BUILDING PHONE LINE IN UPPER VALLEY

Much Activity in Real Estate Around Anthony Pumping Plant.

La Tuna, Tex., April 18.—The Silver City, El Paso and Southwestern Telephone Co. has the new line of poles, 36-wire capacity, running from Anthony into La Tuna out La Union street to the west line of the dairy farm, then north, passing the Feriet, North, Story and Brooks ranches to another public road, where it will turn and cross to the west side on the new bridge to Chamberino, thence through La Mesa, San Miguel, Santa Tomas and Mesilla to Las Cruces.

Tariff sheets are out showing the Santa Fe's new station at La Tuna, Texas, and rates are being applied but the new station building here is not yet open and there are still stoppings to take on and discharge passengers in Anthony, across the New Mexico line. A. M. Co. has bought 200 feet fronting on Riverside drive, consideration \$140.

Margarito Morales and Martin Mingares have bought two lots, each adjoining their lots across the line and Arleto Gonzalez three lots; consideration, \$30 each. Belk Bros. have in operation their new pumping plant that makes them entirely independent of ditch water. They recently purchased from H. M. Mundy, some 50 acres of bottom land near here, and have a good part of it in alfalfa. This is the second pumping plant in this vicinity to demonstrate its success.

Another enterprise that means much to the neighborhood is the opening of a ditch from the San Pedro main ditch above Berino, 6 or 7 miles to Anthony, by Messrs. Lipps, Hancock, Mendoza, Barker, Nietzschman, Myers, Stark, Bekk, Thompson, Sniks, Bowden and others.

Miss Clara Munday has purchased the 320-acre tract of fine level land adjoining La Tuna townsite on the south. The El Paso Lumber Company has leased four lots of A. M. Coe.

NEGRO BARBER CHARGED WITH MURDER ON TRIAL

Fred Barnes, a negro barber, is being tried in the 34th district court Monday afternoon on a charge of murdering Albert Washington, a negro saloon porter. The killing occurred in the Elkie saloon on July 5, 1909, and followed an argument over the shooting of firecrackers in the saloon.

Self defense is the plea of the defendant in the case and it is expected the trial will be short.

CONTRACTOR SHOULD PUT SIGNS ON NEW BUILDINGS

Tourists in El Paso Monday marveled at the number of buildings that were being torn down. They thought there had been a fire which necessitated the destruction of the buildings, but could see no evidences of a conflagration. One of them ascertained that the tearing down was for the purpose of erecting new buildings and suggested that the contractors should put signs on the buildings to notify the public that this is the reason.

COLD HURTS THE ALFALFA A BIT

Las Cruces, N. M., April 18.—From reliable farmers it is learned that the recent cold has had its damaging effect on alfalfa. The crop which promised not only to be early but heavy, for first crop, has been retarded and cut short considerably, which makes it possible that prices on the first crop this season will soar above the ordinary.

Give Your Stomach A Chance

To Furnish the System the Necessary Fluids to Drive Dyspepsia From the Stomach.

A Trial Package Free. You should give to your stomach the chemicals it needs to restore tone, vigor and health to the gastric fluids. Food contains all these ingredients so necessary, and when the stomach is in a normal condition it separates these ingredients as it should and manufactures its own digestive agents, but when it is sick and sore, filled with acids and alkalies that irritate everything they come in contact with, it does not get at the food as it should and cannot make its own juices correctly. Science has proven just what is most necessary to the stomach to produce the correct gastric fluids and to make of digestion a naturally pleasant duty. Stuart's Dyspepsia Tablets are so made as to give the stomach the highest chemical properties to aid digestion. These tablets are made up from pure fruit and vegetable essences, and this is the formula: Hydrastis, Golden Seal, Bismuth, Nux, Assafoetida (the highest digestive known), and Jamaica Ginger. Its preparation peculiarly preserves the full strength of these ingredients, so that they go into the stomach strong and capable of digesting food of any character. Forty thousand physicians use and prescribe them. Ask your doctor his opinion of the formula above. Every druggist sells them, price 50 cents per box, or send us your name and address and we will send you a trial package by mail free. Address F. A. Stuart Co., 150 Stuart Building, Marshall, Mich.

