### GOOD RAINS OVER BALMORHEA VALLEY

Milling Company Installs Machinery—Railroad Work Progresses.

Balmorhea, Tex., July 14.—The rains in and around Balmorhea have improved conditions. The cattle in the mountains and the alfalfa in the valley are looking good, and the farmers are getting good prices for their products. Alfalfa is selling for \$19 per ton in the field and several sales are reported, the third cutting being finished.

The Toyah Valley Milling company is rushing work on its buildings and is installing machinery as fast as it arrives. It expects to be running when the railroad is in operation, which will

not be long as the grade is completed to within three miles of Saragosa, which is five miles from this place. Work has begun on the concrete abutments of the Toyah creek bridge, so the tracklayers will not be delayed when they reach the creek.

A number of new buildings are being constructed here, and a number of other contracts will be let as soon as material and workmen can be had. Mr. Manning, a ranchman living 20 miles southwest of here, has just completed a new summer hotel at Abuja Canon, which will be opened in a few weeks. An auto line will connect the hotel with Balmorhea and points on the Southern Pacific.

Work will commence on a baseball park and grandstand as soon as workmen can be secured.

### A FEELING OF SECURITY.

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

Swamp-Root is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything. It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best.

If you are already convinced that Swamp-Root is what you need, you will find it on sale at all drug stores in bottles of two sizes, fifty-cents and one-dollar.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the El Paso Daily Herald.

### GRAND JURY AFTER PACKING COMPANY

Anti-Trust Laws Valid as Counterfeiting Statutes, Says Landis.

Chicago, Ill., July 14.—A special federal grand jury was empaneled here by Judge Landis in the United States district court today to hear the evidence in regard to the alleged violations of the anti-trust law by the National Packing company and subsidiary corporations.

The jury was cautioned by Judge Landis to allow their acts to be wholly free from influence, in spite of the often heard argument that law enforcement would unsettle business conditions.

"You may safely assume," continued Judge Landis, "that no legitimate enterprise needs governmental acquiescence for the commission of crimes. You will refer the statute to which I have referred as being just as much in force as are the laws against stealing letters and counterfeiting."

The jury was instructed to follow the trail until the "real offenders" are located.

**THE HERALD WILL PHONE YOU THE BALL RESULTS.** When the El Paso team is at home, any El Pasoan can get the scores by phoning 2929.

The Herald editorial rooms—as we get them in—by inling over our private telephone line to the grandstand. Persons wishing the results phoned at the conclusion of the game, can have this done if they will call up The Herald and make request, leaving their number so that they can be called in rotation when the game is concluded.

**REPAIRS START FOR SEGALL OPTICAL STORE.** The damage by fire and water to the Segall optical store in the Plaza block is being repaired. The plastering which was knocked off in getting to the flames is being replaced and the damaged ceiling repaired.

D. C. Crowell, of the V. K. Sturges company, returned Thursday with his bride from a wedding trip to California. Felix Martinez, who is in Las Vegas, will return Monday.

Leo Taylor of Jacksonville, Texas, is the guest of L. E. Gillett. Taylor is employed on the T. & N. railroad.

Like Dorothy Dix? Well, she is going to write for you in The Herald.

## RECORD TIME IN REBUILDING A BRIDGE

G. H. Workmen Rebuild the Structure, 392 Feet Long, in 28 Hours.

A 392 foot bridge in 28 hours, of a 14-foot section, 15 feet high, every hour, is the building record made by the G. H. railroad's crew of workers in constructing a temporary bridge in the place of the bridge burned near Bean station Tuesday afternoon. At 8:30 o'clock Tuesday night the workmen began laying cross ties for a crib bridge and just 28 hours later, at 12:30 o'clock Wednesday night, the first train crossed the bridge.

