NEW BUILDINGS FOR ROSWELL AND ARTESIA

Capitalists Consider Railroad Extension—Horses and Farms Sold.

Roswell, N. M., April 20.—There is a prospect that the Colorado National Life Assurance company may place two big 6 percent loans Monday for the erection of a large building in Roswell and one in Artesia.

On account of the fact that it will be more convenient for a large number of pupils, the eighth grade examination for this portion of the county has been changed from Tuesday to Monday.

Col. W. S. Hopewell, of Albuquerque vice president of the New Mexico Central railroad company; W. Finley, of New York; ex-governor Charles W. Stone of Warren, Pa.; and Charles L. Lantry, of New York, of the Lantry & Sharpe construction company, which built the road, have been conferring with business men relative to the proposed extension of the road from Torrance to Roswell.

John W. Rhea, in spite of his broken leg, caused by an auto accident a short time ago, has gone to the Yellow House ranch of the Littlefield cattle company, with J. P. White, to ship some of the fine steers he bought of the company a few weeks ago.

Rev. S. E. Allison is here from Alpine, Tex., with the plans for a four story building which he expects to put up on the old postoffice and Masonic temple corner.

C. J. Franks of Roswell is on his way to Bakersfield, Cal., with a carload of horses and mules valued at \$5000. The mules weigh from 1200 to 1400 and the horses from 1300 to 1700 pounds.

An 80-acre farm adjoining the Hammond tract near Dayton, on which is the biggest oil well in the Pecos valley has been sold to G. M. Winans, of Norman, Okla., at \$150 an acre. Mr. Winans hopes to find oil on the land and will move his family there to live.

Several carloads of extra fine mohair have just been shipped to eastern market by Jaffe Prager & company.

DAMAGE BY PRAIRIE FIRE AT BISBEE

Boy's Leg Broken in Motorcycle Accident—Court Opens at Tombstone.

Bisbee, Ariz., April 20.—A fire which is believed to have been caused by hunters firing into dry grass, started between Bisbee and Douglas. Ranchers succeeded in extinguishing it within an hour. A strip of prairie several miles long was burned before the ranchers could control the flames.

In order to avoid a team of horses, a little Mexican boy ran directly into a motorcycle ridden by James Wilson Sunday morning. Though Wilson was riding slowly he had not a chance to stop the machine and the boy fell under it. His right leg was broken.

James Smith, a negro, was arrested Monday night, while with a revolver in his hand he was lurking near the Calumet & Arizona hospital. The negro was held under a \$500 bond on a felony charge.

A series of open air concerts will be given by the Calumet & Arizona band in the Warren baseball park during the coming summer. The band, under the direction of M. W. Mitchell, will open the season Saturday.

CATTLE SHIPPED TO KANSAS FOR PASTURE

1000 Head From the Lee and McNew Ranches—General News Notes at Orogrande.

Orogrande, N. M., April 20.—A trainload of cattle comprising 35 cars was shipped from Turquoise station Tuesday. The shipment was made up of 400 cows from the Lee ranch, and about 400 from the McNew ranch. They were sent to Kansas to be put on summer pasture and later to be fed for the market.

Mrs. John Stephenson, who is present living in El Paso with her little daughter, Grace, came up Tuesday for a short visit with Mr. Stephenson, and her daughter, Mrs. Redd.

Will Parrot made a business trip to El Paso Tuesday. The Silver Hill social club met Saturday evening at the home of Mr. and Mrs. S. Howard Leech and spent the evening playing five hundred. Four tables were in use.

Mrs. J. A. Downs will go to El Paso the last of the week to attend the services at the Catholic church at which time her niece, Miss Margaret Mahoney, will take the first communion.

CROPS OF MORMON COLONISTS INJURED AT COLONIA DIAZ

Frosts and Cold Weather Delay Season—Pump for Canal Ready for Use—News Notes.

Colonia Diaz, Mex., April 20.—The hard frosts of Sunday and Monday nights killed nearly all the fruit and clipped the alfalfa so bad it is being cut. It is so cold the crops are not growing.

Edward and Charles Paine and John Prows, of Colonia Dublan, spent Sunday in missionary work here. The people have been busy getting the canal in good shape for the summer use. The big pump which was put in is almost ready for work.

These First Summer Days Suggest a Home In GRANDVIEW

Of course, with us, all things lead to Grandview. But these first summer days, pleasant enough certainly, are still indications that the long, hot summer is not far off.

Buy a homesite in Grandview—now. Build on it and live there. Grandview has two street car lines, electric lights, telephone connections, pure mesa water.

