue.

All revenue derived by the company, it was also stated, with the exception of operating and current expenses, has been used for the development of the company's property and holdings.

In reference to the indebtedness of the company, present Mr. Simmons stated that in addition to the bonds amounting to \$477,000, it is \$114,000, interest bearing, \$99,000 at 6 percent, and the balance at 4 percent. Total indebtedness was stated to amount to about \$9000.

The original incorporation stockholders were stated to be W. J. Davis, C. E. Mills, William Bailey, W. Douglas, F. Martinez, and A. Solomon, deceased.

Stock for "Influence."

In answer to a question by attorney Burgess, as to whether any water company stock had been placed to carry "influence," Mr. Simmons answered that he had given 5000 shares to his mother-in-law.

As to the further development of the water company property in El Paso under the present rate, Mr. Simmons stated that it was impossible; and that it was impossible to secure additional funds on bonds.

On the cross examination by attorney Caldwell for the city, Mr. Simmons, in answer to a question, stated that he did not think a second water company would be able to float bonds for the development of its business.

"Then the city must come to your terms or take condemnation proceedings," attorney Caldwell asked, whether or not. Mr. Simmons answered that the water rates in El Paso are too low to attract investors. A negative answer was also given to the question of city attorney Caldwell as to whether or not it would be possible to issue bonds for the water rates in El Paso are too low to attract investors. A negative answer was also given to the question of city attorney Caldwell as to whether or not it would be possible to issue bonds for the water rates in El Paso are too low to attract investors.

Paper Refuses to Accept Facts. Mr. Wyatt stated, however, that the intelligent citizenship and the city officials of El Paso were friendly to the International Water company, but that the corporation was constantly attacked by others. He also stated that the editorial attacks in a morning paper had induced him to offer the company's records and books to the editor in order to give him a basis for the articles, but that the offer had not been accepted. Further questioning on this feature of the case was stopped on order of ex-governor Sayers.

City Attorney Caldwell then offered as an exhibit, the report relative to water conditions in El Paso as compiled by Robert W. Hunt & Co., of Chicago, inspecting engineers. A letter from mayor Sweeney to the water company, demanding compliance with the contract, was also introduced by attorney Caldwell and an answer was filed by attorney Burgess, representing the water company. Judge Goggin then introduced a report as to water conditions at Abilene.

Simmons Recalled.

H. J. Simmons, recalled testifying last night, was recalled this morning and he stated that it would be possible to place additional water company bonds to the amount of \$577,000 through N. W. Harris & Co., Chicago, provided the company is able to show that it will be able to pay the interest. Under present conditions, however, it is impossible, he said.

Superintendent Anderson of the water company was also recalled by Judge Goggin and in reference to the condition of mesa and Watts water, testified that the territory south of the T. & P. tracks and west of Campbell street was supplied with Watts water. This, however, is a matter that is subject to the plan of the condition of the Watts plant system, it was stated.

Pending the arrival yesterday afternoon of president H. J. Simmons from the east, considerable detail testimony and minor features of the case were taken up.

Among the witnesses were Dr. Anderson, city physician, and Dr. F. Thatcher, city chemist. Both have previously testified several times during the hearing, and at one time, owing to a misunderstanding as to the time of a certain analysis, the statements varied as to the quality of Watts well water. The mistake has since been rectified.

LINCOLN COUNTY ENJOINED FROM BUILDING CARRIZOZO COURTHOUSE

Lincoln People Secure Preliminary Restraining Order—More Water Rights Approved at Santa Fe.

Santa Fe, N. M., March 25.—Judge John R. McPhe has granted a preliminary injunction, on petition of the citizens of the town of Lincoln, restraining the board of county commissioners of Lincoln county from building a courthouse at Carrizozo. At the recent local election it was voted to change the county seat from Lincoln to Carrizozo and a bitter county-seat fight has resulted.

Governor Mills has appointed Thomas A. Johnson, East Las Vegas, a member of the board of embalmers, vice J. C. McArthur. He also appointed Numa Raymond, of Las Cruces, now in Geneva, Switzerland, and Maj. L. Martini.

TESTING THE COWS FOR TUBERCULOSIS

City Officials Begin the Work—Fees Are High in Some Instances.

Work of enforcing the new dairy inspection ordinance has commenced and veterinarians Frank Thatcher and R. A. Higgins have commenced the tests to locate the presence of tubercular germs in cows, from which milk is sold in El Paso.

According to the ordinance recently passed, by request of the county board of health, all dairy cows must be inspected once every six months. The fees are \$5 per cow where there is only one cow, but never shall the attending veterinarian receive less than \$10 per day except where there is but one cow. If a person or company owns 20 cows or more the charge for testing shall be 50 cents per animal.

For a person owns a family cow and sells milk to his neighbors he must pay \$5 every six months for having the cow tested to ascertain whether or not there are any tubercular germs in the milk. In many instances where a dairyman has four or five cows he will be paid \$10 per day for their inspection and, as it requires two days to test each animal, this will work a hardship on many who make but a bare living by the sale of milk, it is said.

Only One "BROMO QUININE" That is LAXATIVE GROMO QUININE. Look for the signature of E. W. GROVE. Use the World over to Cure a Cold in One Day. 25c.

AUTOMOBILE APPARATUS GETS TO FIRE QUICKLY

Fire of an unknown origin in a shed at the rear of the residence of Wm. H. Hare, at 118 Second street did but little damage Thursday afternoon shortly after 5 o'clock.

Mr. Hare says that he never saw such a quick run as that made by the Central firemen at five o'clock in a five minute run after he had turned in an alarm the automobile engine had plowed through the sand to the home and extinguished the blaze before \$5 damage could be done.