A LAS CRUCES CASE.

Las Cruces, N. M., April 18. Editor El Paso Herald: The morning Times of today's date under Las Cruces notes states that the case of the territory vs. Robert E. Horton was dismissed, and the defendant found not guilty, after the court had heard the evidence. As a matter of fact the court heard no evidence, as the particular indictment upon which he was being held was found to be faulty, and the representation of the case to the grand jury, a new trial bill was promptly found. Other indictments are also pending and Horton is now out on bond.

NEGRO KILLS A TEXAS POLICEMAN

Orange, Texas, April 18.—Sam Combs, a policeman, was killed here early this morning by Jack White, a negro. With one powerful slash with a long knife, the negro almost severed the policeman's head from his body. Combs was being held for another negro when he costed White, and the attack followed. The negro escaped to his home, where he was besieged by a posse. After being shot in the neck by officer Bebb Stokes, he was carried to the hospital, where he died.

GIRL FALLS TO HER DEATH IN A CANYON NEAR VAN PATTEN'S PLACE

Miss Ella Pohl, Student of A. & M. College at Mesilla Park, Meets Death While Picnicking.

Agricultural College, N. M., April 18.—A gloom has been cast over this community by a tragedy at Van Patten's camp in the Organ mountains near here on Saturday afternoon, in which Miss Ella Pohl lost her life. While climbing over a steep mountain with a girl companion, Miss Pohl fell down an almost perpendicular cliff and received injuries from which she died a few hours later. About 11 o'clock on Saturday morning five young women, of whom Miss Pohl was one, started from the girls' dormitory in an auto to join the crowd of students who had left for the mountains earlier in the morning on the annual student body picnic. They reached Van Patten's at about 12 o'clock, and immediately after lunch they started to climb Miss Pohl and her companion, Miss Ethel Scheerer, going up Mispie canyon. After several hours of climbing they came to the top of a precipice from which they could see the picnicers' camp in the canyon below them. Miss Pohl suggested that they descend directly into the canyon and join the rest of the crowd. It was then about 4:30 o'clock. The climbing proved to be a good deal more difficult than they anticipated and they suddenly discovered that they had descended to a ledge from which they could neither proceed nor go back the way they came. At this time it was getting late and both were suffering from thirst and Miss Pohl remarked that as she did not want to stay there all night, she would attempt to climb on down. She had gone but a few steps when she slipped and fell about 150 feet down the face of the jagged cliff and landed in a crevasse about 600 feet above the bottom of the canyon, where she was finally reached by a party from below. Aid is Summoned. When Miss Scheerer realized that her companion had probably received a serious injury by her fall she began trying to attract the attention of the people in the camp. A party started at once to Miss Scheerer's assistance around through Maple canyon, and another party began climbing directly up the cliff from the canyon to rescue Miss Pohl. After a heroic climb, Verner Clayton reached the crevasse where Miss Pohl was lying. He found her alive and conscious and rendered what assistance he could to make her comfortable, but owing to the extreme narrowness of the crevasse, he was unable to move her alone and waited for further assistance. Meanwhile the party which had gone up Maple canyon had succeeded in removing Miss Scheerer by the means of a rope lowered from above. It was impossible to render assistance to Miss Pohl from above. The next person to reach Miss Pohl was Leo Young and after helping Clayton to place her in a more comfortable position, he returned to the camp for water and more help. Dr. Boyd, who was at Van Patten's camp, was sent for and accompanied the party up the cliff. Dr. Boyd and the party reached the scene at about 7:30 and, after rendering what assistance he could, the descent was begun. It was 10 o'clock when they reached Van Patten's camp and at that time Dr. Boyd found that Miss Pohl was dead. It is thought that she died soon after the descent was begun. Body Interred. The body of the young woman was brought in to Las Cruces on Sunday morning and the funeral service was held at the St. James church in Mesilla Park at 6:30 Sunday evening. The body was accompanied to the home of Miss Pohl's parents in Belen by her father, Miss Daniels, the dean of women of the college; Rev. Hunter Lewis, and Gordon Goebel, on the Sunday night train. The efforts of the boys in the party to save the young woman's life were in every case heroic. Clayton, Campbell, Young, Elliott, Lyon, Quisenberry, McCowan, Bloodgood, and Knorr repeatedly risked their lives in the endeavor to render all possible help. A coroner's inquest was held in Las Cruces at 2 p. m. Sunday. The verdict was that Miss Pohl came to her death by a shock and slight hemorrhage of the brain, caused by an accidental fall. The young woman has been a student in the college for three years, was active in the social life of the community, and played on the girls' basketball team.

