COTTON. New Orleans Quiet. New Orleans, La., Aug. 9.—Weather conditions continue to register barometrically the pulse of the cotton market, American trading still showing signs in a very feverish and uncertain manner. Trading today was rather quiet, both bids and bears exhibiting a disposition to wait further developments from various sections of the belt and the New York market. The course of the latter was pursued pretty closely by New Orleans. Temperatures over the belt are somewhat lower and the bears were inclined to make much out of the cloudy weather conditions. The old saying that cotton which blooms up to August 15 will make a boll, unless hit by insects or adverse weather conditions, is being used to advantage by the bears, some of whom claim that the crop is not susceptible to almost full restoration.

Wool. St. Louis, Mo., Aug. 9.—Wool steady. Territory and western mediums, 18 @ 23 1/2; fine mediums, 19 @ 24; fine, 14 @ 17. Boston Wool. Boston, Mass., Aug. 9.—The wool market occupies a firm position with moderate business reported. Prices hold steady, but old wools are offered at lower prices than have been paid for the new clip in the west. The mills, which still have much machinery idle, are not heavy purchasers. Industrial conditions indicate a slow recovery in manufactured goods and in raw material.

SOUTHWESTERN INCOME BELOW LAST YEAR. The operating income of the El Paso & Southwestern for the fiscal year ending June 30, 1910, was \$2,769,943, which falls short of the operating income for the previous year by \$74,958. The operating income of the road for the month of June was \$277,272, which was an increase over the same month of 1909 of \$30,515. The road's taxes for the year 1910 were \$255,600.

REPUBLICANS PUT OUT THEIR STATE TICKET

Dallas, Texas, Aug. 9.—The Republican state convention this afternoon nominated J. O. Terrell, of San Antonio, for governor; Harry Masterson of Houston, for lieutenant governor; J. W. Cooke of Waco, for attorney general; Max E. Bradley of Tyler, for associate justice of the supreme court.

MEXICAN ACTRESS TRIES TO END HER LIFE WITH PHOSPHORUS POISON

Phosphorus poisoning—almost the worst suicidal route—was chosen by Maria Coronada, a Mexican actress of 29 years, who Monday afternoon attempted self destruction by a home made poison. Her recovery is uncertain. Breaking the heads from nearly a whole box of American matches, the young woman dissolved the sulphur in alcohol, forming a deadly phosphorus poison. This fiery liquid she drank about 4 o'clock, in her room over the Gem saloon on El Paso street. Immediately, convulsions ensued. Fellow lodgers called Dr. Burleson Staten, who rendered first aid. Later Dr. W. R. Urmonston was called in consultation, and that physician employed the stomach pump. Phosphorus poisoning is one of the most uncertain and slow venoms commonly known. After the first attack, the patient appears to recover, later a subtle condition often overtakes the body causing death after about five days. It is uncertain if even the prompt action of the physicians will save the life of the young woman. Urmonston stated that it is absolutely unknown. The girl refused to take the medicine offered her by Dr. Staten, and it was necessary to employ a profound anesthetic for Dr. Urmonston to wash the stomach. Maria Coronada came to El Paso about a year ago. She has been employed in local theaters as a singer and dancer, but has been out of work for a few weeks. It is not known whether she has a home or relatives in Mexico.

COUNTY HAS MONEY THAT CANNOT BE SPENT

Money Never Claimed For Years by Persons Who Earned It. No less than \$15,000 that belongs to people who have rendered service to the county of El Paso is unclaimed in the treasury. Scrip has been issued against this sum, but it has been lost, destroyed, forgotten, or for some other reason has never been presented to the county for payment. What is more, this \$15,000 will continue to remain among the funds of the county, for there is no legal way by which use can be made of it. It has been accumulating from year to year, and judging from past experience, will so continue to accumulate. The matter was discussed at the Monday afternoon session of the county commissioners. At the afternoon session the commissioners also fixed the tax rate at 72 cents on the \$100, a reduction of two and one-third cents from the old rate, which was 74 2/3. Weekly warrants were ordered drawn to pay for the painting which is being done at the court house.

JUDGE IMPOSES MAXIMUM FINE

Ex-Soldier Is Fined Two Hundred Dollars on Grave Charge. Found guilty of enticing a boy to his room, though arrested on the technical charge of vagrancy, John Casey was fined \$200 in police court Tuesday morning by Judge Lea. Casey is without funds, which means that it will be next spring before he regains his liberty under sentence is suspended. Casey was tested by the met Casey Monday, and that the latter behaved very friendly with him, taking him to the picture show and otherwise spending money on him. Early last night the boy started home, he says, when Casey asked him to first go to his room. The boy testified that Casey looked the door when they went inside. He said he finally escaped by promising to return later to the room. After reaching the street, the boy fled, and the arrest followed. Casey stated that he came here from San Francisco; that he had served in the army a number of years, being last discharged in 1905; that he had been a prize fighter, was 42 years of age, and had of late been in the employ of the Southern Pacific. Casey's body is covered with tattoo marks.

WRECKED BRIDGE WILL BE REOPENED AT ONCE.

Street car traffic between the two cities will be restored to its former regularity today or Wednesday. Permits to open the Santa Fe street bridge, closed by late rains in the city, will be granted by the federal court of Juarez, according to secretary Silva of that tribunal. There seems to have been some mistake as to which office had such permits. It was said that the secretary of the interior only held that power. But judge Miranda, of the Juarez federal court, will grant such permission at a meeting with railway officials this afternoon, instructing engineers are satisfied as to the temporary safety of the structure.

ANNIVERSARY OF TEXANS' WEDDING

Houston Couple Celebrate With a Big Dinner at Clouderoff. Clouderoff, N. M., Aug. 9.—Mr. and Mrs. Howard Beacham gave a dinner of 18 covers last night in honor of the first wedding anniversary of Mr. and Mrs. W. O. Ansley, of Houston. The table was beautiful in its bridal array of white and green. The centerpiece was a huge bouquet of wild mignonette and ferns. At either end, in front of the cotton plants, a Texas star, made of 71 years of age, a Texas star, made of the mountain ferns. The dinner was served in family style. Mr. Ansley carved the two turkeys, while Mrs. Ansley at the other end of the table served the other good things. A flash-light picture was taken at the end of the feast. Mr. and Mrs. Ansley have three boys, two of whom are enjoying Clouderoff with them. Mr. Ansley is a cotton planter and has large holdings near Houston and has large holdings near Houston.

YSLETA RANGER IS HOME FROM BENTON

Says There May Be More Trouble There—Many Orders for Fray. Ysleta, Tex., Aug. 9.—Ranger D. M. Cox spent Monday here. He is just back from San Benito, where I. B. Karnes was killed. SPAIN FEARS WAR WITH THE CATHOLICS. San Sebastian, Spain, Aug. 9.—The Catholic juntas of the Basque provinces have decided to wage a broad campaign, "in defence of Catholicism," and to use all efforts to spread the propaganda throughout Spain. At the first step they named a general committee to organize a nationwide manifestation against the government. The Carlist leaders are also active. The suspicion that the Catholics and Carlists are working hand in hand has increased the uneasiness of the authorities.
