Sportlet S By Tim

Purtell's triple in the 12th inning of Wednesday's Chicago-Boston game gave Chicago a 2 to 1 victory over the visitors. Hitting was heavy all around.

Poor old Joe Gans has met the last knockout. The champion lightweight has met the defeat that comes to all. Although St. Joe was out in the first of a double header at home Wednesday, Omaha was defeated 7-2. The second game was a three run shut out in favor of the home team.

Two doubles, a triple, a single and two bases on balls all in bunch, won for Philadelphia at Detroit Wednesday. It all happened in the first inning.

A serious mishap to Walter Brookings, in which the daring Wright aviator was painfully hurt, marred the first day of the aviation meet at Asbury Park, N. J. Brookings was washed to the earth when the machine suddenly turned turtle after he had been forced to swerve the airplane suddenly to avoid crashing into a crowd of spectators. Seven other persons on whom the machine tumbled, were injured. The mishap was due to the thronging of spectators out upon the field.

Lewis, leading all the way in the fourth race, Wednesday smashed the track record for a mile and 70 yards by 1 1/5 seconds, making the distance in 1:43 4-5.

Tommy Burns, the former champion, of Chicago, at Winnipeg, Manitoba, in September. Caponi and Jack Ryan of Chicago will meet there August 22.

Rowing crews from many cities of the United States and Canada are arriving in Washington to compete in the national regatta on the Potomac river Friday and Saturday. Many visitors are expected for the water races and the demand for seats on excursion steamers and yacht club verandas has been steady for more than a week. The course will be patrolled by revenue cutters.

At Johnsthal, Germany, the aviator Heim was seriously hurt at the aviation meet there yesterday. While he was flying in a Wright machine at a height of about 300 feet, one of the propellers broke. The other continued to run, causing the craft to turn over several times. It fell with a crash and was completely demolished. Heim was carried off the field unconscious.

R. T. Watson's Naushon, carrying top weight, 122 pounds, easily won the \$8440 net United States Hotel stakes, 4 furlongs, at Saratoga, Wednesday, defeating a high class field of youngsters. The colt was neglected in the betting because the stable was not sure of how he would run in the mud. Iron Mask was played for a good thing, being backed down from 3 to 1 to 8 to 5 at the close.

Pitcher Taft, an Austin boy with the Brownsville club of the Southwest Texas league, will probably go to one of the big leagues next year. He has pitched two no hit games this season and has been instrumental in keeping Brownsville close to the pennant in the second series.

Third Baseman Walsh of the Victoria team of the South Texas league, has been sold to Wichita, Kas. He will report at the end of the season.

Fred Cook, who played under the name of Fred Winchell with the San Antonio team for three or four years, started the season with Grand Rapids. He is not playing now and it is supposed he has been given the pink slip.

Harmon, now playing with the St. Louis Nationals, played with Shreveport of the Texas league until the beginning of the 1909 season, when he was sold to St. Louis.

Jack Danley, who has joined the Houston team, is an old ex-big leaguer. He played with St. Louis and went from there to Louisville. That team let Memphis have him. He did not make good and was released. Houston picked him up.

McDonald, the third baseman for Shreveport, is showing class. The next average will show him among the leaders in Texas as guardians of that cushion. He has been getting better since the first of the season and has had no slumps.

Drucke, catcher for Oklahoma City, is picking up in his batting. If he does not get a chance in the big leagues he will be a much disappointed youth.

After pitching gilt edge ball for five or six games, Johnson, of the Dallas team, has had another slump. He is being pounded all over the sand lots lately.

Bradford, one of the new pitching recruits of the Galveston team, seems likely to be sent back to the brush. He has shown no form.

PRIZE FIGHT IS CALLED OFF ENTIRELY. Philadelphia, Pa., Aug. 11.-The Langford-Kaufmann fight, scheduled for this city tonight, has been called off entirely. Langford having refused to go on unless guaranteed \$7500. The bout was scheduled for last night originally, but the rain caused a postponement. Langford has been after Jack Johnson for a fight and Jack, the negro champion, has been backing Kaufmann to win.