HENRY AND CANNON IN ANOTHER CLASH IN REPRESENTATIVE. Washington, D. C., April 16.—Representative Henry, of Texas, and speaker Cannon had another round today over a question of a quorum. This is the third tilt over the subject. Henry demanded that the speaker ascertain whether a quorum were present before reading the journal, according to the rule, but Cannon declared that Henry could raise no question until after the reading of the journal. The Texan offered a resolution protesting against Cannon's action, but by a vote of 159 to 52 the house declared Henry's resolution not privileged. FARMERS ARGUING FOR REDUCED RATES IN TEXAS. Austin, Texas, April 18.—The state railroad commission this afternoon began a hearing on the proposed reduction of freight rates in cotton shipments. Hattin W. Summers, of Dallas, representing the Farmers' union, argued in favor of the reduction. The railroad attorneys opposing the reduction will follow. Summers will also have the last argument. Because the roads threatened to raise the interstate rates, some dissension arose among the farmers recently over the reduction.

NEGRO KILLED OVER UMPIRE'S DECISION. Shreveport, La., April 18.—Sam Jackson, a negro, shot and killed Raz Wilson, also a negro, during a ball game between teams on which they were playing Sunday. They quarreled over the umpire's decision and Jackson Wilson brandished a bat, Jackson fired his revolver. TAFT WELCOMES THE D. A. R. TO WASHINGTON. Washington, D. C., April 18.—President Taft made an address of welcome to the delegates to the convention of the Daughters of the American Revolution, which opened here this morning in Continental hall, the home of the organization which has just been completed. Nearly a thousand delegates are in attendance. The session promises to be a lively one.

CAPTAIN CARTER IS TO GET ANOTHER BLOW. Washington, D. C., April 18.—Dismissed from the army and put into the penitentiary for alleged connection with a fraud on the government improvement of the harbor at Savannah, Ga., former Capt. Oberlin M. Carter had a fortune of \$400,000 swept out of his hands today as a further outcome of that affair. The government sued to recover money which it was alleged the former captain held as a result of his fraudulent work, and today the supreme court of the United States handed down a decree in favor of the government. Big shipments received today, new potatoes, 5c per lb., at Ardoin's market.

RIOT FOLLOWS A STRIKE IN STEEL MILL. Pittsburg, Pa., April 18.—A thousand employees in the erecting department of the Pressed Steel Car company at Schoenville struck today. In a riot that followed one man was shot in the arm and Capt. Smith of the company's police, was badly beaten. STRIKERS SLOW TO RETURN TO WORK. Philadelphia, Pa., April 18.—The striking motorman and conductors of the rapid transit company who were last night directed to return to work by their executives were slow to follow the orders. Up to noon only about a hundred had reported at the barns. FIRE DESTROYS STORE. Taylor, Texas, April 18.—Fire late last night totally destroyed G. F. Weber & Co.'s general merchandise store at Coupland, near Taylor. The loss will reach \$7000, including \$1000 loss on a building owned by John Goetho. The origin of the blaze is unknown. ACCUSED OF BURGLARY. En Caracion Rodriguez, charged with burglarizing a Santa Fe freight car, was arrested by the police Monday morning. HARRY McCray, charged with soliciting on the union station platform, was also arrested Monday morning. PEARSON SAWMILL. It is reported that Pearson interests will erect a large lumber mill at the new station of Pearson, 59 miles below Casas Grandes. The report is credited since Pearson money holds large timber tracts at that locality.