The extraordinary feat is attributed to the fact that, owing to peculiar conditions, the road had plenty of labor on the division that was rushed to the scene of the bridge, and also to the ability of O. C. Taylor, supervisor of bridges, and C. R. Morrill, assistant superintendent of the El Paso division, who were on the scene soon after the bridge was destroyed and had charge of the work. Train No. 9, due in El Paso at 7:30 o'clock Thursday morning crossed the bridge in safety, and will reach the city Thursday afternoon at 7:40 o'clock.

Another thing that entered into the situation resulting in the mushroom bridge being built in record time was the application by the road of a very human principle, that an appeal to the stomach is stronger than an appeal to reason or to the heart.

"We feed 'em," said an official of the road, "and feed 'em good." When the Mexican workmen were sent to the scene of construction they were given the best food the road had in its commissary and the greatest variety. The result was that the laborers worked the hardest, night and day, until the bridge was completed.

**G. H. AND SANTA FE TRAINS ARE LATE**

G. H. Bridge Burning and Santa Fe Washout the Cause.

G. H. train No. 9, from the east, due in El Paso at 7:30 p. m. Wednesday, arrived Thursday morning at 1:50 a. m. and left for the west at 2:35. Thursday morning's No. 9 was due to arrive in El Paso Thursday afternoon at 2:45. The delays are caused by the destruction by fire of a bridge near Bean Station, Texas, Tuesday afternoon.

The regular Santa Fe train from the north, due to arrive in El Paso Wednesday morning at 9:40 o'clock, arrived at 6:23 p. m., the delay being caused by a washout on the other side of Albuquerque. The train which arrived on schedule time Wednesday morning was a stub from Albuquerque.

**NEW ENGINES IN SERVICE ON MEXICAN NATIONAL LINE**

The new engines ordered by the Mexican National railways have arrived and are in service. The first one seen on this end of the line brought in the train from the south Thursday morning. The engines are said to be the largest ever used in Mexico and were made by the Baldwin locomotive works.

**S. P. PAY CAR OUT.** The S. P. pay car and supply train will leave El Paso for the west, on the morning of July 19.

**ABOUT RAILROAD PEOPLE.** A. J. Hardeman, R. W. Wilson and G. J. Durson, G. H. switchmen, have gone to Del Rio to do temporary duty as brakemen.

Immigration inspector W. M. Johnson has returned to duty after a 30 day layoff and is again on the morning watch at the union station, inspector

### PHILLIPS HAVING BEEN TRANSFERRED TO THE EVENING WATCH.

Fred Erickson returned from a vacation trip to the northwest Thursday morning and is again on duty in the ticket office at the union station.

Stella, district superintendent of the Harvey system, was in the city Wednesday and left Thursday morning for Albuquerque.

W. R. Brown, general agent of the Santa Fe, returned Wednesday evening from Santa Rita, N. M.

J. P. Hayes, agent at Kansas City for the Nickel Plate road, was in El Paso Thursday.

### FIRE BURNS IN A TAILOR SHOP

John Brunner Has Loss of \$1000—Book Store Also Damaged.

Wedding suits, dress suits, fall suits and vacation suits were destroyed in a fire originating in the John Brunner tailor shop on Pioneer plaza Wednesday evening at 8 o'clock. The fire was confined to the finished suit room, where all of the suits that have been completed are left until called for. The alarm was telephoned by the janitor-watchman and the Central department responded immediately. In the meantime C. J. Boyer and G. Goldthwaite, who were in the building at the time, ran to the second floor and with the fire hose belonging to the building and always attached to the standpipes, they held the fire until the department arrived. A chemical hose from the automobile fire engine was used by the firemen, together with a pipe line from the hydrant, and the fire was not allowed to spread from the portion of the room in which it originated. The firemen did a fine job, skillfully and speedily, and they used a minimum of water so that there was little damage from that source.

The loss in the tailor shop includes about 40 tailored suits which had been finished and were ready to be delivered. Two of these were for Z. T. White, who is arranging to leave soon for a visit to Virginia. These suits were to have been delivered Thursday morning. Instead they are hanging in the fire charred room with the fronts burned out. John Brunner, proprietor of the shop, was unable to estimate the loss on his suits Thursday, although he stated that it would be considerably more than \$1000.