Or, buy Grandview lots solely as an investment. As the business section of El Paso extends its bounds the desirability and value of Grandview lots increase.

Bebelama Colony

The Paradise of the Pacific Best Irrigated Area in Mexico

The International Realty Company of Mexico City

has bought, and offers for sale, 66,000 acres of the choicest River bottom alluvium at "Bebelama," State of Sinaloa, Mexico.

Abundant water from the Sinaloa River is delivered to each purchaser at the highest point on his land. Land also fronts on ocean shore and two harbors afford facilities for ocean transportation by coasting steamers.

Everything that one can expect to raise in this latitude can be grown profitably here. Three crops of some kinds, if desired, and alfalfa, about ten cuttings.

Climate is ideal. Trade wind tempers summer heat, while nearness to ocean prevents frost and mean range of temperature is but 30 degrees, 60 to 90 degrees Fahrenheit. Elevation 20 to 40 feet above sea level.

Property lies about fifteen miles below the Bahia, or Naranja Stations of the R. Y. C. and Pacific Railway, to which a spur track will be built, affording the best and lowest rates for freights and fares.

To those buying now, these lands will be sold at bed rock price of \$20.00 U. S. Currency per acre, payable in three instalments, one-third cash, balance in one and two years with 8% per annum interest on deferred payments.

General agent Ide Willey, the distinguished Irrigation Engineer, in his report upon this project, states that: "In all respects it presents phenomenally favorable features, nothing equaling it has ever been found by me in all my extensive experience."

The land is divided into tracts of about 60 acres area each, or 250x1000 meters, and not less than 30 acres can be bought until the contemplated Town Sites are segregated.

For information concerning this land apply to E. H. CONWAY, President INTERNATIONAL REALTY COMPANY Mexico, D. F.

Douglas & Eaton on the land, or at Bamoa, Sinaloa, Mexico. Humboldt Exploration Company, 50 Church Street, New York City. A. P. Coles and Bros., El Paso, Texas, and Col. Allen T. Bird, of "Oasis," Nogales, Sonora.

CIVIC PROGRESS IS MAYOR'S HOBBY

Old Statue of Benito Juarez in Border City to Be Replaced.

Engineers have completed drawings of the new Juarez park, where already the stone base for the huge statue is being constructed, back of the official school for boys, which the street cars pass enroute to the race track.

The new plaza will virtually be four parks in one, to be formed of four divisions of grass, subdivided in many parts. The walks will be exceptionally broad and lined with shade trees

under which benches will stand. In one of the divisions a grand stand will be erected. The El Paso and Juarez traction company will be requested to move their line for a short distance, affording full opportunity for the landscape gardeners.

The new park will be completed in September, according to the plans of acting jefe politico Portillo, who is conducting its construction.

Workers are tearing down the monument of Benito Juarez which has been standing for many years in the Juarez plaza in front of the old mission, since the city will have a real lifesize statue of the great statesman. The old one is to be exiled to the little plaza in front of the municipal buildings at the rear of the ancient church. In place of the

old monument will be constructed a new grandstand, and real sidewalks will improve the place.

\$20,000 ALFALFA MILL BURNS AT ARTESIA

Artesia, N. M., April 20.—The Kuykendall alfalfa feed mill burned here yesterday. The loss is estimated at \$20,000, partly insured. The cause of the fire is unknown.

CIUDAD JUAREZ GETS \$25,000 FOR MONUMENT

The bill appropriating \$25,000 from

the federal treasury to help build a monument to Benito Juarez in the city of Juarez on the northern frontier was passed by congress yesterday. The state of Chihuahua and the city of Juarez will bear the additional cost of the monument which will be one of the largest in the republic.—Mexico Record.

THE CIRCUS

acrobat finds it necessary at all times to keep his muscles and joints supple. That is the reason that hundreds of them keep a bottle of Ballard's Snow Liniment always on hand. A sure cure for rheumatism, cuts, sprains, sore throat, lame back, contracted muscles, corns, bunions and all pains. Price 25c, 50c and \$1.00 per bottle. Sold by all druggists.

The Henry George Plant

is a tremendous factory. Its warehouses hold thousands of bales of tobacco all the time. We know that the demand will keep up as long as we keep up the quality so we provide room for all the good leaf we can lay hands on in the years when tobacco has the best flavor. But good leaf alone isn't enough for the

Henry George 5c Cigar

It must be ripe as well; it must be aged until all the harshness is gone. That accounts for the constant mildness and fragrance. Good workmanship makes the Henry George burn evenly without rankness or charring; the wrapper is delicate and whole; the filler is long and so is the enjoyment. In every case in town and a Head in every case.
