MEXICO'S HUNDRED YEARS

Address of Dr. L. D. Ricketts, Manager of the Greene-Canaan Copper Company, at Cananea, September 16.

"I can not refrain from saying to you that I feel, as doubtless you do, that I am but a poor substitute for the man who, but for illness, would have spoken to you at this time in representation of the foreign colonies of Cananea, our friend and townsman, the builder of the great mining enterprise of Cananea, Col. William C. Greene.

"This day marks a most important point in the march of progress of a great nation. Today closes a century of national life begun in struggle and ended in achievement, and today begins a new century whose achievement no man dare prophesy. It is fitting that the citizens of that nation should unite in the celebration of the auspicious occasion, and it is equally fitting that we who are foreigners, though because of your hospitality not strangers among you, should join with you in paying homage to the illustrious men who have made and are making your nation great.

"Every true man is a patriot and

every nation has its heroes, for without heroism, either of peace or of war, no new nation can be born nor old nation can live. We, the members of the foreign colonies, of whatever birth, or extraction, or citizenship, love our countries and their institutions, and their heroes, but this does not hinder, but helps us, to an appreciation of your patriotism, of your country, of your nation and her institutions, of your heroes and their deeds of valor, of your statesmen and their victories of peace.

"We join with you then most sincerely on this, your hundredth natal day, in paying homage to the illustrious heroes of your national independence and to the glories of your country and your nation. It would be an impossible task to name to you all of the heroes who have made Mexico great, and it is not necessary that I should name any of them, for their names are written in history and on the tablets of our hearts.

"We honor the memory and the names of them all. We honor the memory of Hidalgo and the men with him, pioneers, patriots, heroes, martyrs, who thought not of themselves, nor their fortunes, nor their honor, nor their lives, but only of their country; who by their sacrifice won for themselves undying honor and perpetual life in the life of their country, the men who first won for you the independence of your nation. We honor the memory of Juarez and the noble company of his compatriots who, offering on the altar of sacrifice everything else which they held dear, preserved the life and honor of their beloved nation and yours, and gave them in trust to succeeding generations.

"We honor the memory of those men of lesser renown but equal patriotism, who by their heroism and devotion to country helped to make and keep your nation free. We honor the memory of those humble soldiers in the ranks who offered their all upon the sacrificial altar of their country, even to giving their lives upon battle fields, to win and hold the flowers of victory and liberty and independence. We honor the memory of those humble citizens in private life who, through their unselfish patriotism, wrought so well in the making of your nation, for peace hath her victories no less than war. And we honor the name of your first citizen and chief magistrate, Gen. Porfirio Diaz, and with his

the names of your other leaders and executives in nation state, and municipality, who have won and are keeping for Mexico the honored place which is hers by right in the congress of the great nations of the world.

"We are your honored guests today, but it is no mere spirit of politeness which prompts us to say that your joy in this worthy celebration is ours. We join with you then in reverent homage to the heroes of the past, the illustrious dead, in respectful homage to the patriots of the present, the illustrious living, to the great patriot-soldiers and citizens of all of the years of your national life; and to your president, the greatest among the world's living rulers, Don Porfirio Diaz. We congratulate you on the heritage which is yours in the lives of your soldiers and citizens, which no power can take away from you, and whose luster shall not dim but brighten through the years; and we felicitate you upon the golden prospect, the glorious certainty of better things to come, of greater achievements for the future; above all, of the men to rise in your midst at the call of need who among their peers in the councils of the nations of the world shall hold for Mexico the high honored place which has been won for her by the heroes of her independence."

IMPORTANT CASES IN SOCORRO COURT

Several Charged With Killing Will Be Placed on Trial.

Socorro, N. M., Sept. 20.—The September term of court of seventh judicial district is in session, Judge Merritt C. Mechem, associate justice of the supreme court and judge of this district, presiding. There are several important cases which will be investigated by the grand jury and some of them will be called for trial.

Among the criminal cases, to come up are the Beall and Putman case arising out of the killing of Chas. Clark, of Mogollon. Beall is a member of the mounted police force of the territory, and Putman was newly appointed constable at Mogollon. There are a number of witnesses on hand and owing to the great interest throughout New Mexico in the case, developments will be watched with unusual interest.

The next case in importance and interest is the Johnson case. Sam Johnson is the man who is said to have gone with Conway to San Marcial after the killing of Emil Katzertstein. Johnson was arrested at San Marcial while Conway has not been located.

The case of Phil Estes and William Day, in connection with the last stage hold-up and murder of Jose Dominguez, near Mogollon, will also come up upon this grand jury. These men recently had a preliminary hearing before United States commissioner Sweet, of Socorro, on the charge of conspiring with the driver of the United States mail coach. None of the evidence adduced at the hearing showed any conspiracy, but officer John Collier related some conversations had between him and the defendants at different times before their arrest, showing some slight conflict. The original bond was fixed at \$15,000 and commissioner Sweet reduced it to \$5000 in each case.

In addition to these cases, there will be several minor cases to be taken up and a busy term anticipated. The grand jury has been empaneled and all the wheels of the judicial machinery set in motion.

H. O. Burman, chairman of the Central Territorial Republican committee, has gone to his ranch for a short vacation.

The campus is a scene of lively activity, baseball, football and other games receiving due attention at the hands of the students while the freshmen are competing hard for places on the college teams.

There are many visitors in town, the majority of whom are here in attendance upon court. The hot air places of recreation and amusement are feeling the pressure of business and it is apparent more accommodations are necessary.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow check, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

Roswell, N. M., Sept. 20.—The Roswell Socialists have gone on record as being opposed to "the so-called commission plan of government" proposed for the city of Roswell declaring that they believe that the motive for such change is not so much for better government as it is a means whereby the saloon interests may again dominate the city affairs.

INFLAMMATION MADE HER ALMOST CRAZY

With Pain, Itching Settled from Knee to Toes. Physicians Cost a Fortune. No Relief. Went to Hospital 3 Years. Unable to Help.

Finally Used Cuticura and Was Completely Cured.

"I began to have an itching over my whole body about seven years ago and this settled in my limb, from the knee to the toes. I went to see a great many physicians, a matter which cost me a fortune, and after I noticed that I did not get any relief that way, I went for three years to the hospital. But they were unable to help me there. I used all the medicines that I could see but became worse and worse. I had an inflammation which made me almost crazy with pain. When I showed my foot to my friends they would get really frightened. I did not know what to do, was so sore and had become so nervous that I positively lost all hope.

"I had seen the advertisement of the Cuticura Remedies and I was never so pleased as when I noticed that, after having used two sets of Cuticura Soap, Cuticura Ointment and Cuticura Pills, the entire inflammation had gone. I was completely cured. I should be only too glad if people with a similar disease would come to me and find out the truth. I would only recommend them to use Cuticura. Mrs. Bertha Sachs, 421 Second Ave., New York, N. Y., Aug. 20, 1909.

"Mrs. Bertha Sachs is my sister-in-law and I know well how she suffered and was cured by the Cuticura Remedies after many other treatments failed. Morris Sachs, 321 E. 80th St., New York, N. Y., Secretary of Deutsch-Österreich. Ent.-Ver. Kempner Hebrew Benevolent Society, etc."