The International Book and Stationery store, which is located on the first floor of the building, was slightly damaged by water which ran through from the second floor.

The fire is thought to have originated in a lounge, where a cigar or cigarette stub may carelessly have been thrown.

The building is very solidly constructed and the floors, three boards thick, offered complete resistance to the flames, both above and below. The building is very little damaged.

**FORMER RAILROAD MAN IS ARRESTED BY OFFICERS**

The Herrin, a former Southwestern railroad watchman, was arrested at the Stanton street bridge Wednesday evening about 7 o'clock. At the police station charges of being drunk, assault and carrying a pistol were docketed against him.

**TEXAS SHERIFFS MEET IN EL PASO IN AUGUST**

John P. Kirk, secretary of the State Sheriff's association, has telegraphed Mayor W. F. Robinson from Austin, Tex., stating that the sheriff's association will convene in El Paso on August 9 and requesting advice as to the railroad rates which will be given.

**CHIHUAHUA OFFICER GETS JUAREZ APPOINTMENT**

Regino Rodriguez, late captain of police at the city of Chihuahua, is an added member of the Juarez police force. He will be installed as one of three "cabo" officers by commandante Fonce de Leon.

**VISITS HIS BROTHER.** Dr. B. E. Lane, of Las Cruces, brother of United States deputy collector H. E. Lane, was in the city Thursday, en route to the Rio Grande country where he will hunt during his vacation.

## 2000 PARASOLS

On Sale Tomorrow At Less Than 1-2 Price

Calisher's J. Calisher Dry Goods Co. (Incorporated)

### TAKES PICTURES OF SAN ANTONIO STREET

O. H. Baum is having a number of views made along West San Antonio street and on the streets which open into the new street. This section is expected to be changed by the erection of new buildings along the entire length of the recently opened street and Mr. Baum is desirous of having a collection of pictures which will show the contrast between the old and new buildings on the street.

### DECORATED BORDER FOR NEW BUILDING

The concrete decorated border for the third floor of the Roberts-Bonner building has been completed and the forms are being removed from the building. As soon as the fourth floor border is poured into the plaster of paris moulds, the decorative cornice and parapet will be built on the roof of the new building. The tile floors in the first floor rooms are being laid and the interior woodwork and plastering is now being done.

### DIRECTORS MEET AT FAIR GROUNDS

The directors of the Fair association will have a special meeting Thursday afternoon at four o'clock at the fair grounds. The entire grounds will be gone over with architect and park commissioner Harris, in order to arrange for the additional buildings and the beautification of the grounds for the second annual fair.

### EAST MISSOURI PAVING STARTS

East Missouri street, between Oregon and Mesa, is being paved by the paving company's steam roller plow preparatory to paving the block as the first unit in the paving contract which will include the street from end to end. The curbing has already been made and the rock and hot stuff will be laid as soon as the street is graded.

### DAIRY BUILDS TWO FIREPROOF HOUSES

An adobe power house and concrete water tank is being built at the plant of the El Paso Dairy company, down the valley. The power plant and the water tanks were destroyed by fire and will be replaced with fire proof buildings.

### BANK FIXTURES FOR REAL ESTATE OFFICE

O. H. Baum has bought the fixtures of the National Bank of Commerce, which will be consolidated with the First National bank, Saturday. Mr. Baum will use the fixtures for his real estate office in the Morgan building on Mesa avenue. The rooms now occupied by the Bank of Commerce has not yet been rented.

### JUAREZ SEWER WORK PROGRESSES

Construction of the Juarez sewers has reached the manhole stage. Traps are being installed and the laying of pipes is completed on Calle Comercio, and Juarez and Lerdo avenues.

### SIDEWALKS LAID ON NORTH OREGON

Cement sidewalks are being laid on North Oregon street in front of the