TEXAS LEAGUE NOTES By Horace H. Shelton.

The Galveston team now has nearly an entirely new line up from what was playing a month ago. The team looked good for a pennant, winner a month ago, but the boys from the north could not stand the hot weather.

Salm, first baseman for Houston, who came to that team via St. Louis through Louisville, looks as if he would get another chance at big league company. He has been playing an exceptionally fine game since his knees got better.

The same thing that happened to Shreveport last year will happen again this year. The team will be gutted of all its good players by big league drafts. Dale Gear has a faculty for picking fast youngsters. From the caliber of his individual players he ought to have a pennant winner every year. He does not seem to be able to mould the men into a compact fighting body.

Packer Company FIGHTS TO SAVE CONDEMNED EGGS. New York, N. Y., Aug. 11.-The United States Packer company today petitioned for a thousand cans of frozen eggs, condemned by the federal authorities and seized recently at the plant of the King County Refining company.

The petition asserts that eight hundred of these cans of the product, was made up at Dallas, Texas, and only one can was examined by the department of agriculture at Washington.

Paris Woman To Become An Aero-Planner. Paris, France, Aug. 11.-Mlle. Yvonne de Bray is one of the latest of Parisiennes to take up aeroplaning. She developed the craze at the recent meeting at Bethany Plains. Contrary to the prediction when the baroness de la Roche was injured by a fall from her aeroplane several weeks ago, the accident did not frighten away the weaker sex. Mlle de Bray says she will break all records held by women.

SOLDIERS IN MIMIC WAR IN MOUNTAINS

Volunteers and Regulars Strive for Supremacy Near San Antonio.

Leon Springs, Tex., Aug. 11.-The booming of cannon, the rattle of the rifles, the mighty tramping of charging cavalry and artillery, the hurried movements of the infantry, the dashing here and there of the hospital ambulances and the flashing signals of the telegraph corps have today turned the peaceful valleys and hills around the Leon Springs maneuver grounds into a scene of mimic carnage.

This morning the great sham battle, the climax of the 10 days' maneuvers, was in progress. Every characteristic of a real battle was present except the actual dead and dying.

No such a make believe battle ever occurred on Texas soil. Five thousand regulars and militia on each side are striving hard for water over the other.

Two Armies. The fighting camps are divided into the "Browns" and the "Blues." To those unacquainted with the science of war the morning conflict seemed an even break. This afternoon will be consumed with additional tests to prove supremacy.

Last night company after company and regiment after regiment slipped quietly out of camp and took positions in various places of the woods designated by their commanders. Every army of the service, regulars and volunteers, was sent into the field. When daylight came these men were resting on their arms waiting quietly, almost motionlessly for the bugle call which would cause them to swing into battle line.

Hardly had the sun peeped above the east when the clear calls of the bugle began to sound. Men with field glasses suddenly saw the woods seeming alive with men. Companies began to move in every direction, making haste to points of vantage which it would be difficult for the opposition to capture. And thus it went on all day and the young men are given some idea of war.

COUNTERFEIT MONEY IS MADE IN PENITENTIARY. Boston, Mass., Aug. 11.-How three inmates of the state prison at Charlestown were able to construct a counterfeiting outfit and manufacture spurious half dollars has been discovered by secret service officers. Patrick Hanley, serving a 25 year sentence as a habitual criminal, was involved. The method of the counterfeiters was ingenious. They secured from sources unknown some scraps of tin and lead, a jeweler's crucible and some plaster of paris. One of the trio has a knowledge of electricity, and it was he who devised the means of melting the metal.

He cut in on the electric light wires in Hanley's cell, attached two pieces of carbon and placed on them a small sheet of iron covered with fireproof cement. On the white hot carbon the crucible was placed, the metal was melted and the coins were manufactured in a plaster of paris mould. It is supposed that there was an accomplice outside.

DANDERINE. Produces thick, luxuriant hair when all other remedies fail. We guarantee Danderine. All Druggists, 25c, 50c and \$1. or send this Ad with 10c (stamps or silver) for a large free sample. KNOWLTON DANDERINE CO. Chicago, Illinois.