Pure pork sausage and Kettle rendered lard at Robinson's market, J. C. Peyton, successor. Phones: Bell, 251; Auto, 1234.

HEARST INSPECTING THE WESTERN COAST OF MEXICO

Jack Follansbee, representative of the Hearst interests in Mexico and one of the promoters of the west coast country of Mexico, where he met William Randolph Hearst, who is now making a trip through the west coast country. Mr. Follansbee says that he does not know yet whether or not Mr. Hearst will return to the east by way of El Paso or by the coast lines. The newspaper owner is spending a month in western Mexico and it is understood that he is investigating the new country being opened up by the Southern Pacific lines with a view of investment in the rich lands of the coastal plain.

GRAND JURY MEETS.

The grand jury met this morning, but immediately adjourned over until 2 o'clock this afternoon without returning any indictments.

INDIGESTION, GAS ON STOMACH, OR HEARTBURN WILL SIMPLY VANISH.

Your out-of-order Stomach feels fine five minutes after taking a little Diapepsin.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin and realize not only immediate but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterward.

If your meals don't fit comfortably, or what you eat lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion. Get from your Pharmacist a 50-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belch-

YSLETA PLEASSED WITH RANGERS

Engineers Continue Work on Topographical Map of Valley.

Ysleta, Texas, March 25.—Ysleta citizens are gratified at the manner in which the rangers are enforcing law and order.

Miss Julia Pool, of El Paso, is the guest of Mrs. W. D. Lansden.

Mrs. H. S. Stanton has joined her husband at Valley Inn. Mr. Stanton is engineer in the field for the reclamation project in the lower valley and says that the complete topographical map of the valley will be 60 feet long.

Miss Vera Martin has joined her father at this place and has bought a large tract of land on the mesa.

Dr. and Mrs. Mitchell have taken apartments in the Villa building.

H. M. Dunson is here from his ranch near Sierra Blanca. He came here to get some of this valley's famous grape cuttings.

Father Cordova is quite sick. The old mission is lavishly decorated for the Easter celebration.

Buy the meat for your Easter dinner at Robinson's market, J. C. Peyton, successor. Phones: Bell, 251; Auto, 1234.

AMUSEMENTS.

AT THE BIJOU.

The Bijou will show a film tonight of which an advance notice says: "A bull fight in Mexico"—This is the world's most interesting picture of its kind in the world—the fight for life in El Toreo, the famous bull ring of Mexico City, between William Pickett, an Oklahoma half bred cowboy, commonly known as "the man without fear," and Bonito, the fiercest and most dreaded Spanish bull of all the Mexican republic. The unprecedented encounter took place a few weeks ago before 25,000 persons, the largest crowd ever assembled in the great amphitheater.

"A PRINCE OF TONIGHT."

"A Prince of Tonight" promises to be the big musical event of the season. Mr. Singer has surrounded his star, Henry Woodruff, with what he declares is the best supporting company that has ever appeared in El Paso with a musical show. Miss Ruth Peebles, a Texas girl, the leading prima donna, is sharing the honors with Mr. Woodruff this season. The company numbers 70 people traveling in their two private sleepers and requiring two baggage cars to transport their scenery and effects. The sale of seats opens Monday at the Crawford. Night prices are \$2.00, \$1.50 and \$1.00; matinee, \$1.50, \$1.00, 75c.

THE CRAWFORD.

The bill at the Crawford the last half of this week is proving one of the most pleasing of the vaudeville season. Two shows are given nightly—7:45 and 9:15.

CRAWFORD MATINEE SATURDAY.

The Crawford Saturday matinee at 2:30 is a special woman's and children's performance. The price is 10c to all and for all parts of the house. The performance begins at 2:30.

STUDENTS PLAN ANNUAL PICNIC

Henry McCowan Renominated for Editor of College "Round Up."

Agricultural College, N. M., March 25.—A student body meeting was held at the time that is usually given to general assembly in Hadley hall on Thursday. Dixon Deemer was made chairman of the committee to arrange for the commencement ball, which includes decorations, refreshments, etc.

Mr. Deemer was given the authority to select the members of his own committee. The meeting then took up the business for which it had been called, that of nominations for the editorship of the Round-Up. Donald Young nominated Henry McCowan, the present editor, for re-election and a motion that the nominations be closed was then carried. The election cannot come off until two weeks from Thursday, but as McCowan is the only nominee his election is a foregone conclusion.

A committee was appointed to consult the necessary members of the faculty and decide on a day for the annual student body picnic. The date that will probably be agreed upon will be during the early part of April.

An amendment to the constitution on student publication is now posted on the bulletin board, to be posted there for one week before it can be voted on in student body meeting. The amendment is to the effect that no body but paidup subscribers to the Round-Up shall be allowed to vote at the election of the editor.

Miss Stafford, the Y. W. C. A. secretary of El Paso, spent a very busy day at the college Thursday, meeting committees and addressing meetings.

Dr. J. R. McArthur, the head of the English department, accompanied the debating team on its trip to Albuquerque.

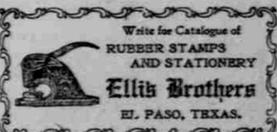

Quite a crowd of the students and professors are planning to make a trip to El Paso on April 1 to see Henry Woodruff in "A Prince of Tonight."

A SWOLLEN JAW

Is not pretty nor pleasant. Whether it's caused by neuralgia, toothache or accident, Ballard's Snow Liniment will reduce the swelling and relieve the pain. The great and sure cure for rheumatism, cuts, burns, bruises, scalds—any and all aches and pains.
